BBRSD District Report Cards for 2024
Sally-Ann L. Stukuls, Director of Curriculum and Grants, Grades 6-12

Please click on the following links to access the BBRSD 2024 District Report cards, issued by DESE on 1/31/25. These reports include reports for each individual school and the entire district. As stated by DESE on their website:

“Every year, the Massachusetts Department of Elementary and Secondary Education releases a report card for each school and district in the state. Just as a student's report card shows how they are doing in different classes, school and district report cards are designed to show parents and community members how a school or district is doing in different areas. Report cards highlight a school or district's strengths as well as any challenges that need to be addressed in order to make sure the needs of all students are being met.” (https://reportcards.doe.mass.edu/)

District 2024 Report Card

BMS 2024 Report Card

BES 2024 Report Card

Tahanto 2024 Report Card

The report cards show data for how the district and each school performed in the areas of:

Who are our students and teachers?
What academic opportunities are available to our students?
What do student attendance and discipline look like in our district?
How prepared are our students for life after high school?
How do our students perform on state tests?
How much does our district spend per student?
How is the district doing in the state's accountability system?

Although much of this information has already been shared through Accountability and MCAS presentations, we are sharing this data with the school committee so that you can see the reports in their entirety.

As required by DESE, these reports are being sent home to families and are being posted to our website.
