****One extra PD day may be added to either the beginning or end of the school calendar, depending on the outcome of contract negotiations. (either August 25, 2025 or June 17, 2026)

March 20, 2026: Professional Development Day/ Student Showcases (no school for students all day): This day is used for all teachers to prepare for and attend the Celebration of Learning/Student Showcase events that run in the afternoon on this date at all three schools.

***** The calendar for the 25-26 school year will include additional professional development to be delivered at the second faculty meeting of the month. Currently these meetings take place in all months that do not have holiday/vacations (ex. November, December, February, April) which may be subject to change for next year depending on contract negotiations since we are in talks about adding the extra faculty meeting back in on those months. This will result in either 6 hours (if they are not negotiated back in) or 10 extra hours if we negotiate this back in.

3 days (6 hours each) = 18 hours plus potential for one more day if negotiated would = 24 hours
+
6 (or 10 depending on contract negotiations) additional hours at second faculty meetings/department meetings = 18 + 6= 24 minimum if the schedule stays the same, 24 + 10= 34 if additional time is agreed upon in contract negotiations.
