These children understand the moral relations, both of race and color, and the wrongfulness of separating families, and when they are instructed to know that little slave children are constantly sold to the old slavery — fathers and mothers, sons, daughters, babies are brought up to the auction block and sold to the highest bidder, they are indignant.

This Petition is designed only for the President — a sort of private letter from the Children of Concord, Massachusetts.

They have been delighted with the idea of speaking to our good President, & of giving one cent — or more, for the benefit of the poor little slaves —
