August 25, 2025

Dear Mr. Sposato,

On behalf of Berlin Insurance Group, LLC, we are pleased to formally express our intent to donate thirty (30+) computer monitors to the Berlin-Boylston Regional School District.

This contribution is especially meaningful to us, as our founder and owner, Mark Adams, and I are proud members of the Tahanto Regional High School Class of 2001. In addition, many of our employees, interns, friends, and children are current or future students within the district. Supporting the schools that shaped us, and continue to serve our community, is truly an honor.

We are confident that these monitors will serve as a valuable resource for the district, and we are grateful for the opportunity to give back.

Thank you for your continued commitment to providing outstanding educational opportunities for students.

Sincerely,

Debra Montano (formerly Peterson)
