Hi Dan,

Could you look at the email below. I am not sure what this would entail, but I have copied Mrs. Grenier on this email as well. I wouldn't know where to begin with this type of project.

Rob

Hi Mr. P! Hope you're having a great weekend. I am writing to inquire about improving/replacing the brick structure that says Boylston Elementary School on it at the end of the school driveway. How would we go about replacing that or improving it? Justin and I would be interested in potentially personally funding it as a donation to the school depending on cost. Where would we start?

Thank you,
Leslie Grenier
