Mission Statement

Turning Point is a self-contained program on a self-standing campus in the Washoe County School District (WCSD) in Reno, Nevada. It is a part of the continuum of services for students with individualized education programs.

Vision

The Turning Point program helps individual special needs children who have demonstrated significant behavioral regression in the least restrictive environment (LRE) on a middle school or high school campus, even with supplemental aids, services, modifications, and individual behavior plans.

Comprehensive Needs Assessment

Student Success

Areas of Strength

Turning Point's students with emotional disturbance and other social maladjustment are challenged each day to function productively in school and in their families and community settings. Turning Point focuses on teaching Life Skills and Social and Emotional Skills through School Connect, ACT- Acceptance and Commitment Therapy, Curriculum, PAES Lab, and Life Skills classes, SMARTS Curriculum, and counseling group circles to work to prepare the students for transition into a less restrictive environment. This is a challenge that the students meet with varying degrees of success. As students learn readiness for this step, their actions and success in academics and in behavior are rigorously tracked through daily points. They move through six+ levels of preparedness: Foundations, Integration, Personal Growth, Monitor, Link to Transition 1/ Link to Transition 2, and Transition.

Areas for Growth

23-24 Reduction in student behavior

23-24 Graduated four students with standard diplomas

Turning Point serves grades 6-12 for students who have Individualized Education Programs (IEPs) for eligibility that affect behavior and their emotional and social adjustment. At this point in the 24-25 school year, Turning Point has nineteen students and twenty-three staff members, enabling students to have an environment of a 1:1 staff to student ratio in classes, passing, and arrival/departure times. Students are placed at Turning Point by IEP team (consisting of educators, parents, and service providers) decisions that meet the Individuals with Disabilities Education Act (IDEA) mandate to serve student education that is individualized and appropriate to the child's needs. Turning Point is the appropriate Least Restrictive Environment (LRE) placement for our students.

24-25 Attendance

While a portion of our students have excellent attendance, there are several who are chronically absent. Turning Point works with district truancy support to do home visits, complete frequent check-ins, and at times, provide transport to school. 100% of Turning Point students have related services of transportation in their IEPs, so we work with students and families to avail themselves of the daily bus services that transport students from their home door to the door of the school each day- and home again in the same process. Often, the chronic absence data is affected by students who are struggling to stay in class, even though they are on campus. Their attendance is marked OCOC (On Campus Out of Class). Teachers, paraeducators, and administrators work continuously with these students to return to class and continue their learning.

25-26

Reduction in major behavior events; reduction in out-of-school and in-school suspensions, successful transition of prepared students to a comprehensive campus to continue their educations in a less restrictive educational environment;

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	N/A	N/A Turning Point currently has no English Learners enrolled

Student Group	Challenge	Solution
Foster/Homeless	Attendance	Outreach via Children in Transition (CIT) district supports, free transport on RTC, Transportation as a related service in students' IEPs, Personal phone call the same morning of a student's absence.
Free and Reduced Lunch	Poverty	100% of Turning Point's students receive breakfast and lunch at no charge. 100% of turning Point students have transportation accommodation in their IEPs and receive WCSD bus transportation. Turning Point staff connects students with community services such as various food banks and Project 150. Students receive additional transportation means at no charge to them through RTC.
Migrant/Title1-C Eligible	N/A	N/A
Racial/Ethnic Minorities	School engagement	SEL/counseling supports in counseling groups are provided to students every school day for 30 minutes. Individual counseling and therapy, provided by an in-staff licensed marriage and family therapist, is available each day on an as needed basis. School counseling is available each day on an as needed basis. All students receive Tier 1 instruction in Social Emotional Learning and group counseling each day for 30 minutes and extended small group and individualized counseling session with a school counselor and a licensed marriage and family therapist.

Student Group	Challenge	Solution
Students with IEPs	Disabilities interfering with engagement	SEL/counseling supports. All students receive Tier 1 instruction in Social Emotional Learning each day for 30 minutes and extended small group and individualized counseling session with a school counselor and a licensed marriage and family therapist. 100% of Turning Point students utilize a daily point sheet system that awards growth points based on the five domains of social emotional learning: Self-management, Social awareness, Awareness of others, Responsible decision making, and Relationship skills. The points they earn go toward material and action rewards. This point data is used to show growth towards a student's readiness to transition back to a comprehensive school.

Problem Statements Identifying Student Success Needs

	Problem Statement	Critical Root Cause
1 ★	Students at Turning Point range in grades 6-12 and UG and have had poor success in comprehensive school settings, resulting in their placement at Turning Point. Through many causes both organic and environmental, they come to Turning Point with many social skill deficits, ill-prepared to function successfully in a less restrictive environment.	Turning Point 6-12 School is challenged to provide skill development to students to prepare them for a less restrictive environment while also providing Tier 1 instruction as an accredited secondary school. Turning Point, as a school exclusively for students with special needs who have individualized education programs, is challenged to help students learn the skills needed to pursue normal life functions once they either graduate or leave school by their 22nd birthday. Either by organic or environmental factors that have delayed their functional social development, the students have to develop personal success skills on many different and individualized levels. Turning Point exists to assist these youth in developing functional social skills while attaining an appropriate academic education.

★ = Priority

Adult Learning Culture

Areas of Strength

Staff care deeply about and work toward helping Turning Point's students succeed with academics and with life skills to prepare them for the future of their choice.

Weekly staff PLs

Regular staff PLCs

Daily Social Emotional Learning instruction for all students

Guidance lessons in collaboration with special education teachers and para-educators

Support staff works with students on daily point sheets, positive behavior interventions, assisting in academic instruction, behavior redirection

Regular MTSS team work in attendance, behavior, and academics.

Shared Leadership teams (which include certified and classified staff) to problem-solve and work to facilitate the areas of: Discipline, Positive Behavior and Intervention Systems, Attendance, Staff Support, and Emergency Operations, including a Medical Emergency Response Team.

Per the 25-26 Staff Climate Survey, compared to the previous year, staff affirm a decrease in student behavior up 27 points to 33% positive; staff rates Fairness and Respect at Turning Point up 20 points to 88%; staff also rate Safety up 14 points to 86%.

Areas for Growth

Turning Point employs 23 staff consisting of a single set of core teachers for math, social studies, science, English, and 6th grade. Turning Point currently has three special educators who case manage IEPs, teach Life Skills, collaborate with core teachers in co-teaching, and teach social and emotional learning classes each day.

Turning Point has a full-time school counselor and a full-time mental health professional. They work with students individually each day and in counseling groups, several times per week. The mental health team coordinates with community providers and guardian teams to provide services to students and to compose Care Plans for each individual student to help staff meet student needs. Turning Point staff can benefit from collaboration about student learning modifications and IEPs to continue to find ways to support students and individual behaviors.

Turning Point administration needs to do more to assist staff in feeling supported in their needs as the 25-26 Climate Staff Survey showed only 71% answering favorably, down 18 points from the previous survey.

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	N/A	N/A Turning Point currently has no English learners enrolled

Student Group	Challenge	Solution
Foster/Homeless	Transportation/ Time for interaction	Flexible meeting times/ possible online meetings. Turning Point staff works closely with Foster families to communicate transportation needs and services, working closely with district transportation to reschedule and change routes/times if needed. These are ongoing conversations as need change for students.Turning Point works with staff of the Children in Transition (CIT) Department to stay abreast of students' needs and challenges.
Free and Reduced Lunch	Students' nutrition needs while at school.	Flexible meeting times/ possible online meetings. Turning Point staff works closely with families regarding needs for children in poverty. 100% of students receive breakfast and lunch at no charge
Migrant/Title1-C Eligible	N/A	N/A Turning Point does not currently have migrant students.
Racial/Ethnic Minorities	Time for personal, face to face interactions with parents.	Turning Point utilizes equitable disciplinary practices, staff professional development in every student's individual needs, and is working toward strengthening family partnerships for all families.
Students with IEPs	Meetings/Time for interaction	100% of Turning Point students have IEPs. We work with parents to find times that work for their schedules to meet. Often, parents meet via video or phone conferencing with the school team, who are in person together.

Problem Statements Identifying Adult Learning Culture Needs

	Problem Statement	Critical Root Cause
1 ★	While teachers and classroom assistants have been successfully working to increase collaborative systemic approaches to lesson planning with other staff there is room for the establishment of a wider and consistent system.	Staff do not have common prep periods and each teacher is a singleton in their content area. The preponderance of professional learning and staff meeting time spent has been spent on behavior management and not academics. Small staff size limits staff's ability to meet the students' needs while completing their job responsibilities. This eats into collaboration time.

★ = Priority

Connectedness

Areas of Strength

School personnel regularly reach out to parents of their advisory students. Teachers send home a positive post card each week to parents. Some students take home copies of their daily point sheets to share with their parents- particularly when the students has had a good day. This builds positive collaboration between school and home.

Areas for Growth

Turning Point has many students who live at home with parents as well as many students who are in foster care or group homes. When a student is absent, the guardian/parent receives a personal phone call that day regarding the absence so the reason may be recorded and so the school may stay aware of barriers to attendance. Turning Point works closely with re-engagement specialists, truancy, and MTSS student supports to help students get to school.

Equity Resource Supports

Student Group	Challenge	Solution
English Learners	N/A	N/A Turning Point currently has no English Language Learners.
Foster/Homeless	Ability to receive communication	Use varied means: phone, ConnectEd, email, home notes, positive post cards sent home to parents each week from staff.
Free and Reduced Lunch	Ability to receive communication	100% of Turning Point students receive breakfast and lunch at no charge. The school uses varied means to contact families with resources and information via: personal phone calls, ConnectEd, email, home notes. Often, we are not able to leave voice messages via phone, so a variety of methods are employed.
Migrant/Title1-C Eligible	N/A	N/A Turning Point currently does not have an migrant students.

Student Group	Challenge	Solution
Racial/Ethnic Minorities	Ability to receive communication	Flexible meeting times/ possible online meetings. Student members of tribes tend to live much farther away than other students if they reside on reservation land, so online meeting attendance helps parent to not have to drive far distances and take time significant time off work to meet with the school
Students with IEPs	Ability to receive communication	100% of Turning Point students have IEPs. The school works to offer flexible meeting times/ possible online meetings. Students live all over Washoe County as we are not a school that receives students by zoning, so online meeting attendance helps parent to not have to drive far distances and take time significant time off work to meet with the school

Problem Statements Identifying Connectedness Needs

	Problem Statement	Critical Root Cause
1 ★	Staff has perceived that parents are uninvolved in their students' education based on the low-level of engagement and infrequent conversations with parents regarding positive interactions.	Families often don't feel confident in their ability to connect meaningfully and can be difficult to reach; they may feel they can't support the academic needs of their students at home. Families have become conditioned to negative reports from school and they are reticent to be involved. Assistants feel a barrier to access parent contact because of IC restrictions.

Inquiry Areas

Inquiry Area 1 Student Success

SMART Goal 1

Specific: 100% of Turning Point students will participate in counseling groups and all school assemblies to increase fluidity in the practice of using social skills.
Measurable: Counseling groups will be held 30 minutes each school day. All student assemblies will be held 1x/month.
Attainable: Counseling groups and assemblies will be scheduled in the daily enrichment classes.
Relevant: Students are placed at Turning Point due to disturbance in emotional and/or behavior regulation. These opportunities to practice the social skills they are learning will help prepare them to be successful in the LRE (least restrictive environment) of their futures.
Time-Bound: The school master calendar provides a 30 minute enrichment each period in which all students are enrolled. This time frame is utilized for the daily counseling groups and assemblies.

Formative Measures: Attendance, Behavioral data, examination of master schedule to meet needs of students.

Improvement Strategy 1

MTSS

Actions for Implementation

Schoolwide and Targeted Assistance Title I Element Summary

Schoolwide and Targeted Assistance Title I Elements

1.1 Comprehensive Needs Assessment

FOR ALL TITLE I ELEMENTS, PLEASE SEE ATTACHED ADENDUM.

2.1 School Performance Plan (SPP) developed with appropriate stakeholders

Weekly, staff meet for professional development and discuss strategies for the school and how to best serve the students via care plans, positive behavior interventions, academics, and school organization. Families are contacted frequently via phone and email regarding student progress. Parent of absent students receive a personal call the same day resulting in a conversation with the parent or the parent will receive a voice message if available. These actions impact the development of the School Performance Plan. Turning Point administrators regularly collaborate with correctional facilities/law enforcement personnel to determine and plan for meeting the needs of individual students.

2.2 Regular monitoring and revision

Weekly staff meetings during which school procedures, strengths, and areas for growth are discussed. Informal community discussions are always welcomed and encouraged whenever there is interaction with our community stakeholders. This is an ongoing deep listening process and is maintained and improved regularly.

2.3 Available to parents and community in an understandable format and language

The School Performance Plan is available on the home page of the school website.

2.4 Opportunities for all children to meet State standards

Turning Point's students all receive tier one instruction in core subjects and daily instruction in social emotional learning with social practice opportunities as they advance in their personal transition plans. These opportunities are available every day in the students' class schedules giving them an opportunity to meet state standards. Title One funding assists providing all school supplies to students so economic difficulties will not infringe on the students' ability to receive an education that meets state standards.

2.5 Increased learning time and well-rounded education

Turning Point's students all receive tier one instruction in core subjects and daily instruction in social emotional learning with social practice opportunities as they advance in their personal transition plans. These opportunities are available every day in the students' class schedules giving them an opportunity to meet state standards. Title One funding assists providing all school supplies to students so economic difficulties will not infringe on the students' ability to receive an education that meets state standards.

2.6 Address needs of all students, particularly at-risk

Every student at Turning Point has an individualized educational program and has a very low ratio of adults to students so needs may be effectively met for our very high-needs students. All students receive tier one instruction in core subjects and daily instruction in social emotional learning. Families are invited to family engagement activities to come and meet with teachers and learn about student work. Turning Point utilizes Registered Behavior Technicians provided by the district MTSS department, Board Certified Behavior Analysts through the district provision, and an extensive Positive Behavior Intervention System. Title 1 funded professional development for administrators to attend conferences such as Innovative Schools Summit and National Association for Family, School, and Community Engagement.

3.1 Annually evaluate the schoolwide plan

The SIP team meets at regularly scheduled intervals to review and edit the plan documents.

4.1 Develop and distribute Parent Involvement and Family Engagement Policy

Our family and community engagement liaison, a Turning Point teacher, plans and coordinates family engagement activities in the fall and spring. Our FACE liaison works with the mental health professional and school counselor to reach out to and schedule home visits. Stipend hours available through Title One expand the team so other teachers are involved in the process as well.

4.2 Offer flexible number of parent involvement meetings

Administrators and counselors are available to meet with parents/guardians on an individual basis at anytime during the day. Two family engagement events are held after school hours each year. As Turning Point is a 100% special education environment and every student has an individual education plan, multiple IEP meetings may be held for each student each year. This gives the parents/guardians extended time with administration, teachers, and mental health professionals to discuss the needs of their child. Turning Point is offering every family a flexible home visit after school hours and at a location and time convenient for the family.

5.1 Determine which students will be served by following local policy

100% of students are served.

Community Outreach Activities

Activity	Date	Lesson Learned
Family Night Harvest Fall Festival	September, 2026	Personal outreach to families is more effective than spammed widely distributed announcements.
