

# School Plan for Excellence

Education Committee Meeting  
January 8, 2007

Presented by:  
Gary Polinsky, Project Manager  
LouAnn Zwierzyzski, Instructional Technology Specialist

# Key features of the *School Plan for Excellence*

- Ensures alignment with district, state, and national requirements
- Requires effective planning that includes the participation of Parent School Community Council members, staff members, and others
- Streamlines analysis, planning and monitoring for school improvement
- Holds schools accountable for their plans

# Approval & Review

## Drives accountability

- Includes target setting using quantitative data
- Requires evidence of effectiveness for each action step in the plans
- Formal approval process

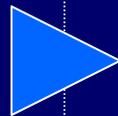

## Increases communication

- Distributes leadership
- Creates a “living” document – plans monitored and evaluated during the school year

# How schools create plans

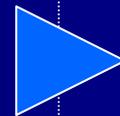

## Goals

Maximum academic achievement of all students

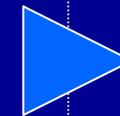

## Objectives

The percentage of PPS students scoring below basic in 5<sup>th</sup> grade reading will be reduced 15 percentage points, from 32% in 2004-2005 to 17% in 2008-2009

## Actions

Implement all adopted components of MacMillan reading program

## Evidence

Unit tests will be used and reviewed on a quarterly basis

# Demonstration
