Recommendation(s): Board approval for the sale of district equipment. Per Board Policy #3450 (Disposition of Damaged and Outdated School Books, Furniture and Equipment), the Board must approve the sale / disposal of all district property.

Background: The district is looking to sell a 2017 Ford F-350 XL 4x4 with Western Wide-Out Plow (VIN # 1FTRF3B61HEB30036) The truck has been in operation at the Service Center since 2017 and has 42,147 miles. The employee who has used the truck as a work truck since 2017 is retiring on January 31, 2026. The truck has been in operation for a slightly longer period of time than most trucks in the district fleet, so this is a natural time to replace it. Per board approval of sale this evening, the truck will be sold at auction with proceeds going towards a replacement truck.
