Recommendation: None at this time. Presenting a recommendation to eliminate two existing policies and to adopt one proposed new policy for board discussion and consideration. These updates will be presented again for approval on March 9, 2026.

Background: The Board of Education and the District adhere to a regular policy review process to ensure: timely and appropriate updates to existing policies; the implementation of new policies as warranted; the elimination of outdated / conflicting policies; and grammatical / language revisions as needed.

#7115 - Denial of Access to School Premises or Activities (Community Relations) - This proposed new policy is from KSB's policy book. The District already issues "ban-and-bar" notices as we are allowed to do by law. This policy would: 1) provide notice to the public that we can and will ban people from our property under appropriate circumstances; and 2) provide a policy basis for us to do so.

#7140 and #7180 - Proposing the elimination of policies #7140 (Request to Contact Students) and #7180 (Visits to the Schools) since the subject matter in both policies is covered elsewhere.
