EARN A WELDING CERTIFICATE!

Interested in earning Metropolitan Community College's Introductory Welding Pathway Career Certificate while in high school?

See Tara Nettiffee, Metropolitan Community College's Concurrent Enrollment Navigator in the Westside High School Counseling Office for more information!

Classes to take at Westside High School

Classes to take at Metropolitan Community College
(Courses are offered evenings and weekends during all four quarter-based sessions)

9th GRADE: • Welding Processes First Semester • Gas Metal Arc Welding (H) Second Semester (MCC WELD 1200)	None
10th GRADE: • Oxy-Ace Welding (H) First Semester (MCC WELD 1300) • Shielded Metal Arc Welding - Flat (H) Second Semester (MCC WELD 1500)	• MCC WELD 1100 (no prerequisite) • MCC WELD 2200 (can be taken anytime after WELD 1200 is complete)
11th GRADE: • Gas Tungsten Arc Welding (H) First Semester (MCC WELD 1400) • Shielded Metal Arc Welding - Vertical (H) Second Semester (MCC WELD 1510)	• Above classes if not taken • MCC WELD 2510 (can be taken after WELD 1510 is complete - consider summer session after junior year or senior year)
12th GRADE: • Gas Tungsten Arc Welding - Stainless (H) First Semester (MCC WELD 1410) • Shielded Metal Arc Welding - Horizontal (H) Second Semester (MCC WELD 2500)	• Above classes if not taken • MCC WELD 1420 (can be taken after WELD 1410 is complete - consider spring term of senior year or summer following graduation)

*Please note this is just one pathway to the certificate. Many options are a possibility!

CREDENTIAL COLLEGE

Program Focus

Connection for graduates not looking to enter a 2- or 4-year program of study.

Community Impact

Education and credentials to facilitate H3 (High-wage, High-demand, High-skill) occupations in demand in the community.

On-Site Support

Navigator on site at main campus monthly, West Campus.
