Presentation/Discussion

Discussion/Action by Board of Education

Presentation/Action Next Meeting

Recommendation(s): The purpose of this presentation is to share an overview of district K-8 student benchmarking assessment performance for the Fall of 2026. During this brief overview, members of the Teaching and Learning team will discuss early take-aways, continued improvement efforts, and preview upcoming assessments.

Background: During the summer of 2026, members of the Teaching and Learning department provided the Board of Education with a comprehensive overview of Westside's balanced K-12 assessment system, including the type, purpose, frequency and grade-band for each assessment. This presentation will serve as a follow up to that overview, offering an update on fall 2026 benchmarking data.
