

# Double Springs Middle School E-Prove Strategies

## Double Springs Middle School

### Vision

**Double Springs Middle School is preparing students for the 21st century and beyond.**

### Mission

Committed to the shared responsibility with home and community for providing a safe caring environment for education.

### Beliefs

We will assist all students with a successful transition from elementary to high school, from child to young adult, and from dependent to independent learner as we focus on the development of the whole child. Provide students with a program that is comprehensive, challenging, and purposeful.

### Impact of Instruction

#### Objectives

- DSMS will work to develop personal responsibility, a positive self-concept, and life long learners.
- Double Springs Middle School will work to improve math instruction in 5th grade.

#### Critical Initiatives

- Technology will be used to implement personalized learning instruction to improve student educational readiness.

#### Key Measures

- ACAP spring assessment.
