SUBJECT: Requirements for Disclosure of Non-Voter Approved Debt

Education Code Section 17150, et al requires school districts to notify the county superintendent of schools and the county auditor 30 days prior to the approval by the governing board to proceed with the issuance of non-voter approved debt for financing school construction. The legislation further requires the superintendent of the school district to provide the repayment schedules for the debt obligation and evidence of the ability of the school district to repay that obligation. Within 15 days of the receipt of this information, the county superintendent of schools and the county auditor may comment publicly to the governing board of the school district regarding the capability of the school district to repay that debt obligation.

Please note that AB2197 (Chapter 128, Statutes of 2008) changes the reporting requirements for issuing non-voter approval debt. Effective January 1, 2009, school districts must notify the county superintendent of schools and the county auditor no less than 30 days prior to approving the issuance of COP's, Bank Anticipation Notes (BANs) and other non-voter approved debt secured by real property.

This office has developed a form for school districts to disclose this information. A copy of the form is attached. Please complete and submit this form at least 30 days prior to approval by your governing board to proceed with the issuance of non-voter approved debt.

Please feel free to contact us if you have any questions at (209) 381-6726.
