Tier 1 Courses

are WEIGHTED!

Some Courses Lead
to **COLLEGE CREDIT**...

- AP (must take and pass exam)
- Dual Credit (ASU)
- Dual Enrollment
(OnRamps & Tarleton Today)

...And Some DON'T.

- PreAP
- Honors

But ALL are
weighted the
same!

Tier 1 Courses That DO NOT Lead to College Credit...

- PreAP Biology
- PreAP Chemistry
- PreAP English 1
- PreAP English 2
- PreAP Geometry
- PreAP World Geography
- Honors Algebra 2
- Honors PreCalculus

BUT THEY DO STILL COUNT AS
TIER 1 WEIGHTED COURSES!

Courses That Lead to College Credit...

Advanced Placement (AP)

✓ College-level courses that are more challenging and faster paced than traditional on-level high school courses

✓ Taught by FHS teachers who have received training and are using curriculum created by the College Board

✓ Must take and pass the AP exam to earn college credit

✓ Type of college credit is determined by individual colleges/universities, with scores of 3 or higher receiving college credit at Texas public colleges/universities, per legislative rule

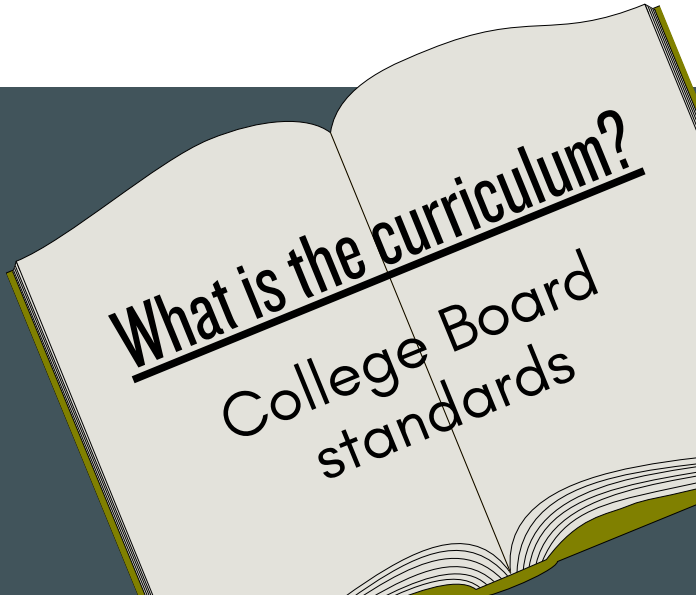

COST:
Free for course
\$50
per exam

*Actual cost of an AP exam is \$100, but FISD pays for half!

Advanced Placement Courses

AP English 3	AP Human Geography*
AP English 4	AP European History*
AP Calculus	AP Environmental Science
AP World History	AP Music Theory
AP Economics	AP Studio Art: Drawing
AP Government	AP Psychology

* Course is offered on a rotation.

Courses That Lead to College Credit...

Advanced Placement (AP)

Advantages...

- Widely recognized by colleges & universities
- Strong test-takers tend to do well
- Very rigorous, face-to-face classes taught by FHS teachers
- Students who take AP courses are more prepared for college regardless of their performance on the AP exams

Considerations...

- College credit is dependent on a single exam score
- Some private/out-of-state institutions will accept the credit
- Credit may be granted for a college elective rather than core courses

DID YOU KNOW?

In 2023:

FHS gave 233 AP exams to 149 students.

FHS students earned 456 hours worth of college credit from AP exams.

FHS had a passing rate of 65%, which was 14% higher than the state of Texas average (51%).

Courses That Lead to College Credit...

Dual Enrollment

THERE ARE TWO TYPES:

Chemistry

US History

Students are enrolled in BOTH a high school course at FHS and an online college course at UT or Tarleton.

Separate grade for each course--the high school grade goes on the high school transcript and the college grade *may* go on the college transcript (if the student accepts the credit).

Option at the end of the course to accept or decline the college credit. If not satisfied with their college grade, students can decline the credit so it does not go on their college transcript.

What is the curriculum?

UT and Tarleton standards

Will this affect...?

GPA

Class Rank

Courses That Lead to College Credit...

Dual Enrollment

Advantages...

- Successful performance generates a UT and/or Tarleton transcript which is accepted almost anywhere
- Students do not have to meet TSI standard prior to enrollment
- Students may decline the college credit if they want, while still getting high school credit
- Students have access to an FHS teacher for help
- FHS teachers are trained and supported by UT/Tarleton staff to provide guidance & engaging lessons for students.

Considerations...

- The self-directed learning format and level of rigor of the college portion may not be a good fit for all students

DID YOU KNOW?

The average cost of a college credit at UT is \$2,968.
FISD covers the cost of the course.
That's FREE college credit for FHS students!

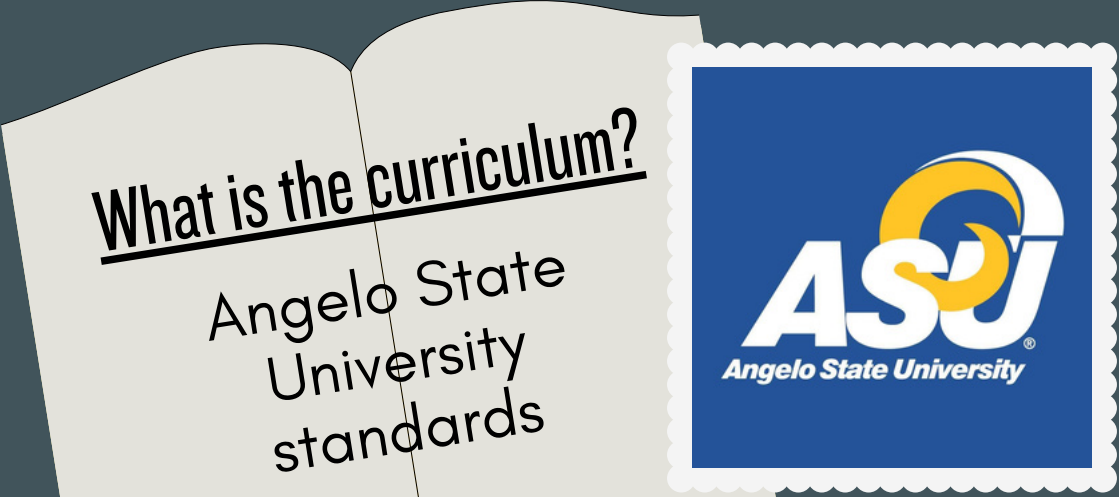

Courses That Lead to College Credit...

Dual Credit

COST:
\$150 Per Course
(Some Scholarships Available)

-  College-credit bearing course with college-level rigor
-  Earn ASU college credit while simultaneously earning high school credit
-  In most cases, taken in the Dual Credit/Learning Lab and taught by remote ASU professors via online Blackboard platform
-  In some cases, taught on campus by FHS teacher who has masters degree and serves as an ASU adjunct professor
-  Students earn a college grade that is recorded on both their FHS high school and ASU college transcript

Courses That Lead to College Credit...

Dual Credit

Advantages...

- Students receive credit on their college transcripts as soon as they pass the course
- Final grades are based on multiple assignments & assessments spread across the semester
- Credit will transfer just about anywhere
- Students who are organized, disciplined, independent learners tend to do very well

DID YOU KNOW?

In 2023:

FHS students took a total of
404 college courses
and earned **1,212 hours of college credit!**

Considerations...

- Not receiving credit (due to drop or failure) impacts SAP (Satisfactory Academic Progress) which could impact financial aid
- FERPA --Parents will not be able to engage with professors about their students
- Only 4 DC per year count towards high school GPA
- Must be classified as Sophomore or higher
- Most courses require TSI Testing
- Must have 3.0+ High School GPA

WOWZA!

At FHS,

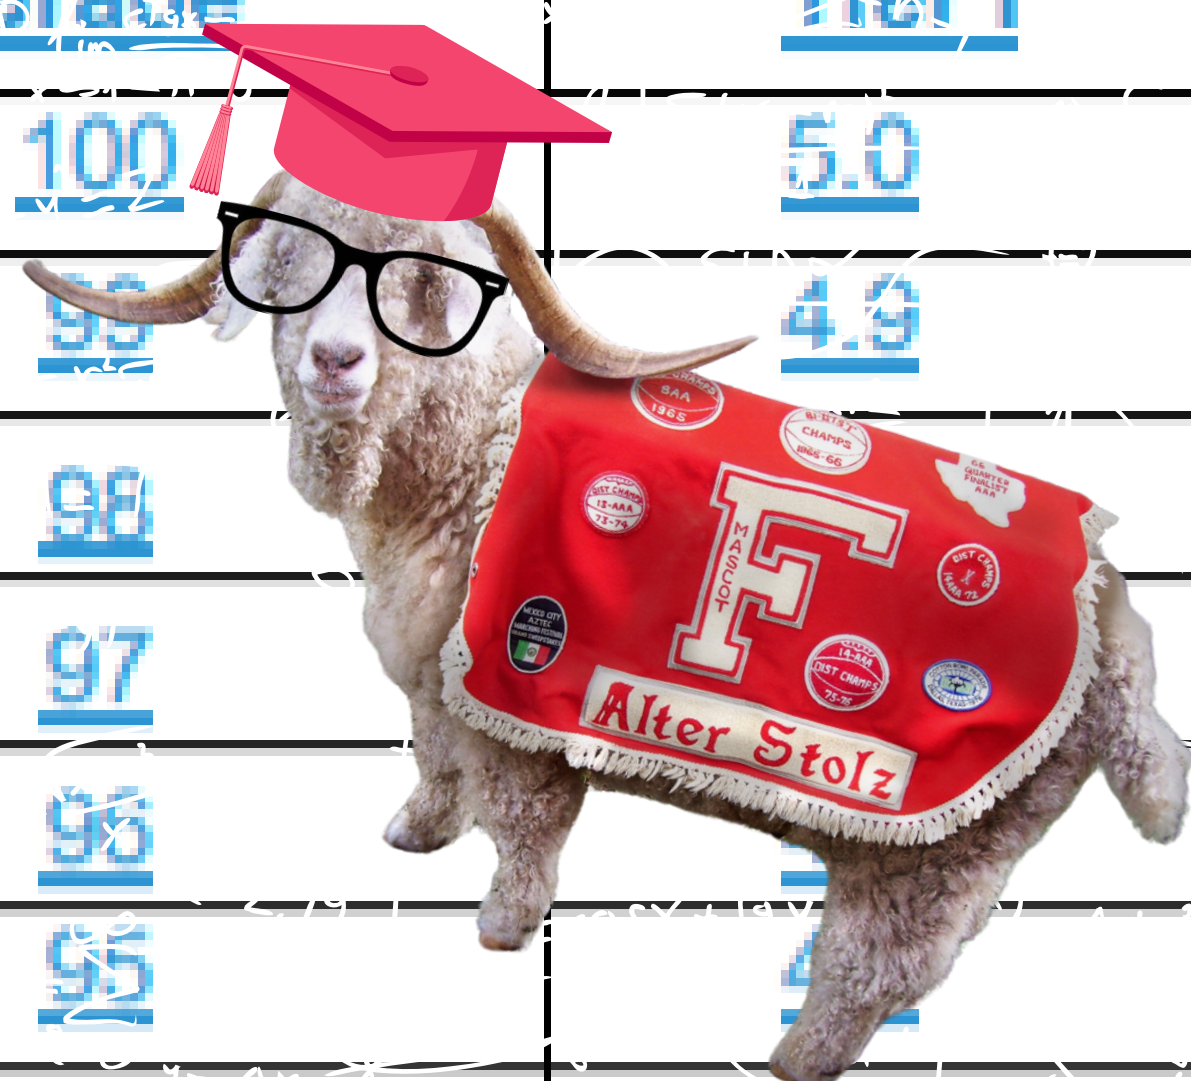

GPA is calculated on a weighted 5.0 scale. This weighted GPA is used to determine class rank.

Tier 1 courses are weighted **MORE than Tier 2 courses.**

A student's semester grades are converted from a 100 point scale to the 5.0 scale.

For example:
Let's say Alter Stolz
makes a **92** in regular
Algebra for the fall
semester.

His **92** would be
converted to **3.2**,
because Algebra is an
on-level Tier 2 course.

<u>Grade</u>	<u>Tier I</u>	<u>Tier II</u>
<u>100</u>	<u>5.0</u>	<u>4.0</u>
<u>99</u>	<u>4.9</u>	<u>3.9</u>
<u>98</u>		<u>3.8</u>
<u>97</u>		<u>3.7</u>
<u>96</u>		<u>3.6</u>

<u>90</u>	<u>4.0</u>	<u>3.0</u>
<u>89</u>	<u>3.9</u>	<u>2.9</u>

4.4
4.3
4.2

The final GPA is calculated by adding each semester average (AFTER it's been converted to the 5.0 scale) and dividing by the number of semesters.

For example:
These are Alter Stolz's grades after the first semester of 11th grade.
Let's calculate his GPA just based on these grades...

This is the **MEAT** of your transcript! All courses you've taken for high school credit will be listed here: your SEM1, SEM2, Final Grade and Final Credit earned for the class, along with some other important information: Q=PreAP; P=AP; H=Honors; D=Dual Credit or Dual Enrollment (ie OnRamps or Tarleton Today); J=Taken in Junior High; R=Summer School or Credit Recovery; 2=CTE; 3=Taken at a Private or Out-of-State School.

5 **STATE and LOCAL CREDIT TOTALS**--State credits count toward graduation. Local credits do not. You need 26 SPECIFIC credits to graduate with an endorsement, or 22 without an endorsement.

6 Your **5.0 WEIGHTED GPA** and **RANKING** information is here. The weighted GPA is factored with all of your Tier 1 courses (PreAP, AP, Dual Credit, Honors & Dual Enrollment {i.e. OnRamps & Tarleton Today}) courses factored with weighted conversion grades. The grade conversion chart can be found in the Student Handbook.

OTHER GRAD REQUIREMENTS:

- 7** If you are receiving/have received credit for Algebra 2 and are earning an Endorsement, FHSP Distinguished Lvl Ach should say "Student is pursuing".
