## **RIVER VIEW MIDDLE SCHOOL CO-CURRICULAR POLICY/DESCRIPTIONS**

### **Co-Curricular Mission Statement**

The Kaukauna Area School District encourages all students to become actively involved in a wide-range of activities available to students. Co-curricular activities provide an opportunity for students to assume a leadership role, gain recognition and identification, as well as provide a supervised social and emotional outlet. These activities serve as an extension of the normal educational curriculum.

### **Co-Curricular Activities Code**

Rules are established for the best interests of the participants and the program. The participant who chooses to comply with the rules demonstrates a desire to dedicate him/herself to self-improvement, and to enhance the best interests of fellow participants, the program, and the school. Choosing not to abide by established rules may result in withdrawal of the student's privilege to participate. Violations accumulate throughout the student's middle school experience. School rules and regulations as outlined in the Student Handbook apply to all students. Students are responsible for understanding all school rules. **All students and parents will sign the co-curricular policy annually prior to participation in any co-curricular activity.**

### **General Rules and Guidelines for Participation**

**Any student/athlete participating in co-curricular activities must have the following items turned in and on file prior to the beginning of the activity:**

- **WIAA physical or alternate card on file.**
  - Students participating in athletics will be required to have a physical every other year. The opposite year requires a WIAA alternate year card filled out by parent/guardian.
- **Medical treatment consent form for minors completed.**
- **Concussion agreement signed by student and parent.**
- **Co-Curricular agreement signed by student and parent.**

**No athlete may start practice, receive any equipment, or begin any activity until the above items are processed**

### **Co-Curricular Activity Descriptions**

Students may choose to participate in various co-curricular activities. With participation comes the responsibility included. It is essential to know that students who are involved in co-curricular activities generally do well academically in school as well. We encourage all students to be involved in an activity in and/or out of school. The following descriptions give an overview of each activity. For more specific information about required forms, physicals, alternate cards, costs and eligibility requirements please go to the Kaukauna Area School District and under the school's tab, select River View Middle School. There you will find our complete Co-Curricular Handbook that all participating students/parents will need to read and sign.

Without administrative approval, no faculty member, intern, nor student teacher is to act as official or unofficial advisor to any student group, club, or activity operating within the school. This applies whether or not there is official recognition or whether or not the group, club, or activity is formal or informal.

Participation in co-curricular activities shall be in accordance with established Board of Education, activity, and school rules. (*See Policy 427*).

Students who violate school and/or activity rules shall be subject to appropriate disciplinary action.

The District Activities Director may grant approval for participation in activities that interfere with classroom instruction, and only when:

- b. The amount of school time does not significantly impede the curricular achievement of the student involved, nor the progress of classes from which students may be taken.
- c. The activity contributes to the development of important skills or interests of the students involved.
- d. The schedules are determined by official conference, state, or national organizations in which the school holds membership where applicable.

For all activities, the District Activities Director will set a budget each year. The District Activities Director has the ability to withhold approval of any expenses. To become an official student activity, an advisor/coach shall be designated and shall complete an application to become a new student organization. The application shall be turned into the district Activities Director for approval or denial.

Organized activities may engage in principal approved fundraising to support programs and member participation. Use of funds, either by an organization, or by individuals thereof, but not used for the approved purpose, must be consistent with the objectives of the activity. Contributions from the community and from parents but not used for the intended and approved purpose shall be returned to the contributor. All funds raised by any school sponsored group for any purpose must be deposited in the school office daily and run through the school accounts.
