Welcome to FHS

This is the home of the Fliers, population around 320, depending on what time of year it is. Flandreau High is located on the west edge of the community of 2500 people. One of the outstanding things about the school is its well equipped athletics department. The Fliers Booster Club recently completed our new stadium and all weather track.

Extra-curricular activities play an important part in the lives of students. Dances, concerts, buildings, style shows, plays, and publications are just a few of the outcomes of their involvement. Besides athletics students are able to participate in plays, drill team, paper staff, band, chorus, forensics, FHA, FFA, Little Orpheum skits, declam, yearbook staff, and small vocal and instrumental ensembles, to name a few.

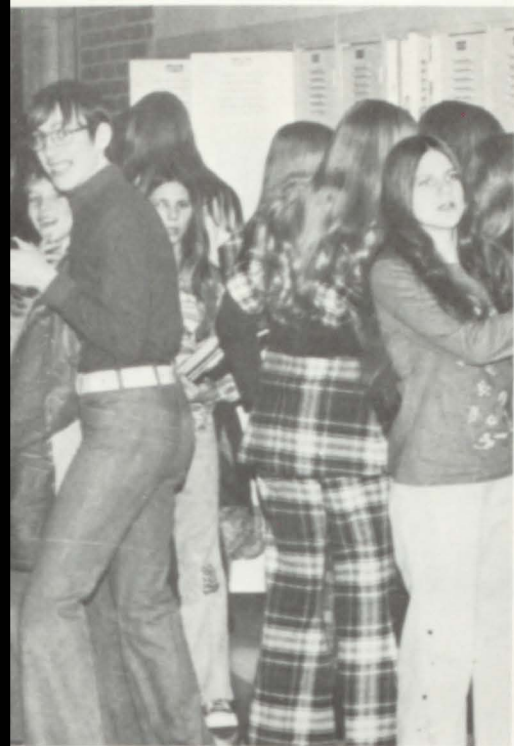

Energy Crisis Affects FHS

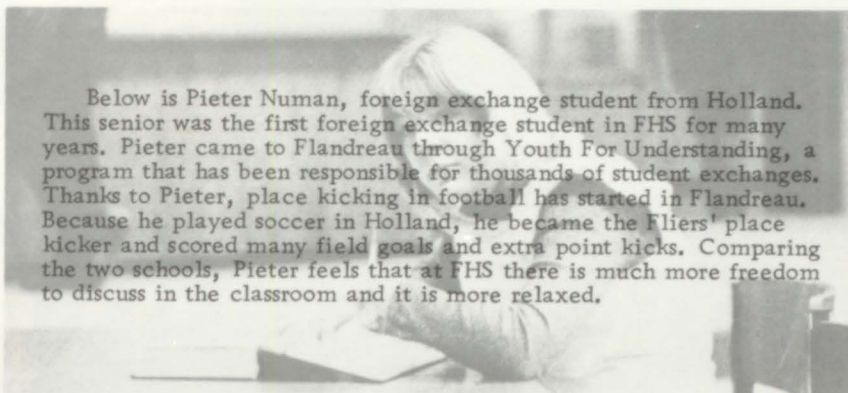

Even though our country was threatened with a fuel shortage, the motorcyclists weren't stopped. Every nice morning before school the pack could be seen roaring down the streets of Flandreau.

The fuel shortage greatly affected many of the FHS students. During the winter, the temperature in the school was turned down to 68°. Many students wore coats to classes to keep warm. After Christmas vacation, school started an hour later so students wouldn't have to come to school in the dark. The government put daylight savings time into effect in an attempt to cut down energy consumption.

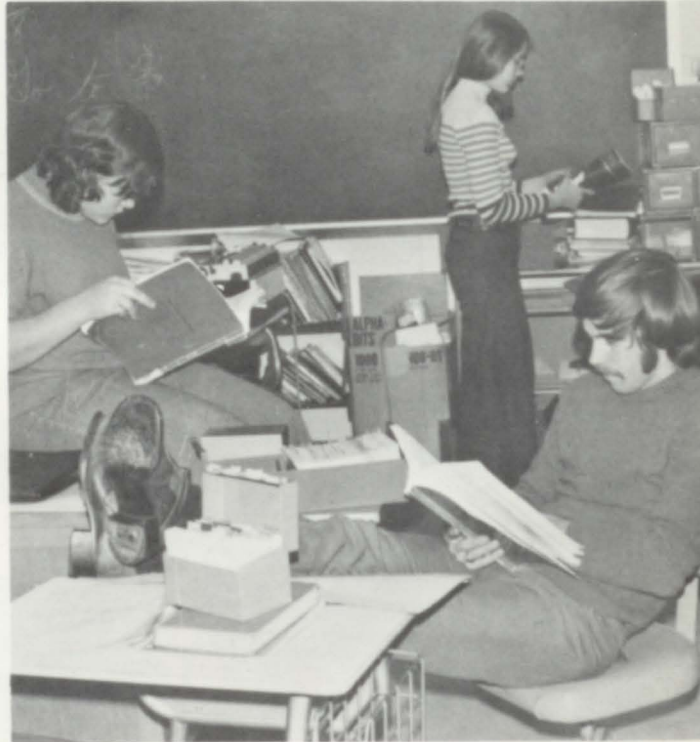

Below is Pieter Numan, foreign exchange student from Holland. This senior was the first foreign exchange student in FHS for many years. Pieter came to Flandreau through Youth For Understanding, a program that has been responsible for thousands of student exchanges. Thanks to Pieter, place kicking in football has started in Flandreau. Because he played soccer in Holland, he became the Fliers' place kicker and scored many field goals and extra point kicks. Comparing the two schools, Pieter feels that at FHS there is much more freedom to discuss in the classroom and it is more relaxed.

Guess What I Heard?

"Where's my debate file?" "Hey, kid, you're out of step!" "What's on the English test?" "Did you know that she mooned us?" "What are you doing tonight?" "Let's skip tomorrow" "Party at the park." "Hey, let's streak the game tonight." "Guess who she's going to the dance with." "Where are you going to school next year?" "Who won the game last night?" "Did you do anything in class today?" "Remember the last time we did that?"

Fliers Cope Pointers for Successful Homecoming

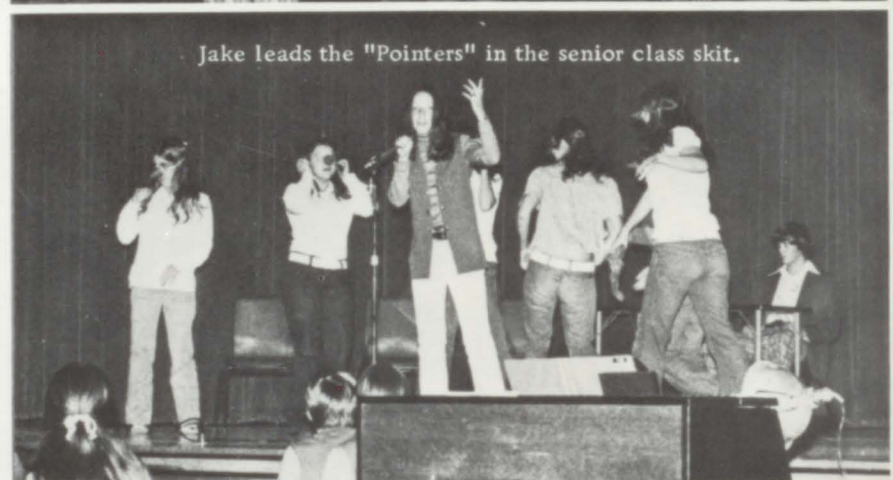

1973 homecoming activities began Wednesday with each class performing in a Little Orpheum skit. After the skits the king and queen were crowned. Royalty candidates are Pictured Below. King candidates were Paul Millman, Dennis Jewett, Brad Sanderson, and Paul Sampson. Queen Candidates were Pam Wilts, Lori Stahl, Ruth Ann Larson, Darci Dappen, and Calla Hogue.

The traditional bonfire and pep rally was at the old football field Thursday night. Friday afternoon school was dismissed early for a pep rally and the jr. and sr. high bands performed on main street.

The week was climaxed as the Fliers downed the Elk Point Pointers, 30-0. After the game students danced to the music of Cracker at the Spafford gym.

At The Right is Mrs. Doris Eide, our school nurse who is kept busy keeping the students in shape. At The Right are the school board members who must decide the school policy. The board consists of Mr. Connie Lee, Mr. Charles Johnson, Mr. Stanley Hammer, Mr. Ed Ailts, Mr. Loren Paulsen, Mr. Sylvan Vignes, superintendent, Mrs. Gladys English, business manager and Mrs. Elizabeth Bonde.

In February of this year the school board was particularly concerned with a problem conference conducted by the University of South Dakota to find out how people felt about the school system. It basises was to improve the school and the instruction of the staff.

At The Upper Left and Right are the people who make our school run smoothly. They are (Upper Left) Mr. Sylvan Vigness, superintendent of schools, Mrs. Gladys English, business manager-secretary; (Upper Right) Mr. William Hass, high school principal and Mrs. Jean Keck, secretary. During the noon lunch hour, Mrs. Gladys English, Mrs. Emadele Rupe and Mrs. Jean Keck discuss the morning happenings.

Students Run to*

These are the cooks at FHS and other kitchen help who prepared the meals and kept the kitchen clean during the 1973-1974 school year. From Left To Right are: Mrs. Beatrice Smallfield, Mrs. Wadia Beaker, Mrs. Minnie Haugen, Mrs. Ester Bendt, and Mrs. Evelyn Lutter. Mrs. Doris Solem, head cook, was not present when this picture was taken.

The crew serves more than 700 school meals a day. During the year, they served more than 155,000 meals. It takes a lot of food to feed the hungry students. For example, for barbeques it takes over 120 pounds of hamburger, and they prepare more than 250 pounds of potatoes for one day.

Driving students to and from school and to other happenings are these bus drivers --Palmer Kringen, Al Powers, Elmer Jurgens, Velma Auren, Bill Peterson, Robert Christiansen, Bob Schmidt, Ed Vilks, Vern Auren, and Les Riffel.

Throughout the school year, these drivers have gone beyond the call of duty. They have been known to bare the cold South Dakota winter to change flat tires, challenge snow storms, muddy country roads, and dry a small child's tear. In joining with the Holiday Spirit, many buses were brightly decorated with Christmas decorations.

In German II the students used their abilities to teach the German I students. The Library acquired over 140 new books to enlarge their resources for the students.
