Freetime

Stephanie Landgren uses her freetime to catch up on homework. Is this really called freetime?

When asked what a typical high schooler does in their freetime their response may be "What freetime?" The life of a teenager is very busy with school and extra curricular activities, but when the time comes that there isn't anything scheduled, teens like to go out with their friends, whether it be a date or just with their buddies. A popular past time is just plain driving around town with the usual gathering at Casey's to catch up with everyone else. Others like to attend movies, either right here in town or out of town. And of course we can't forget the infamous parties held, although coaches and parents don't like to admit it, students are often found laughing about things that happened at the most recent party. Freetime is cherished by everyone throughout the high school.

Emily Firman uses her freetime to take pictures for our wonderful annual. Here she demonstrates her creativity.

During homeroom Bryan Dahlmeier demonstrates his acrobatic abilities while judges Angie Watson and Emily Firman watch.

Looking Back On The Year

Election for President of the United States only comes every four years, but they seem to begin at least two years ahead of the day. By the time the names got on the ballot, there were three; Pres. George Bush, republican; Governor of Arkansas, Bill Clinton, Democrat; and Billionaire Ross Perot, Independent. Americans chose Mr. Clinton over the others halting the chance for four more years of Republicans in the White House and ending the Republicans 12 year stretch of control. Mr. Perot kept the race lively with his snappy comments and questions.

At the school, the students and faculty were saddened when one of the cooks, Grace Albers, was killed in a car accident on April 14, 1993.

The Mayor of Flandreau is still Lowell Johnson.

The "Rodney King Beatings" trial is over, for the time being. The four police officers in Los Angeles who were video taped beating black motorist King, were again on trial — two years afterwards — for the beatings. This time two were found guilty, two acquitted.

The World Series was won for the first time by a Canadian team, the Toronto Bluejays. Fans of country music listened to a new singer, Billy

Ray Cyrus. Treasure Troll dolls were popular.

The African country of Somalia is threatened with starvation and a civil war. Relief effort was sent by the United Nations and aided by United States Marines.

April 19, 1993 was the day that the plane South Dakota Governor George Mickelson was on, crashed near Dubuque, IA killing all eight passengers on board. The plane appeared to have engine problems or possibly propeller trouble. Lt. Governor, Walter Dale Miller, was sworn in as our 29th Governor the next afternoon. Also with Mickelson were two top state officials in economics and energy, three Sioux Falls businessmen and two state pilots.

Another tragedy that happened earlier the very same day, was the death of 82 members of the religious organization, the Branch Davidians, near Waco, TX. They had been holed up in a compound with their leader, David Koresh, for 51 days. Among those who died were 17 children. The FBI had tried to tear gas the members out from one building to the next, but the organization set fire to the whole compound and reduced it to ashes in just one hour.

The all weather track celebrated 20 years of use and Flandreau played host to the prelims to the State A Track meet on May 28 and 29.

Hurricane Andrew rips through southern Florida causing billions of dollars of damage and leaving thousands of people homeless.

School photographer Emily Firman had the opportunity to go to the horse ranch near Baltic, SD to see one of the candidates for president of the U.S., Bill Clinton. Mr. Clinton won the election in November.

PEOPLE

Saying Goodbye Is Hard To Do

Probably the only thing that most seniors don't look forward to their last year of school is the fact that they may not see some of their classmates for quite a few years. Most of the seniors have been together since kindergarten while some have only been here a few years. Several students were involved in a variety of extra curricular activities while some slipped through their school years quietly. One event they all attended was the annual trip to Pierre in January. The group was told the history of our capital building and sat in on Senate and House sessions. The seniors were called on to make many decisions about their final year. For many, considerable amount of time was spent filling out college and financial aid applications. The class had to be measured for caps and gowns, choose a speaker for graduation and chose the class colors, a flower and a motto. During the last nine weeks, the class was awarded privileges with open study halls and noon break. Hopefully classmates can get together in five years for a reunion and talk about their last year of school once again.

The Senior class officers are front row, Laura Kuntz, student council representative; Bridget DeClerk, president. Back row, Scott Johnson, student body president; Doug Peters, student council representative; John Porisch, Secretary; Todd Hinricher, Treasurer.

One More Step To Climb

The junior class worked hard and accomplished a lot this year. Of course, doing the usual junior duties like selling magazines, working at the concession stand during football games, and fund raising for prom. They even managed to take home a trophy for their prize winning Homecoming skit "Robo Jock!" The class also welcomed with open arms Mr. Fodness and Mr. Burns as new teachers. Class advisors were Mr. Spolum and Mr. Burns. With all the work that comes with the Junior year, these students had mixed feelings with the idea of ruling the school year! Besides all the normal homework duties, students braved ASVAB, PSAT, ACT, and the final Stanford Tests. Wooh, boy! Take a breather. You're soon to be Seniors!

The Sophomore class officers are Grant Robertson, Kelli Goldsmith, Mike LeBrun, Tressa Koch, and Larry Peters.

Though nothing too extraordinary occurred during this year, the sophomores did make a few memories with Peggy Schrecengost being published for her poetry in *Prarie Winds* as well as Jeremy Koel getting locked in the locker room in November which some say happened purposely due to Jeremy having to give a speech the next hour. Other memories were made when Angie Jorgenson broke her wrist during a hot and heavy kickball game in PE. The boys also made quite an impression when they all showed their fannies and popped their chests during the sophomore skit at Little Orpheum.

Only A Freshman Can . . .

With excitement that only freshmen possess, the year ran smoothly despite the annual terror of initiation. The class showed a lot of energy for all school events and participated in many such as sports, band, chorus, organizations, plays plus others and even a try at winning the Homecoming skit trophy. Though an award was not won, the class performed their best with their version of the TV show, Married With Children.

Along with the year came, high school pep rallies, receiving credits for classes and semester tests. Cherrie Baty got a high honor when her poems were published in the Pasque Petals. Many more received honors which are not listed. A few also went to the prom at the end of the year. All in all, the class had a good year, but the thoughts of next year and moving up the ladder are anticipated too, for sure.

The freshmen's class officers are Aaron Toso, president; Brenna Jorgenson, vice president; and Meghan Headrick, secretary. The student council representatives are Jordan Olson and Carrie Iverson.

Teachers Still Live and Learn

Once again, the teachers and administration worked hard to ensure students at FHS received the best education possible. Though every year brings new challenges and changes, the staff always seems to keep up with new technology and come out on top. Added to the list of teachers this year were Mrs. Stacey Garrett, English and journalism and Miss Kristel Bakker, algebra and physical science. Our school's office staff manages to stay ahead of the students and run the school in an orderly fashion.

Miss Kristel Bakker gives time to freshmen Natalie Pray in her physical science class.

Casting a "killer glance" at some poor Kangaroo Kourt offenders is Mr. Jim McGlone.

Sophomore Steve Evans learns about giving announcements from a pro, Mrs. Emadele Rupe. The school secretary has students come into the office to help her with many different tasks and she makes each one seem enjoyable.

Busily working, food service workers, Doris Solem and Rose Albers, don't even know their photo is being taken. They are just a few of the people who keep FHS happily fed.

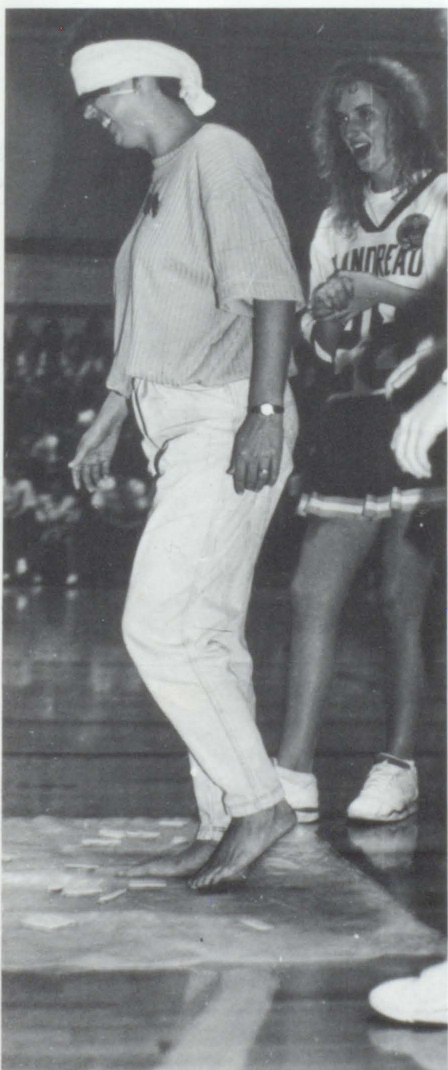

Being a typical first year employee, Brian Thielsen, avoids the camera but fits in rather well as a janitor at FHS. Brian also drives a school bus.

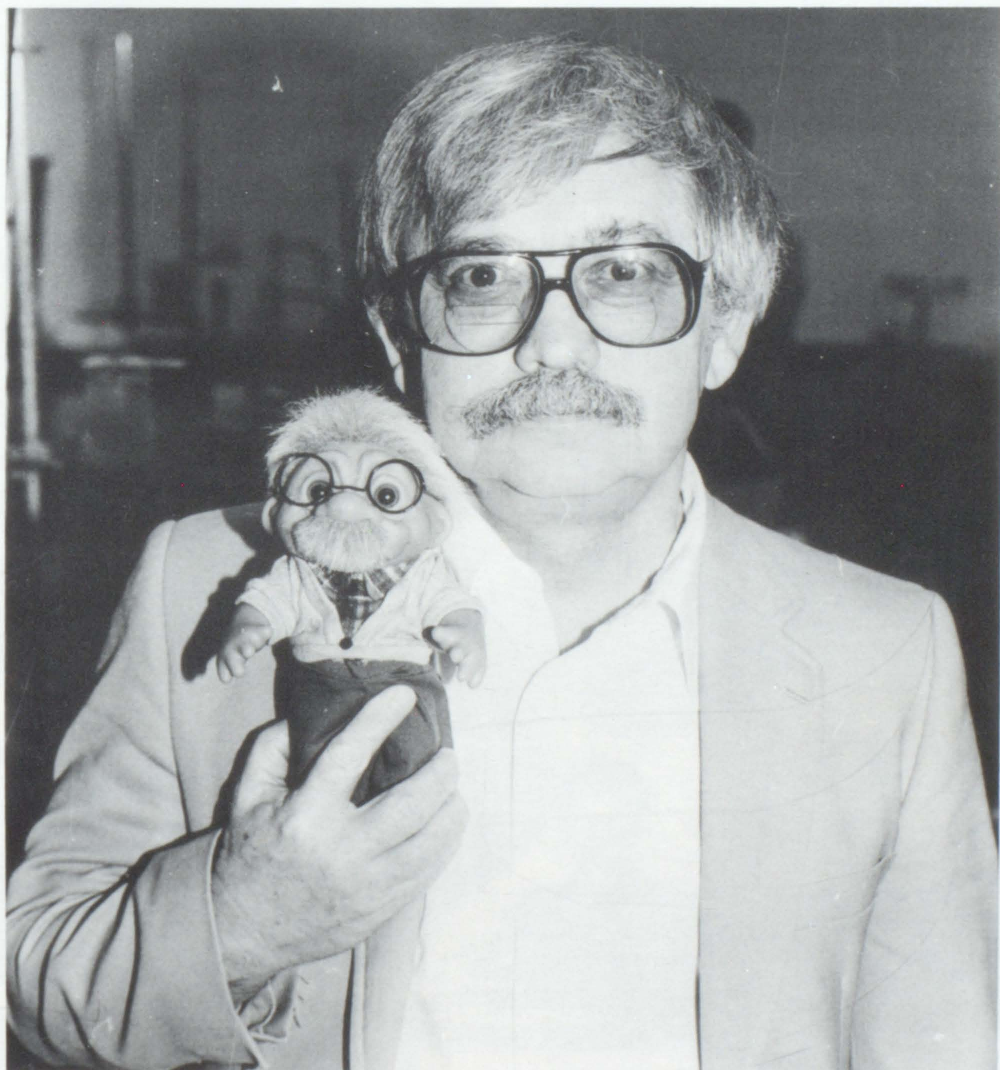

Freshman Caleb Watson receives help in algebra from an ever patient, Roberta Luttmann. She also teaches geometry and consumer math to keep her work day schedule full of things to do.

Mr. Roger Fodness is showing student teacher, Ms. Gusso all the ropes in teaching methods. Gusso also had the opportunity to work with Mr. Jim McGlone. Fodness keeps his school day busy with teaching economics, American history, sociology and free enterprise.

New teachers are shown no mercy at Kangaroo Kourt and Mrs. Stacey Garrett is one example. Here she walks on crackers but thinks they are eggs. Marsha Utech looks on.

Reunited with his long lost twin, Mr. Keith Burns shows off his Christmas gift from his Chemistry I class. Troll dolls were again popular. No doubt there's somewhat of a resemblance.

Below right is Charlie Jones pacing himself to reach the seemingly "never to be found finish line" at the Indian School. Charlie finished first at the FIS triangular and sixth at the Region IIA meet — both held at the FIS course.

Senior member Jeni Story is braving the distance and gives it all she has. Jeni was always one of the top finishers for the team. Keep at it Jeni. The finish line is only a couple hundred more yards away!

Both Cross Country teams had a relatively successful year with two firsts, one in the FIS triangular and also the Big Sioux Conference. Both the girls and the boys teams also placed a number of seconds in their meets. Bridget Hinricher was a valuable member again for Coach Randy Weller's team. She placed high in most meets, taking the first place position at the FIS triangular along with Charlie Jones in the boys division. Bridget also ran to a first place win at the Dell Rapids Invitational. While a lot of the runners were competing in their last year, none of them will forget the race where Mike Burns ran with his shorts on backwards without knowing it or when he ate live crickets.

We're just happy to be here

Girls Up Record

The Girls Basketball team had quite a successful year, thus, redeeming their honor after last year's season. Senior captains Lisa Austreim, Kathy Evans, and Trish Whaley led their team to victory with a 14-8 record and labeling themselves as Conference Tournament and District 4A champions, as well as runner ups for the Region 2A. Conference record was 4-2. With a lot of determination and practice, Trish Whaley made the top number of rebounds with 144. She also was the top point getter with 273, and top steals with 37. Paula Hagel was second in line with 184 points and 127 rebounds. Sarah Gullickson took third with 158 points and 114 rebounds. It also wouldn't be fair if we left out our top assister, Kathy Evans with 56 assists. Great year, girls!

Cool Fall Keeps Scores Cool

After a 14-0 opening day victory before their own home crowd, the Fliers expected more than a 1-6 season. But after a 7-6 loss to Canton, the Fliers candle burnt out. From there they suffered a slump in which they were held scoreless for nine straight quarters over a period of three games. In the individual statistics Shane Bisson led with 19 pass receivings for 364 yards and led in kickoff returns with a total of 11 for 90 yards. Ryan Johnston passed the ball 163 times,

completing 59 passes for a total of 772 yards. John Porisch punted 27 times for 796 yards and he had a total of 47 tackles. Duane Rice pulled down the most tackles with 50. Bisson grabbed 3 interceptions and Rob DeClerk led in rushing with 103 yards.

Experience Shows Leadership

Although there were no bus mishaps, the team did have quite an interesting season. There were problems with some of the cheerleaders leaving their job and a few wrestlers also caught the same disease. Luckily there were very few injuries or sicknesses this season: Doug Peters had his knee scoped, Duane Rice had problems keeping his shoulder in place and Aaron Toso became ill and was unable to wrestle at Regions. All in all it must be said that it was a good year for such a young team. Leading in team points were Blake Bergjord, 139 and Toso, 132. Bergjord also led in takedowns, 36 and Toso close behind with 35. Eric Porisch was quick to lead in reversals with 20 and Bergjord, 13. Leading in three point near falls were Porisch, 20 and Bergjord, 13. Tying for the most pins was Bergjord and Toso with 16. Toso was the only grappler to walk away with 2 tournament titles — Flandreau Invitational and Big Sioux Conference.

Seniors are Leaders

The 1992-93 basketball team all and all had a good season. Leading the team were five returning seniors, who helped take the team to districts even though there they came up short in advancing to the region tournament. The team lost to the Madison Bulldogs, 77-56. Guiding the team was Senior John Porisch with a total of 332 points for a season average of 16.6. Right behind him, was Sophomore Chad Kneebone with 201 points on the season, averaging 10.1. Junior Casey Sampson led the team in 3-point shots with a total of 33 out of 81 attempts. Sophomore Zane Zephier followed next with 21 out of 49. Porisch also had the most rebounds with 215, a average of 10.8 per game. Kneebone again was right behind with 117 for an average of 5.9. Leading the steals were Seniors Shane Bisson with 27, and Ryan Johnston with 25. Last but not least, are the top assists, with Bisson having 58, and Johnston having 53. Although the Fliers were outscored, 1241 to 1223, their shooting percentages were better then their opponents, 66 percent to 62 percent. All this added up to 11 wins and 9 losses - not a bad year after all.

Girls Make It To Regions

With a bumpy road traveled, the volleyball team finished the season strong by taking second place at Districts, but losing in the Region tournament. Over 20 girls showed up for the after school practice. At the end mark the team had an 8-22 record. Six seniors led the team with experience and leadership. Chosen as the team's co-captains were seniors Jackie Barthel and Kathy Evans. Jackie showed

her strong talents by leading in points scored with 142, serving with an average percent of 95, accomplishing 29 aces and spiking with an average percent of 82 and achieving 44 kills. Senior Lisa Austreim led the setting efforts with 110 assists and an average of 93 percent. Leading in blocks was senior Trisha Whaley with 36 solo blocks and 27 assisted blocks. With the loss of six seniors,

many spots will be filled with talented B-team members. The younger team finished the season with an impressive record of 14-2. Coaches for the teams were Georgia Adolph, Peg Fargen and assistant help was received by Susan Ekern. Regular season record was 6-18, conference was 1-4, and overall record was 8-22.

Outdoors

Once again track and field was off and running as soon as the winter sports ended. The boys team ran into difficult and tough competition. John Porisch, Chris Heeren and Ryan Johnston were the only boys to make it to the state meet. John finished first in the discus in the regions and Ryan was the top qualifier in the 400 meter dash. Chris took second in the pole vault at regions. The 800 meter relay team consisting of Tracy Schmidt, Staci McFarland, Wendy Kneebone and Tami Johnston took second place in the regions. Tami also participated in the long and triple jump at state. Prelims to the state meet were held in here. Top finishers in the state meet were senior John Porisch, fourth in the discus and sophomore Tami Johnston, fourth in the long jump. Many others were top finishers in several events throughout the year. The girls team place second in the conference meet and the boys placed fourth.

Boys Take Second In State

Once again the boys golf team proved to the world that they really do know how to master the game. The regional team members consisting of Terry Johnson, Shane Bisson, Matt Johnson and Todd McKeown, took four of the top five spots placing one, two, four and five. The team went on to the state meet and in regulation play, the score was tied with Britton. In sudden death playoff, the Fliers were defeated and took second but came away somewhat satisfied. Matt earned the second place medal at state shooting a 160 and Shane was right behind him taking third with a 161. Todd and Terry both had respectable scores of 172 and 190 for the two day event. On the girls side, Ellen Lacey and Jenn Jewett were high finishers for coach McGlone. Ellen shot a 213 and Jenn a 217 at the state meet held in Watertown. Again, Mr. McGlone was well pleased with his golf teams this year.

Members of the boys golf teams this year were front row, Scott Johnson, Shane Bisson, Matt Johnson, and Todd McKeown. Back row, Jason Nelson, Justin Jewett, Alan Sechser, Casey Sampson, Ryan Hinricher, B.J. Burshiem, and D.J. Jewett.

Girls Keep Spirit Strong

The four squads started the year off early with a practice once a week throughout the entire summer. With Homecoming the main event for performing — besides the games — the girls worked many hours to put together a very successful week, including performing for a stadium full of anxious fans before the football game was called off. Mrs. Sheila Lewis is the advisor.

Math/Science And TORCH

The math and science contest was held January 22 at Dakota State College in Madison with a number of returning Juniors and Seniors attending as well as many recruited sophomores. Twenty-three brilliant students took the tests and overall the team placed third in both science and math. Keeping themselves occupied while awaiting the test results, some students brought out their cards and began to play poker. After the individual results came in, Annlee Ellingson received third place in Chemistry; Kathy Redder took seventh. Kathy also received a third in Algebra 2 followed by Annlee Ellingson, fourth, Paula Hagel, fifth, and LuAnn Gullickson, seventh. Corey Bruning

took fifth place in Geometry. In Biology, Eric Porisch placed seventh followed by Corey Bruning, taking a ninth. In Advanced Math, Angela Watson triumphantly received fifth place, and following close behind was Holly Sutton, receiving seventh place. TORCH, Teens On The Road to Chemical Health, has been considerably busy this year. It all started on Chemical Awareness Day when these students placed ribbons on vehicles and also showed videos. On November 4, Todd Hinricher, Sara Shaeffer, Amy Toso, Ellen Lacey, Bryan Dahlmeier, Caleb Watson, and advisor John Evans attended a workshop in Brookings to come up with productive activities and ideas

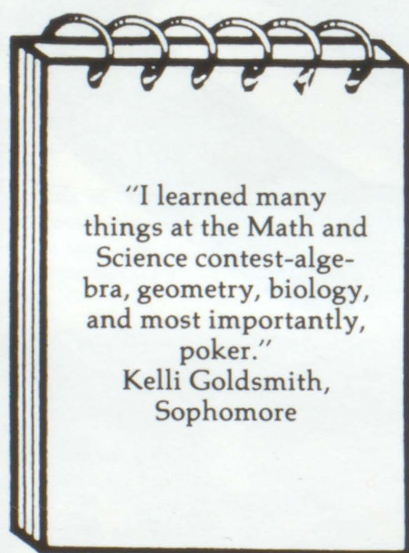

for the school year. A fourth annual New Year's Eve Lock-in was presented for high school students. The dance went from 9:00 -

1:00. Afterwards the students could choose from movies, open gym, and board games. Through the night names were drawn for prizes. At 4:30am the doors opened so they could all go home. The annual Health Awareness Day was on March 15. The day opened at a general assembly with a speaker that had acquired the AIDS virus. Following that there were meetings for the students to attend.

National Honor Society/Gifted

The gifted program took a new look this year. Students were given a list of several topics in which they could choose one to attend. The classes to choose from were Career Exploratory, Current Events Discussion group, Independent projects, Improv team, Creative writing, Community improvement, or the Chess group. With much skill in organization Mrs. Kathy Renneker scheduled times and met with each group once a week. As an extra, seven students spent many hours preparing for the Odyssey of

the Mind competition held in Madison. Jamie Wede, Donovan and Ryan Kills-A-Hundred, Sara Shaeffer, Stacey Greenhoff, Josh Dailey, and Grant Robertson combined their skills to design and build a small car for their problem called "Pit Stop." Another group of select students is the National Honor Society. To be selected for the National Honor Society you must be a junior or senior with a 3.0 GPA or higher. You are selected by a group of teachers by a point system. You are judged on scholarship,

leadership, character, and service. Points are given for each category and in order to be inducted you must receive at least 36 points. The FEB puts together a very nice banquet for the honorable group. The guest speaker was Mrs. Ada Jorgenson. Being selected as a member of the National Honor Society is a well deserved honor for all who are selected.

Second year society members are front row, Mike Burns, Scott Johnson, Davey Spolum, Bridget DeClerk, Stacey Greenhoff. Second row, Angie Watson, Laura Kuntz, Holly Sutton, Amy Toso. Third row, Kathy Evans, Lisa Austreim, Jackie Barthel, Jenn Schrengost Doyle, Trish Whaley.

Yearbook Does It Again

This year's annual staff once again took the task of putting a respectable annual together. These pages can be thumbed over and treasured for many years to come. The task was undertaken by a few returners of previous years as well as a few newcomers to the staff. Faithful Mary Lynn Headrick again took the difficult job of or-

ganizing group meetings and keeping everyone on track. Annual Staff took many hours of dedication after school and at night throughout the year. From taking and printing pictures to putting it all together with the final touches, this year's team took the challenge and overcame it. Lisa Austreim, senior and Andrea Johnson, ju-

nior were the Co-Editors. Lisa was a four year annual staffer thus earning her recognition by the staff and administration. In future years, the staff hopes to use more computer programs available to the school to put together even better pages to thumb through.

"Annual Staff is loads of fun and hard work, and has given me a lot of great memories and four annuals to be proud of. I encourage underclassmen to try annual staff and remember that we have nothing to do with the tremendous price increase. We make NOTHING."

Three Get State FFA Degree

Future Farmers of America members started out the year busy and kept at it all year long. Right off the bat in September, the district land judging was held at Bob Redder's farm. Then six members, Todd Kanz, Danny Leraas, Bob Redder, Richard Schmidt, Josh Smith and Kevin Triebwasser were lucky enough to attend the national convention in Kansas City with Mr. DeBates in November. They

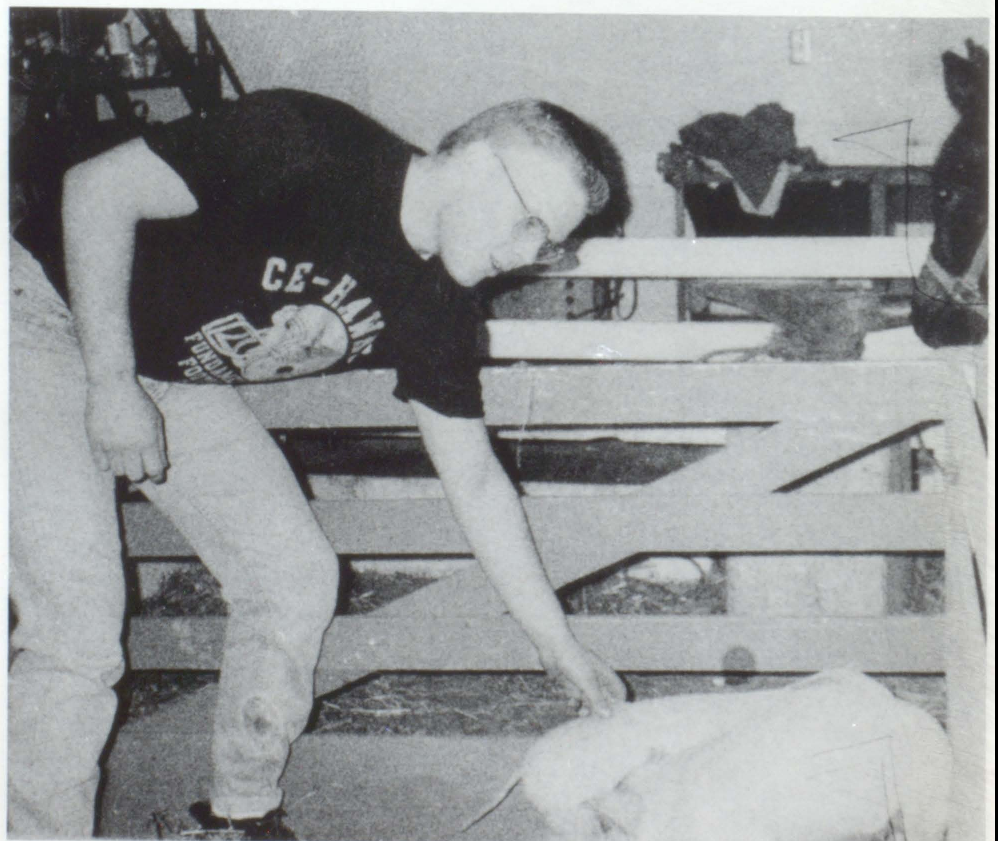

participated in workshops and did some sightseeing at the Kansas City Board of Trade, the Agriculture Hall of Fame and Arrowhead and Royal Stadiums. Members also sold fruit during the winter months and prepared for FFA week in February when they displayed an animal nursery. Three members earned their State FFA Degree--Kevin Triebwasser, Danny Leraas and Bob Redder. This

is the highest individual award a member can receive. Also Kevin Triebwasser was recognized with his Star Degree. These were awarded at the State Convention in Brookings. Members also planted shrubs and grass on the boulevards by the parking area for a memorial to the late Gov. George Mickelson.

Above, Bob Redder has fun with a skid loader doing some of the preliminary dirt work on the Mickelson memorial. Money for the memorial came from donations from FHS students.

FHA Heads Out For Omaha

The FHA has had an active year. To start things out they went to Omaha, Nebraska on November 6-8 for a cluster meeting. Workshops were attended about leadership skills, cooperative learning, family relationships, and global awareness. Although keeping busy, they still found time to kick back and visit the sites like The Omaha Doorly Zoo (which has the largest indoor rainforest display) and the historic downtown. There they visited old shops, enjoyed a few meals and laughs. The FHA helped out at

the sporting events by taking over the selling of concessions. They held a fundraiser in February and sold carnations to students for Valentine's day. They attended the District meeting in Colman, where they did a Power of One, or did an Action Activity Event. Tracy Manwarren and Melissa Schenkel advanced to the State meeting with their AAE on racism. The FHA accompanied the JOM group in putting on a dance for the students in February. The FHA helped sell some of the raffle tickets

for the SD Special Olympics and attended the State meeting on May 2-4. They also donated \$100 to the Wholeness Center. The annual awards banquet was held on May 20th at the Pizza Ranch. This year's officers are Alana Brummer, president; Bridget Palmquist, vice president elect; Melissa Schenkel, secretary; Tracy Manwarren, treasurer; Emily Schmidt, parliamentarian; Wendy Bruemmer, reporter; and Tabatha Eng, pep squad. Mrs. Janelle Weatherly is the advisor.

Keeping In Tune

Once again the vocal room provided the hallways with a pleasant sound during the last hour of the day. Marda Olson guided the voices of ninth through 12th graders in to a perfect pitch while letting them have some fun and learn something as well. Several of the students attended the vocal contest in Sioux Falls at Augustana, participating in solos, duets and triple trios. The group also performed at concerts. The Evening of

the Arts, the Christmas and spring concerts provided plenty of entertainment for the rest of the student body as well as the public. The small group performed at the Christmas concert with a few brass instruments from the band helping out. The lights in the gym were darkened and they sang carols by candlelight. Members also sang at graduation and during homecoming. Marda will not be teaching vocal next year.

Off To See Mickey

The band had yet another busy year doing marching, pep, and concert band. The band performed in a number of street and field competitions placing pretty high while anxiously anticipating their upcoming trip to Florida in June. The band's new uniforms were first put on for the Homecoming game where the refs did not show so the band performed their routine. The band marched for Hobo days, Trojan days, and Dakota days. Bridget DeClerk was the band's drum majorette. Pep band also played at sporting events. The 3rd annual Band Carnival was held in February and Casey Sampson and Staci McFarland took the honors for the new Duke and Duchess. The Jazz band entered two contests, at Augustana and USD, which they received superiors at both. The concert band took part in the large group contest at Sioux Falls College taking home a superior. Junior Annlee Ellingson was given a place in both All State Band and All State Orchestra. Angie Watson won the Band Booster Award and the John Philip Sousa Award went to Jenn Schrecengost Doyle.

Actors Give Message

The One Act plays opened the year with "At Risk", a dramatic play portraying the lives of students who come face to face with the AIDS virus. "AR" was performed for the public on November 30 and the Youth Co-op on December 2 at the Crystal Theatre. Those portrayed in the play varied from perfect students to jocks, all dealing with the AIDS virus. Whether you sympathized or disapproved of the characters, the play earned a lot of attention and opened a lot of eyes on such a serious issue. The second play of the year was "Silent Snow, Secret Snow". This play had a bizarre twist with Bridget DeClerk playing student, Paula Hassleman, who slowly goes insane when evil snowflakes take over her once normal life. Throughout the play snowflakes, Davey Spolum, Peggy Schrecengost, Stacey Greenhoff, and Jamie Wede take over more and more of Bridget's world creating a dramatic ending effect when

Bridget is lifted up by the menacing snowflakes, leaving the world behind her. Opening night was performed January 25 at the Crystal Theatre. The snowflakes had to learn how to glide and twirl with their capes as well as talk with their odd, maddening face masks. The next day the cast took the play to Augustana. The team was a little late starting out when Grant Robertson overslept but none the less performed well and all had a good time. The team competed against seven other schools. They were not chosen to go on but they did get good reviews. Hard work and determination were put into the play. Mrs. Garrett directed, Mrs. Spolum did choreography and Rita Greenhoff sewed costumes. After school, nights, Saturdays, and even 7:00 morning practices were put into the play - everyone gave their all.

ACTIVITIES

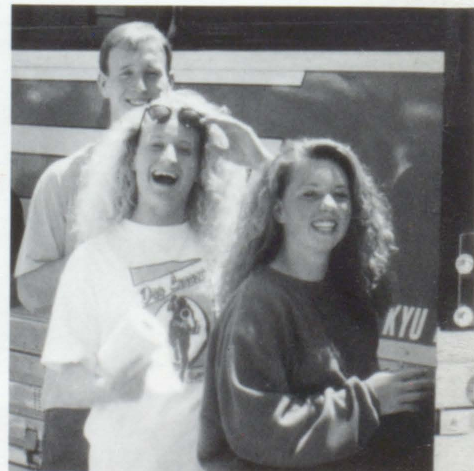

Three Months Off

Summer is a time that students cherish because it's a break from the routine of books and homework. Some people resort to working while others just relax. Many become involved in 4-H and spend time getting ready for the fair. Some athletes attend camps and leagues. It's a very short three months, but many students are ready for school when September arrives.

Mr. John Evans does some house painting.

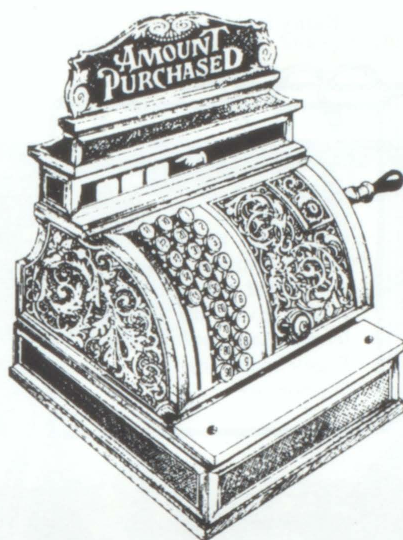

Above: Leading her brown Swiss around at the annual 4-H fair is not how Angie Jorgenson spends her whole summer but she puts a few hours in it. Below are Ryan and Tami Johnston and Jenn Jewett taking off for the band trip to Florida.

Below: Senior Jean Shea restocks shelves at Family Pharmacy and Gift after school.

Off To Work We Go

Many high school students use their spare time to earn extra cash for spending money. While some people resort to summer employment others keep their jobs throughout the entire year. Some kids work for their parents on the farm or at home doing chores. Although the pay seems small the extra cash comes in handy when it comes time for entertainment and dates.

Below: Senior Lisa Salway goes "Italian" by tossing pizza dough at Casey's General Store in her spare time.

Tromped with Talent

Kathy Redder interps.

Students from all grades and many walks of life stood up and put themselves on the line this year through the interpretation of different literary pieces. First year coach, Stacy Garrett took approximately 15 students on bus trips to area meets. Saturday mornings of sleeping in were sacrificed with little grumbling. Right. Each member put on a very good showing at the competitions. Individuals entered finals often and placed quite well against the larger schools. Flandreau took home the Lincoln H.S. plaque for "B" schools. Everyone contributed to the points earned. A local competition was held at the end of October and one individual was chosen for each category. Representing Flandreau at districts were, Adam Headrick and Davey Spolum in duet acting, Bridget DeClerk in poetry, Kathy Redder in oratory, Ellen Lacey in drama, Grant Robertson in humorous, and Davey Spolum in prose. Flandreau took home the district trophy at this meet. Regions were also met with much success. Flandreau took an individual in each category to state except drama. The state competition was held in Huron. Receiving superior ratings were Davey Spolum, Bridget DeClerk, and Grant Robertson. Kathy Redder's oration and Davey Spolum and Adam Headrick's duet received an excellent rating.

Walk the Walk, Talk the Talk

During the Youth Co-op Presbyterian Scavenger Hunt, Billie Jo McFarland, Shelly Gullickson, and Staci McFarland hang out at the park.

This year, Youth Co-op, an organization involving the community churches around Flاندreau really took off. Rev. James Desai had originally started the co-op last year, but with great participation, the organization skyrocketed. Youth Co-op consists of each church taking turns and planning an activity for the first Wednesday of every month. Some of the events held have consisted of racial tension discussions, SDSU students coming and taking part in a role play, watching the AIDS "At Risk" play performed at the Crystal Theatre, a guest speaker-Pete Torino, a world hunger night, the Michael W. Smith concert in Sioux Falls, the volleyball games in the high school, a dance and a weenie roast at the park. A skiing trip to Great Bear in Sioux Falls also took place. Church events began taking place in the summer. Our Savior's Lutheran took a camping/canoe trip to the Boundary Waters in Northern Minnesota and Canada. Churches also took part in their own youth services for Christmas and other occasions.

The Mouse That Roared

This year's All School Musical turned out not to be a musical after all. In the hope to get more people not so "musically" inclined involved, the play "The Mouse That Roared" was chosen. Janna Ellingson and Marda Olson bravely faced the task of directing, organizing, and doing all of those odd jobs. Janna kept things under control while you could usually find Marda off to the side showing someone else how to do their part. The play centered on a tiny little country called Grand Fenwick which is going broke, so to get money they wage war to receive foreign aid. The humor of it comes out when they attack New York with only bows and arrows. The play really gets out of hand when the little country accidentally steals the Q-bomb from the U.S., and wins their so-called war! The absent minded professor, Grant Robertson, kept every one on the ball with his hysterical shrieking while Rob DeClerk played the perfect part of being a gruff army general. Romance between the beautiful queen Bridget DeClerk and the slow but honorable part of Ryan Johnston added even more spark. All in all, the play ended up a success and is sure to be remembered by all.

Queen Bridget and the motherly Emily Firman steal the show with their wacky sense of humor.

Homecoming-No Win, No Loss

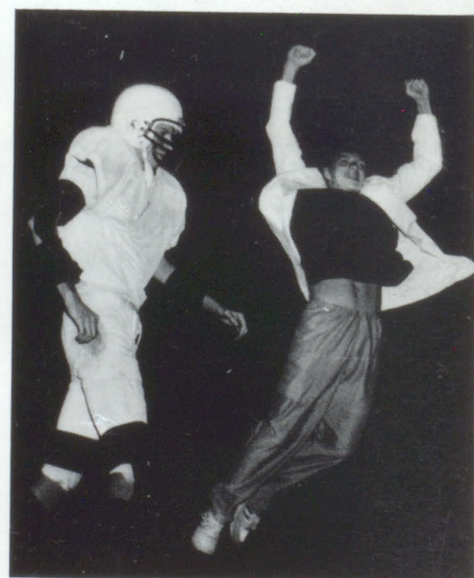

Homecoming proved to be a memorable week with many surprises and changes. The week kicked off with the hallways filled with outfits of all black. Tuesday was designated as Kriss Kross day, where many students, though uncomfortable, wore their clothes backwards. It was also the day everyone voted for homecoming King and Queen. The Girls' Basketball team hosted Dell Rapids and defeated them for a Homecoming week win. Wednesday was Hippy day and also Toga day for the Seniors. Thursday was Cowboy day. Each class performed their skits along with the faculty's which once again took top honors. The Juniors were honored with the best class skit. Kathy Evans and John Porisch were crowned King and Queen by the student body. After Little Orpheum,

the student council sponsored an ice cream social in place of the Bon Fire. Friday the spirit was felt throughout the school. Everyone showed their school spirit by wearing purple and gold. First hour the Senior athletes and Varsity cheerleaders went to Spafford to put on a pep rally for the elementary kids. Later that morning the high school student body gathered in the gym for the first annual high school olympics. Certain students participated in fun games to add to the homecoming spirit. At 1:00 all the athletes, band members, and royalty rode flat beds and marched through main street in the traditional Homecoming parade. When they returned all the high schoolers and middle schoolers gathered in the gym for the pep rally and Kangaroo Court. At the pep rally the awards for best

dressed throughout the week were awarded. For All Black Day no one was chosen because of the stiff competition. Kriss Kross day was won by Shane Bisson. Hippy day honors were taken by Kevin Haug. Cowboy day was won by Scott Scofield. Kelly Jo Scofield took the top honors of the week by winning best dressed overall. The Homecoming energy filled the stadium on a beautiful fall night. The band was there, the cheerleaders were there, the fans were there, the teams and coaches were there ... but wait ... no officials. It was announced that the officials had not shown up. The game was cancelled. Disappointment was felt by everyone, but everyone had fun at the dance in which the DJ from the Jam Factor provided the music.

Awards Night Reinstated

Various senior award winners were, row three, Stacey Greenhoff, Bridget DeClerk, Ryan Johnston, John Porisch, Scott Johnson. Row two, Laura Kuntz, Trisha Whaley, Jenn Schreengost Doyle, Marsha Utech, Jim Pitsenberger, Richard Schmidt, Jackie Barthel. Row one, Amy Toso, Lisa Albers, Lisa Austreim, Angie Watson, Mike Burns, Holly Sutton. Not pictured is Leah Scofield.

After a lapse of well over 10 years, a separate awards night was again held. It was held on May 17 in the Community Center. The program was designed to shorten graduation by giving out scholarships and other awards normally given during school time. Honor roll awards, forensics, chorus, Presidential Academic Fitness awards and a newly started academic "F". Students were given the opportunity to letter in academics this year by keeping a GPA of 3.5 or higher and received no C's on their report card. Also all scholarships that were previously given on graduation day were awarded including the Wittern Scholarship. Mr. F.A. Wittern flew in for this special night from Iowa and gave an excellent speech for inspiration to the high school students. Other athletic letters and awards were given at the annual Booster Club athletic banquet held on March 30. A total of 86 letters were given out along with various awards such as all-conference and Academic All-State. Everyone receiving awards and scholarships deserves a huge pat on the back. Way to go!

In The Still Of The Night

The excitement of prom builds up for weeks for the juniors and seniors. As the big night approaches the juniors spend a lot of time in class meetings, picking a theme, choosing colors, voting on punch servers and deciding on which band or DJ to hire. They chose "In the Still of the Night" as the theme and teal and black as the colors. Punch servers were sophomores Natalie Skroch and Eric Porisch. The juniors raised money through magazine sales and concessions to hire the DJ from Music Express. He provided a variety of popular music with a

big screen on which he played videos. The decorations were also provided by the juniors. Some of the hardworking ones spent every free moment during the week before prom decorating the Community Center. Pictures were taken by PicPro to provide a lasting memory of the evening. The actual big night started off with several couples and groups eating at different restaurants in Sioux Falls and Brookings. When couples arrived at the prom, they lined up for the annual grand march in the armory. This is designed to give parents and friends the

opportunity to see everyone and their dates and take pictures. After the grand march, the parents left and everyone started dancing and getting photos taken. Around 11:30 p.m. the crowning of the King and Queen took place. The upperclassmen voted and chose Bridget DeClerk and Mike Burns. The last dance of prom took place at midnight and although the after prom party wasn't as popular as before, several prom goers attended that while others attended their own private parties.

The juniors spent some of their time to build this fountain which ran throughout the night.

Bob Redder, Cam Anderson, Brad Kontz, Kevin Triebwasser and Danny Leraas rest their feet while drinking some punch.

Graduation Day . . .

Graduation was held on Sunday, May 30 on a cool and windy day - so the gymnasium was not hot and stuffy. Since awards had been handed out earlier in the month, the ceremony was quite short and to the point. The senior class chose Mr. Bruce Porisch as the main speaker. He gave five very good suggestions for the seniors to follow, with a touch of humor added in. This was the first year ever that a prayer was not offered at the ceremony due to a Supreme Court ruling. The choir did however sing the song, "Say a Prayer for Me". After the exercises, the classmates parted their ways and attended their own receptions.

Biology teacher Bruce Porisch was an inspirational and informative speaker for the senior's graduation. He kept his talk funny and brief, something everyone likes on graduation day.

During the playing of "The Rose", Doug Peters gives his mom Diane a real red rose and a hug to go with it in appreciation of all those years of taking care of him.
