FHS... In color...

It is said that everything is better in color, let us find out if that is true or not. This 2009-2010 yearbook edition is the first for us to ever be in color! Every person has a favorite color, every school has their own representative colors, and every object in the world gives off its own personal color. It may not seem important to some people and may have no affect on them. But just imagine, coming to school every day and seeing the same black and white walls, books, lockers, bathroom signs, desks, clothes, anything really...for 9 months straight.

So let the year begin...in color!

Leadership

Flandreau FFA 2009-2010

The Flandreau FFA had a very busy year in 2009-10! Starting off the year with Land/Soil Judging at the district and state level, Flandreau FFA members ranked higher this year than in the past ten. After land judging, the time comes for Leadership Career Development Events (CDEs). Flandreau had a strong showing at the SDSU Jackrabbit Leadership Event in November. This was a great warm-up for Districts that occurred the following week. Fourteen students advanced to state competition in Pierre after competing in the district competition! At the state event, all members were successful at building their leadership skills. Some individuals and teams even brought home awards!

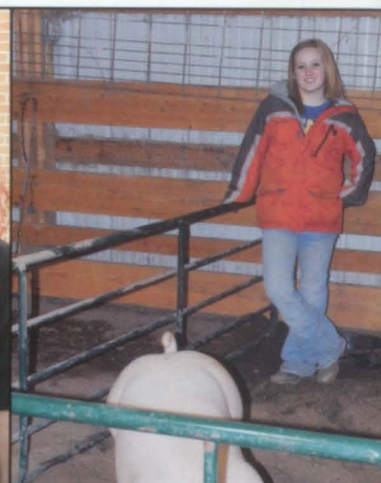

The chapter sent out a holiday card sharing their successes with the public and helping to build public relations. In January, students were working on Supervised Agriculture Experience applications. Besides attending monthly chapter meetings, members were also busy serving concessions at basketball games and wrestling matches throughout the winter months. When February rolled around, it was time to start preparing for the spring production CDEs. Flandreau again hosted a regional CDE which brought in 968 FFA members from 40 schools; our largest event yet! Members also competed in three practice contests before attending the State Convention in Brookings. Some members were quite successful placing as high as second in the district and receiving several silver and bronze awards at state.

The year was wrapped up at our end of the year awards banquet. Famous Dave's BarBQ catered the event that boasted the largest crowd in several years; over 110 FFA members and guests. At the banquet, the FFA presented three recognition banners that are now hung in the high school gym. The banners salute those members who have achieved the top honors in FFA such as American Degree, Star State Degree and State Officers.

Yearbook 2010

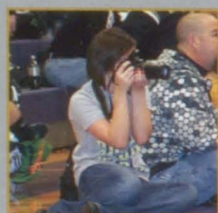

Everything's better in color!

Yearbook... where to begin. I never expected to be on the yearbook staff my senior year, wasn't even a thought in my mind...until Marda and Miss Pfeiffer plotted together and picked out seniors that could do it. Guess I was the lucky one ;]. It has been a great experience, and it takes a lot more work than I thought it would. But it's a great way to get out of class! As long as you get the 'gist' of what needs to be done and how it needs to be done, it's easy just time consuming. The best part about it, if a teacher tries to give you a hard time...don't worry Marda will take care of that!

Jordan Rusk

Jordan displays leadership on the practice and football field by his effort and good play. He is a good teammate and a better person.

The 2009 football season was a very exciting season. We started out as an underrated team and nobody expected anything out of us. Starting our season 2-0 with a huge 49 point shutout of SF Christian had our spirits running high and we were pumped for homecoming against the defending champs from Tri-Valley. We really weren't as focused as we should have been. After that game we took the hint with a little kick from our coaches that we wanted this season to go the way we wanted to. Our season was very fun and full of adrenaline. We showed the state we were a team to be respected with ending the regular season 7-1 with a home playoff berth. The region championship against Tri-Valley was a grudge match and something we all wanted, especially us three seniors. We ended our season with an 8-2 record. The whole season showed everyone what Flandreau football was all about and set the pace for next year's senior class to make their run.

Student SPOTLIGHT

Nicole Veldkamp

Nicole led the front line offensively and defensively with kills and blocks. Her efforts earned her honors in the Lake Central and Big East Conferences.

This year's volleyball season was full of moments we will never forget. Some of them were good, and some of them not so good, but they all added up to an unforgettable season. We started off the year with our first regular season game against Elkton, and between the pictures we took before the game and the absolute fun we had on the court, that goes down as one of our best games of the year. Our game against Howard must not have been too bad either, based on the busride home we sang the ENTIRE song of "99 Bottles of Pop on the Wall", were introduced to "Little Sally Walker", and coined our new phrase "DANG GIRL where'd ya get all of that?!" Of course, our season had some downs, too, and we had those days when we just didn't get it. Yet we always found ways to make practice a little more interesting, and brought in the tradition of Spanky Fridays! We even ended up with jerseys one practice, and black-out at another one, and best of all even though some were more reluctant, we had our whole team wearing dresses the day of our district game! Between the outfits we wore, the songs we picked for our warm-up CDs, the cheers we made up for Christmas in October, and all of the food we ate before the games, let's just say we made the most out of it! The thing is, no matter how great all of these memories are, the one thing that will stick with us the most is the friendships we formed through it all, and the way that we became more than just a team. I don't think any one of us will argue with the fact that there could not have been a better group of girls to spend the season with!

Oral Interpretation

"A fool may talk, but a wise man speaks." ~Ben Jonson

The best part about Oral Interp is meeting a bunch of cool new people and getting awards for doing really crazy stuff.

~Lindsay Warner

~Sandy Keating

FHS Oral Interp Team

Coach Ms. Amanda Tuchscherer, Jacob Sutton, Kristin Wiechers, Lindsay Warner, Amanda Farrell, Lexy Antoine and Sandy Keating

Oral Interpretation was one of the most fun experiences I have gotten to be a part of in high school. It started this year with Sandy Keating and Lindsay Warner exclaiming together, "Amanda! Do you want to write a readers theatre with us?" And I, of course, answered yes! So... the process began. Creating our readers theatre was almost the best part of the time spent working on our piece. We created our characters and made them come alive when we started competing. Competition is so much fun; getting together with other people who share the same interests and getting feedback from judges, it's an all-around great experience. Writing our own piece caught some attention and at local regions we experienced the highlight of the season. We were going to State!

I can remember how nervous the three of us were; we barely breathed when they announced who advanced... but we made it. Performing at State for those eight minutes, I will always remember in perfect detail. The energy the three of us had was the seal on the deal. Our State performance was the best we have ever performed our readers theatre. When they were announcing the champions I couldn't hear anything except for that man's voice; I remember Lindsay asking me afterwards, "Do you remember me talking to you?" And I'm like what...you spoke? Haha it was a crazy fun time. Being a part of Oral Interp is an experience I will carry with me forever. It had such a good impact on my life; I've learned how to speak in public and not be nervous and I shared the experience with two amazing people. I loved it!

"To start off with, the snow was not helpful with our practices. I cannot remember how many were cancelled or rescheduled due to the weather, including our first scheduled performance at the Crystal Theater. But somehow, we pulled it together. Not only did we manage to have our personal lines and actions memorized, but by the end, we had everyone else's as well. I cannot tell you how many times we caught ourselves saying someone else's

lines. Regions this year was interesting to say the least. First off, we were not the smallest cast! Another school only had four characters to our six. Second, we all thought Jacob fell off the boxes in the middle of the performance to only later find out that he actually fell off them. Third, our crew; they certainly had some difficulties. All I'm going to say is that it is not Spenser's fault we didn't make it to state. "Word on the street."

Cassie Feske

"Cassie was a key contributor to our five game winning streak. Her work ethic and drive to succeed makes her a great role model for our younger players."

As we all know, practices can get repetitive and monotonous when we work on basic basketball skills. So one day, Mr. Relf noticed our lack of enthusiasm and wanted to mix it up a bit. He introduced a rebounding drill that we will never forget. The idea was to jump as high as you could to get the rebound, and rip it down as hard as you could. The catch is, when you got a hold of the ball, you had to "get feisty" and give a little growl. Needless to say, we exaggerated. We made grunting sounds, heavy metal death screams, and everything in between. Amanda decided to take it to the next level by making the most painful, angry, twisted, ugly looking face while she was letting out a big ol' grunt. For those of us that saw her face, there was no way to stop laughing. Every time "rebound growls" gets brought up in a conversation, we'll all let out some kind of scary noise, plus a little giggle.

Student SPOTLIGHT

Russ Hendrickson

Russ had a great month for us and was a very key role in helping us get on the winning track. Russ also surpassed the 1000 point mark for his career vs. Parker and is the

first person since 1990 to accomplish this feat.

Student SPOTLIGHT

Luke Gassman

Luke finished the season strong for us and was critical to our success this season. We look forward to a big year out of Luke as a senior.

Makayla Dietrich, Cassie Feske, and Nicole Veldkamp love track season!

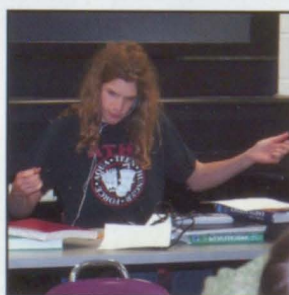

It's wrong to walk by the color purple in a field somewhere and not notice it.

Chase Smith conducting his egg drop test.

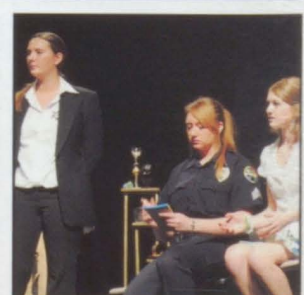

Community participate with FHS student body in a docudrama to accentuate the effects of drinking and driving.

Tanner Dibbern multi-tasks with his math and music.

Sandy Keating ready to perform.

Michaela Doyle, Alyssa Gunderson and Lexy Antoine were primary cast members in the "Who done it..." all-school play.

Docu-Drama

Being one of the victims in the mock accident was scary. When you have windows broken-in inches from your body and you're pulled out of a wrecked car, you feel helpless. Having to think about death at such a young age from something as stupid as drinking and driving hopefully opened the eyes of students and staff. The fake accident was intense enough, but knowing it could happen for real with only a couple of bad choices is truly devastating.

"Costumes and makeup are always fun...right? A certain person in our cast made the casual comment while trying on his costume and I will never give the identity of this person away because I would never be forgiven. All I am going to say is that he is a senior and was the only male guard in the play and his last name is Kooiman. That is all you are going to get out of me, so don't even bother asking. "These pants...they are girls pants."

~ Sandy Keating

During makeup we convinced the boys that the mascara we were using on them wasn't waterproof. Yeah, we lied. There is always one line in the play that everyone likes to mock and I just want to know "Have you ever been to China?"

Student SPOTLIGHT

Brittany Nelson

Brittany showed commitment and dedication to the All-School Play performance. She worked to learn her lines early to develop her character and worked positively with her fellow castmates.

Coaches Corner

"Golf season went very well. The weather cooperated so we could play most of our meets this season. The kids played well, with 2 qualifiers for the State Golf Meet. With a good number of golfers coming back, we look forward another solid season."

~Coach Bass

My best memory in golf this year would have to be during the region meet. We had just arrived very early at the Brandon golf course and some of us were still trying to sleep on the bus, when all of sudden Coach Clark tells us all to get off the bus. Of course we didn't want to because it was way too early, so we asked him why we even had too. His reply was "I have to go to Lewis." Just then Tyler Jones got on the bus so we asked him what happened. Tyler said "Um I broke the zipper on my shorts so now I have to go buy new ones." Everyone on the bus laughed so hard and couldn't wait to go tell everyone else what had happened. That day was a great day because all I had to think of was Tyler's face when he told us and I instantly started laughing hysterically.

What are you going to miss: Mr. Gappa because if there is one person that can make school fun, it would be him. I will also miss Marda Olson because you can always rely on her to do anything, and she always lit up chorus. I will also miss underclassmen, especially Lindsay in pre-calc; making that class fun with her.

Elementary Memories

Elementary school was a time for fun and games. Many recall playing tag for days on end, chasing Bobby and Russ around trying to put Chap Stick on them, playing SPARKLE to practice our spelling and accidentally breaking desks in the process, looking forward to the rainforest, gingerbread houses, and stone soup of second grade, and the yo-yo sales, which lead to being called into the principal's office because someone allegedly stole one. Or even the times we would venture down into the basement of Spafford. We all thought it was a scary and creepy dungeon, but we always volunteered to go there when a teacher needed clean erasers. All in all, our Spafford years were fun, exciting, and times we will never forget.

Activities: Cross Country, Track

Quote: "Hakuna Matata-it means no worries."
~ The Lion King

Advice for future seniors: Start your senior project early and get it done with fast.

Activities: Football, Basketball, Track

Advice for future seniors: Enjoy your last year because it goes by faster than you think. Ignore the drama. Make a lot of memories. Have no regrets.

Final Words: The memories, people, some teachers, and football were great parts of high school. For the most part I enjoyed the years I spent with my classmates and I will remember them for the rest of my life.

What are you going to miss: Mrs. Opsahl's razor sharp witty remarks she used like a battle axe to fend off any inhibitors of boredom that I would suffer were I in any other class during first hour.

Advice for future seniors: Break up your studying into segments. If you have to study for a big test, only study for 1/4 of it until it is memorized, then study the second 1/4 and so on until it's finished.

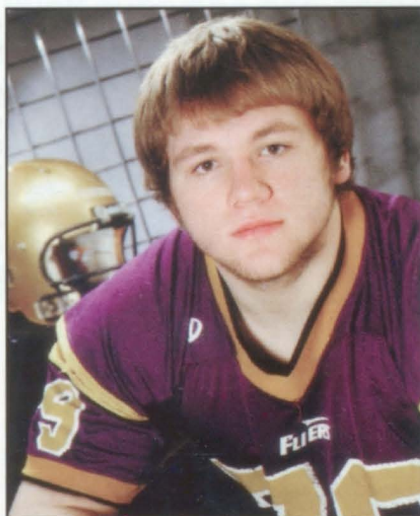

Michael Aaron Roy

Activities: Chorus, One-Act

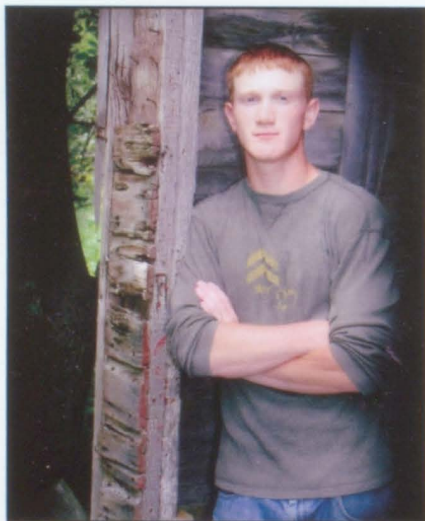

Quote: "During your life, never stop dreaming. No one can take away your dreams."

~ Tupac Shakur

Advice for future seniors: Make as many memories with your friends and classmates as possible. High school goes by extremely fast.

Middle School Memories

Our middle school years were full of fun times and memories. Many remember spending every Friday night playing kill-the-carrier instead of watching the football games. We ran, laughed, and some even got hurt, but we always had fun. Many more memories were made in Mr. Knudson's class; playing jeopardy, breaking the game in excitement, and trying to dodge the infamous yard stick. The best memory however, was when Sandy and Amanda tried to escape his class through the window; let's just say they never made it out. Along with those were the memories made at our seventh grade dance, M&M's, end of the year games, and eighth grade prom. Middle school was definitely filled with fun times.

Activities: Chorus, Band, Class Officer

Quote: "Restart and hope for the best."

~ Mr. Streitz, Jordan VonEye, Bob Hoffman, Sam Schmidt in A+ class

Advice for future seniors: Enjoy the time you still have with your friends.

Biggest Influence: My family and friends of course

Final Words: Good Luck

Samuel Kip Rueben Schmidt

What are you going to miss: I am definitely going to miss all of my friends and the memories we have. I'll also miss sports; the seasons ups and downs, the feeling you get after winning a big game knowing that you gave it your all, but most importantly the friendships you form with your teammates, and the lessons we learn from each other.

What are you going to miss: I'll miss a few people but I will still be able to see them after high school.

Advice for future seniors: Don't give up and get your stuff done right away. Also, start your senior project now!

Quote: "You've got to take the good with the bad, smile with the sad, love what you've got, and remember what you had. Always forgive, but never forget. Learn from mistakes, but never regret."

Advice for Future Seniors: Don't give up because it's all worth it in the end.

Biggest Influence: My family, friends, and a few teachers because they all helped get me through when I wanted to give up. I didn't like it at first but then I realized that they did that so they can see me become successful to graduate.

High School Memories

During the past four years, we all have had our ups and downs, but many memories shared between us all. We all had fun in high school; hanging out with friends, going to the movies, road trips, COD, sporting events, plays, etc. Nobody can forget all the dress up days and homecoming games we went through; opposite gender day, class color day, the chair game, homerun derby, and the list goes on. Homecoming was definitely a time enjoyed by everyone. We even had some fun times in school. If you were in Mr. Ahrens' AP Government class, you never missed class of Friday. The reason: breakfast; that is when Mr. Ahrens remembered. Those in chorus were able to enjoy getting Pfeiffer distracted with bringing up old boyfriends, stories, or even her wardrobe. Mr. Stadem's class always included random conversations, getting caught or even getting away with having your phone out, and competitions to get out of a current event (the girls win...AGAIN). I think everyone can agree that high school was filled with too many memories to even count.

High school as also a time when we all grew and changed. Some went on to play football and volleyball, others participated in band or one-acts, and some even enjoyed it all from the sidelines. But the bottom line is, high school was a great four years; it will be missed.

Graduation 2010

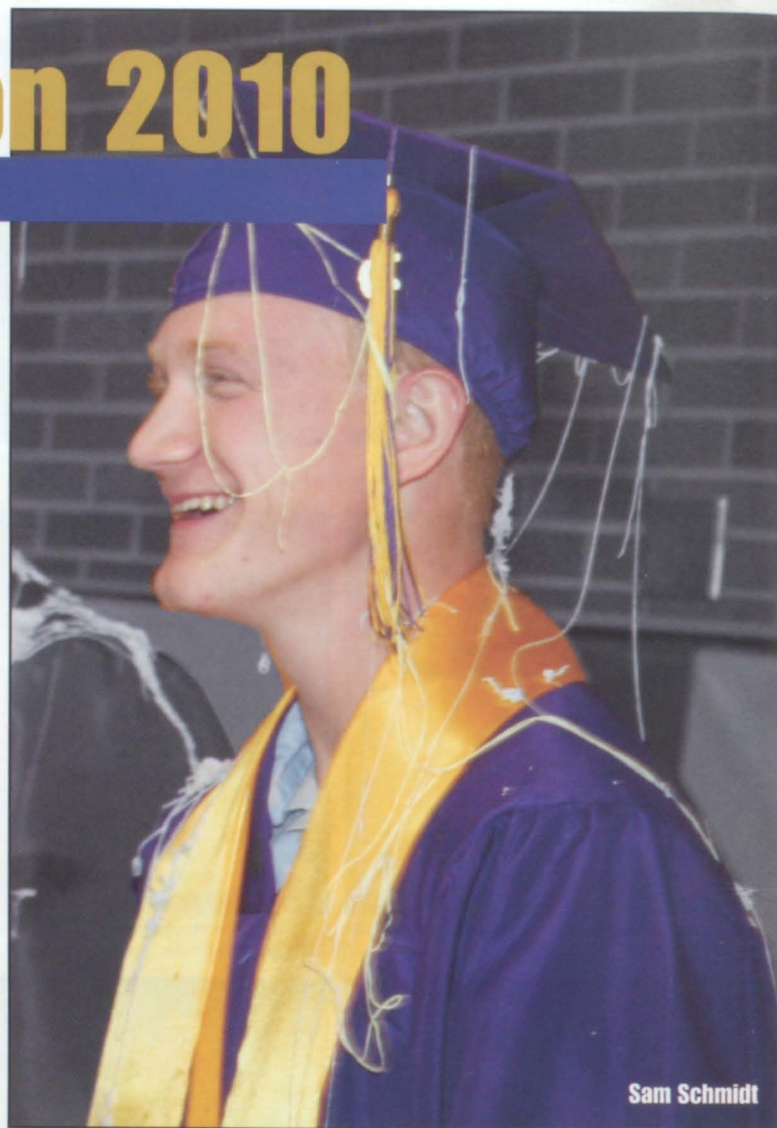

"Hakuna Matata"

Graduation was full of tears, excitement, love, and memories. It was a great time because as we were all getting ready in the lunch room, you could feel the excitement and the nerves. We could not wait to go into the gym, but yet, a little bit of us didn't want to go just yet. But as soon as we did, I am pretty sure that we all felt the same thing- we couldn't believe that this time was already here. Mr. Gappa was a great speaker and his speech was amazing. It was full of memories that we shared with him; it was personal and one that I will always remember; that and his cartwheel! Graduation was an amazing moment and milestone in all of our lives, that it was great to share with all of our friends and families. All I can say is congratulations class of 2010, you are all amazing!

Thoughts from friends are forever...

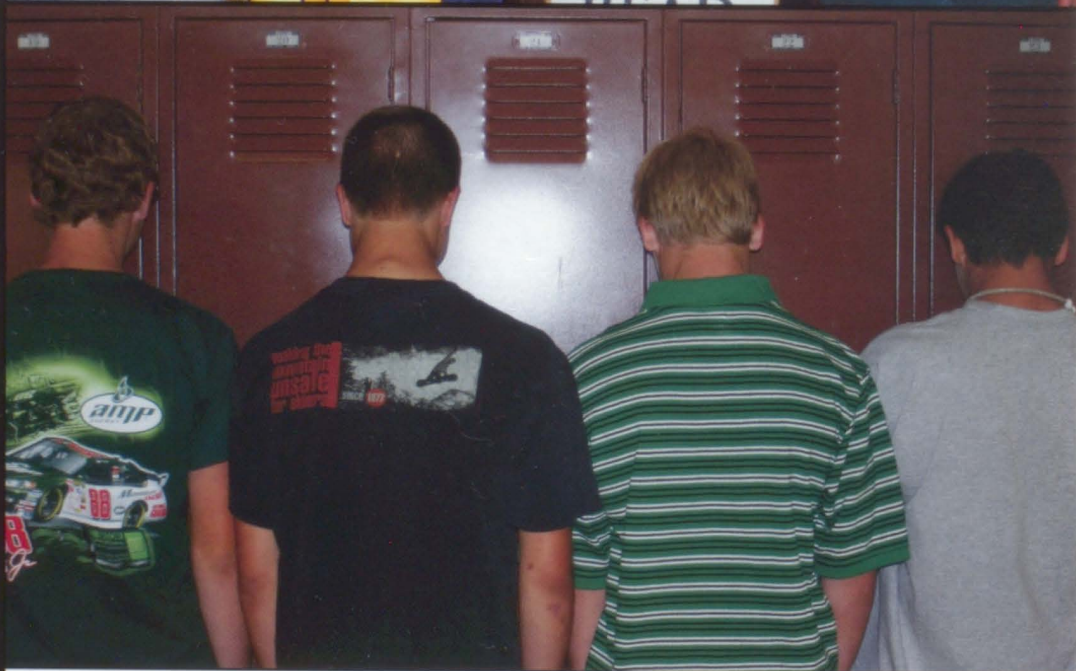

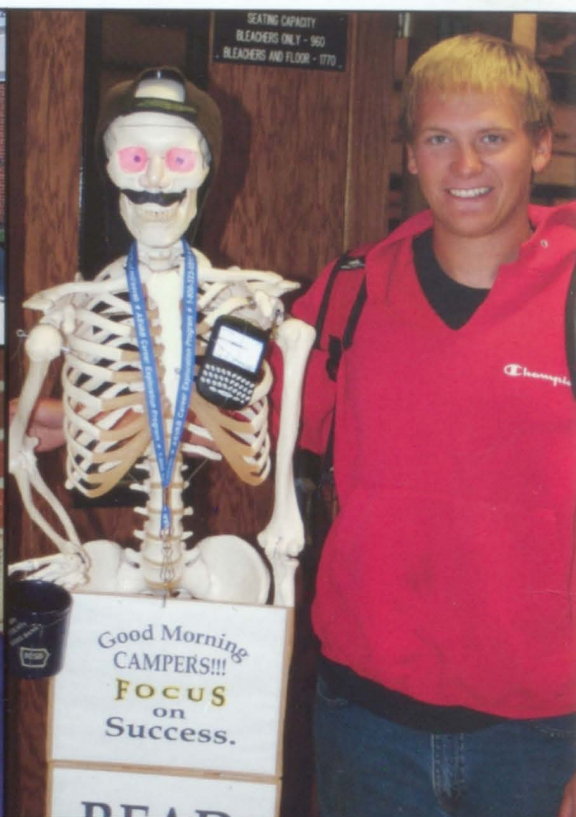

Live your life each day as you would want a mountain climber to live. A glance toward the summit keeps the goal in mind and keeps the pace steady. It is to be observed that each new vista is seen from a new point of view. It is not the summit that is the goal, but the journey. The new vista is the goal. The summit will serve as a fitting climax to the journey.

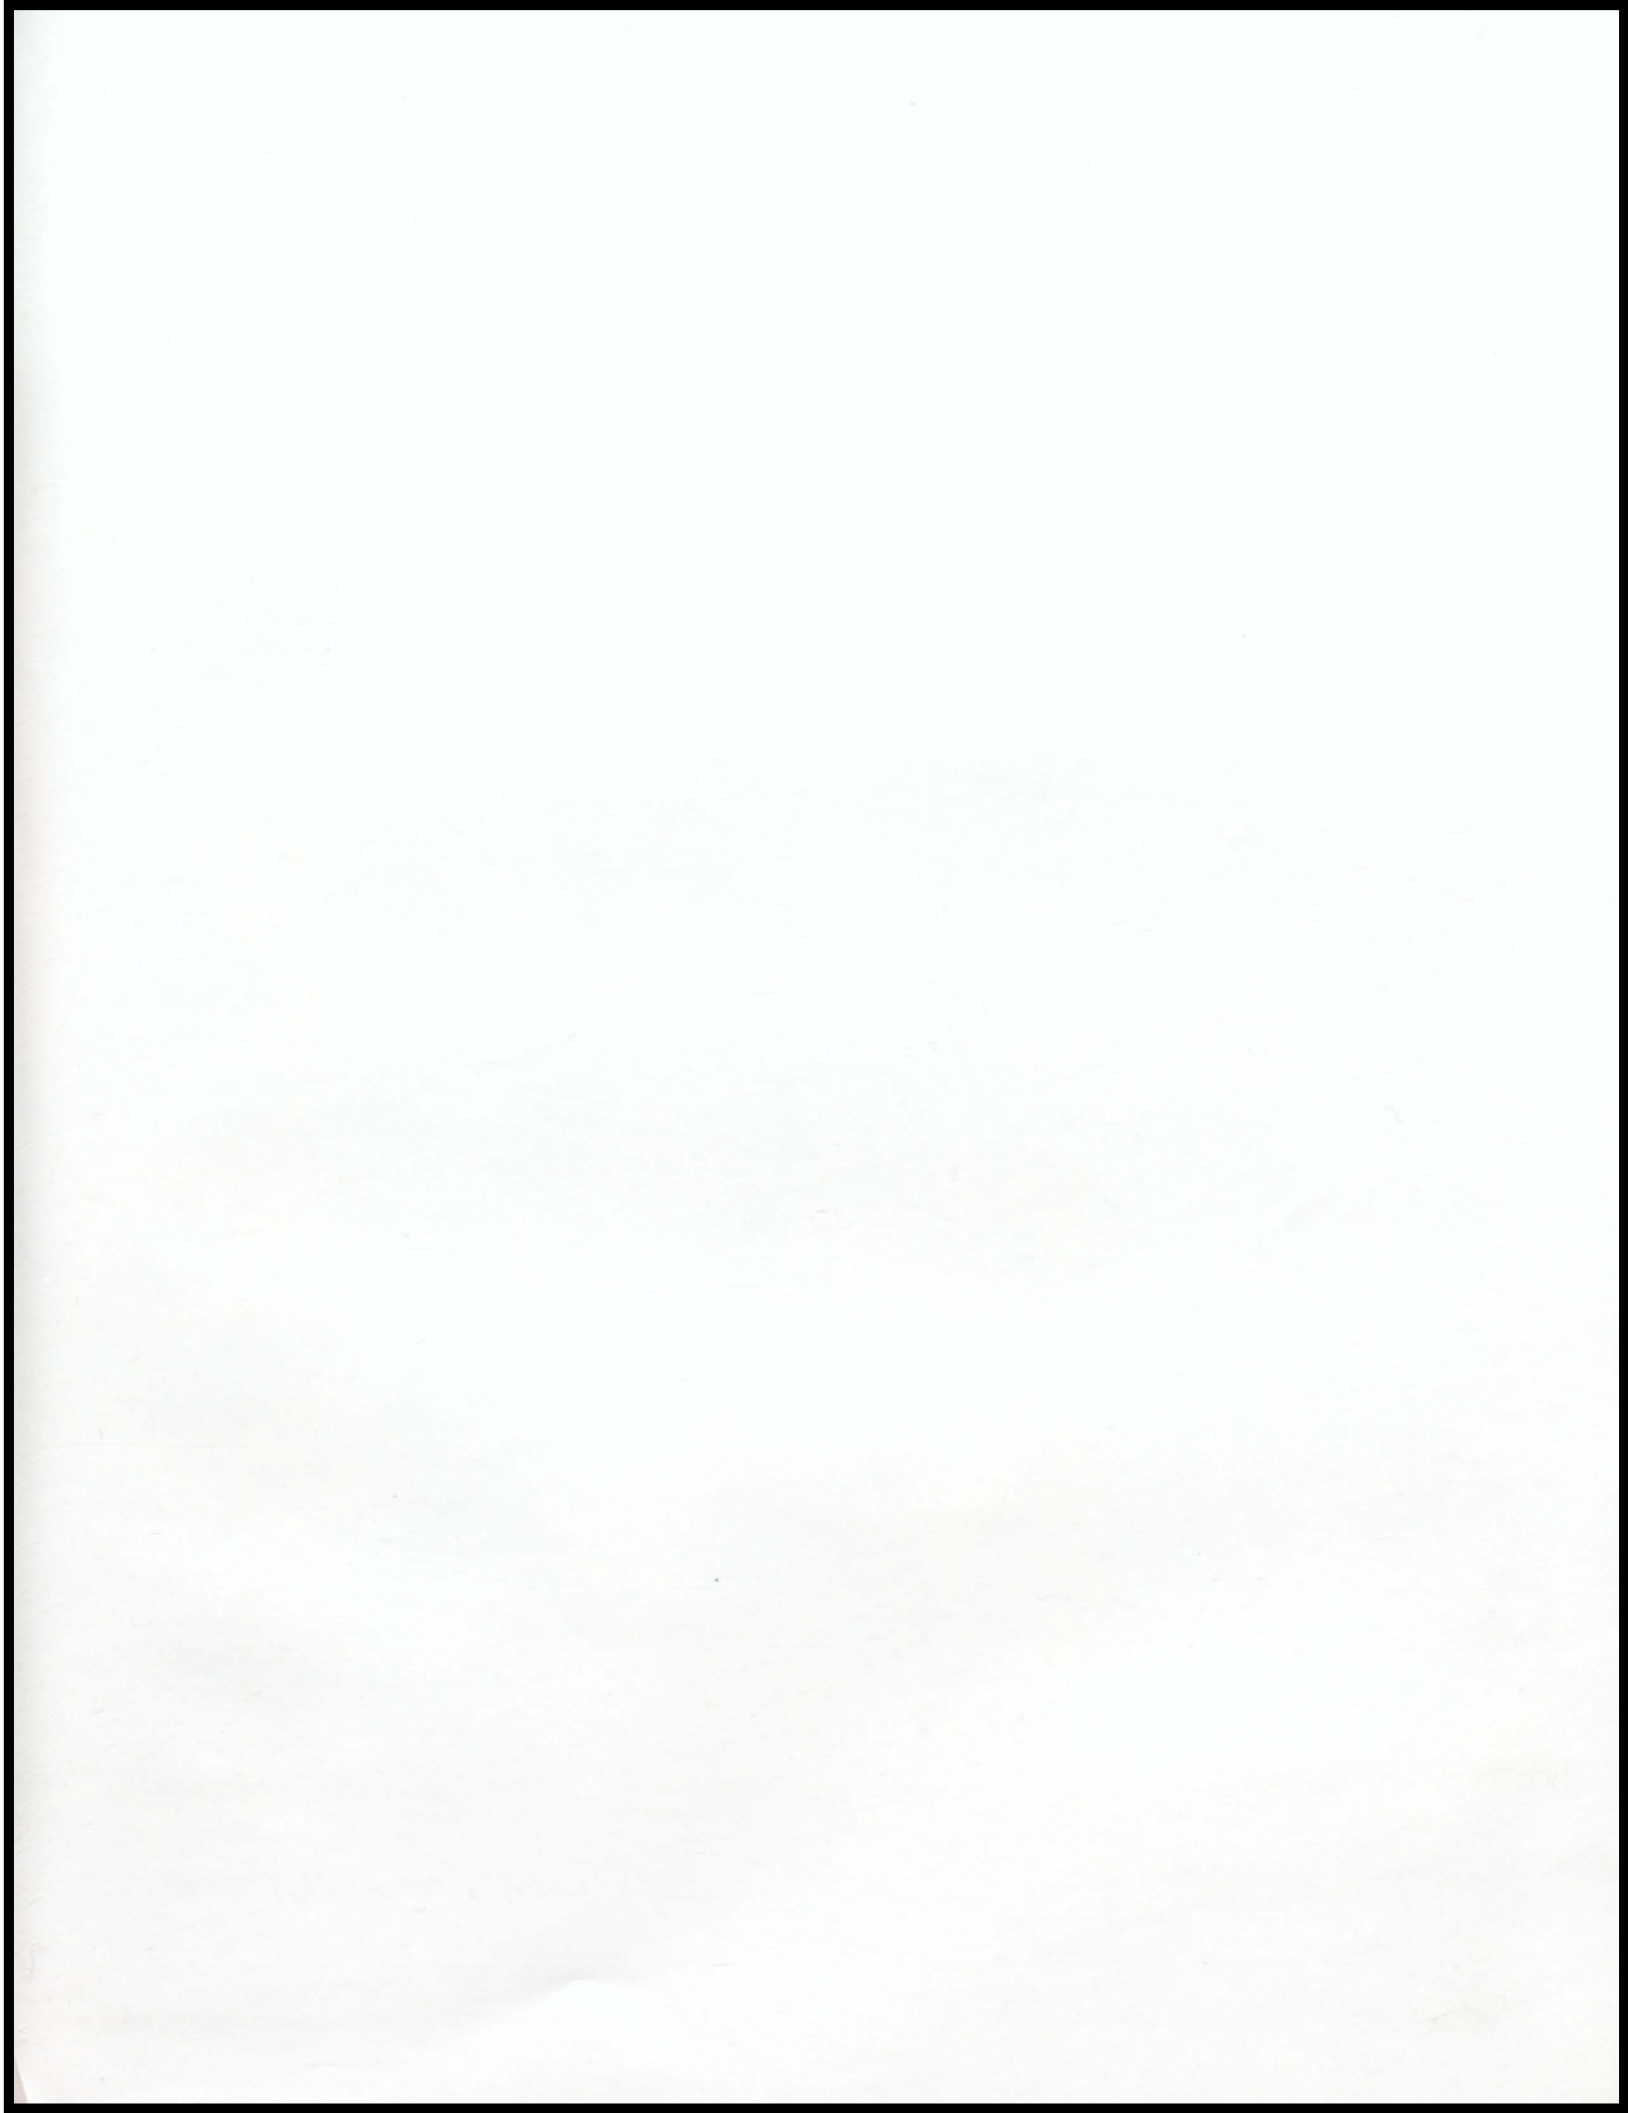

-Harold V. Johnston

In Closing...

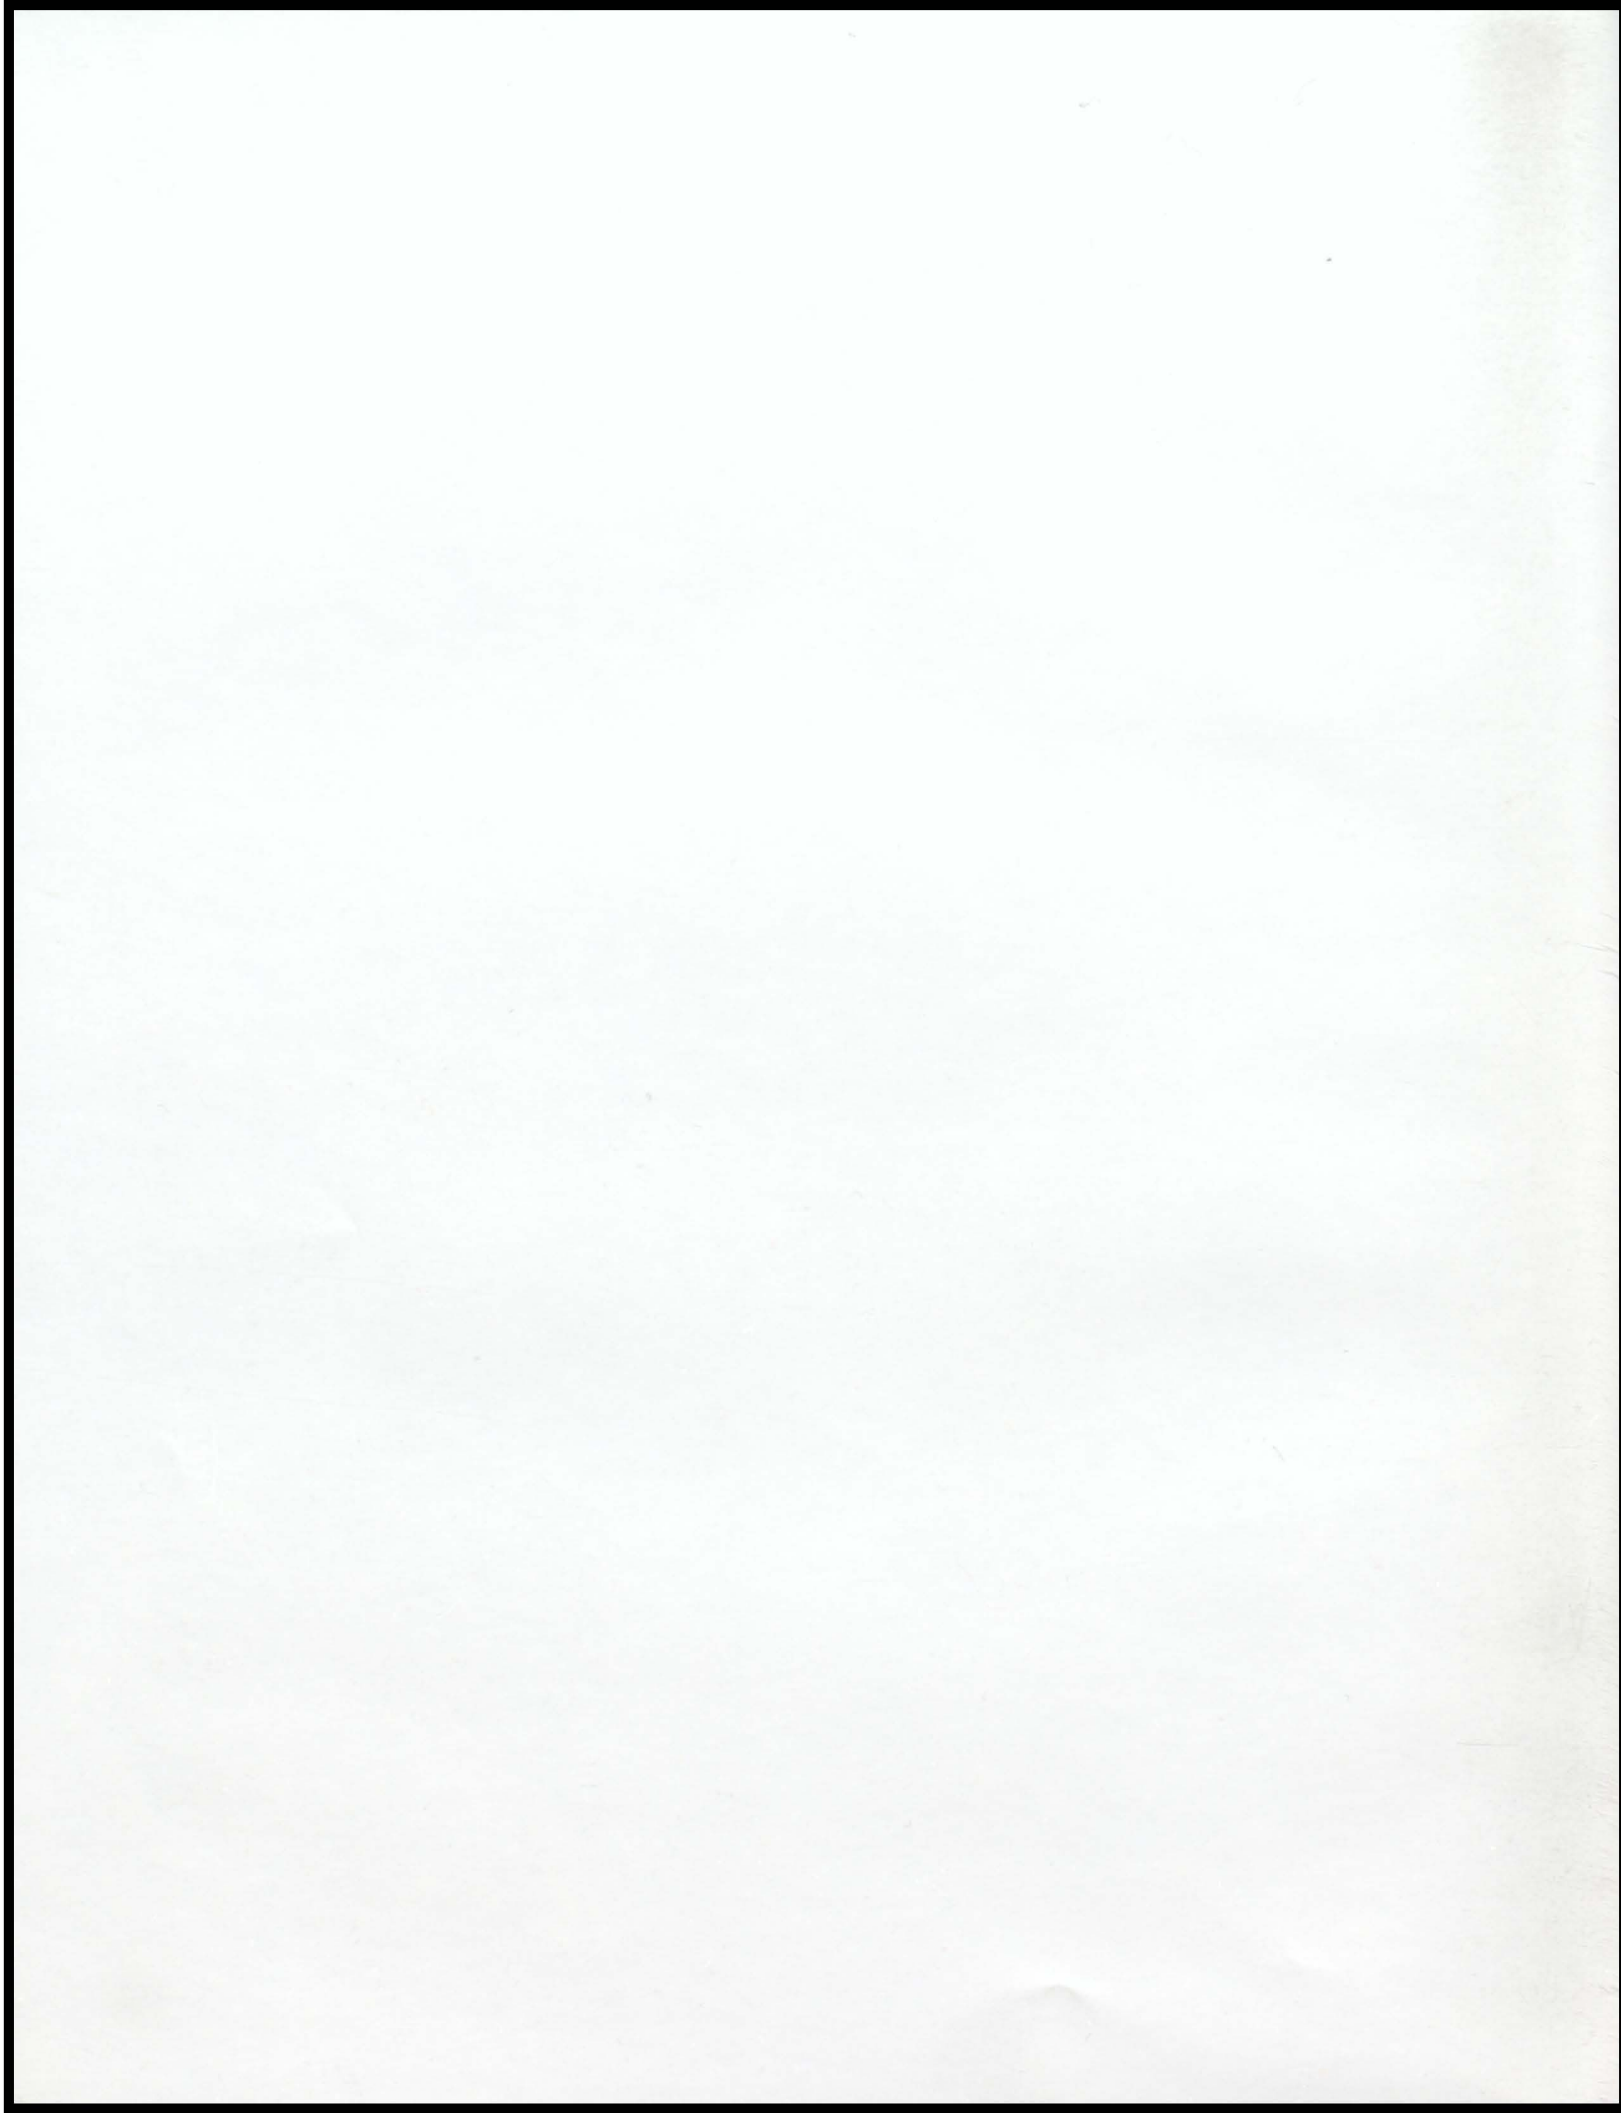

"Live your life each day as you would climb a mountain. An occasional glance toward the summit keeps the goal in mind, but many beautiful scenes are to be observed from each new vantage point. Climb slowly, steadily, enjoying each passing moment; and the view from the summit will serve as a fitting climax for the journey." ~Harold V. Melchert
