FFA Jacket Winners: Leslie Clark, DJ Johanson and Chase Westley

This school year was full of different events for the FFA. In the fall, the school year started with FFA members enrolling in agricultural classes and joining the chapter. The chapter had their first recruitment meeting at the City Park, playing softball and eating brats and hot dogs. Members participated in land judging and CDE's at Chester and Brandon. The FFA Chapter competed in various events in districts at West Central High School. Leslie Clark was elected a district officer, and the Flandreau Junior Parliamentary Procedure Team placed 1st at districts, and ended up placing 8th at the State FFA Convention in Pierre. In January, Leslie Clark attended the District Officer Training in Pierre, meeting various FFA members from all over the State, as well as many legislators at a legislative breakfast.

In January and February the FFA ran concessions for Wrestling and Girls Basketball games. Flandreau High School celebrated National FFA Week in February with great participation for dress-up days, chapter activities, and above all, having fun. In March the chapter hosted their annual CDE with around 930 students from 34 schools competing in various activities. Flandreau also attended CDEs at Tri-Valley, DeSmet and Lennox.

In April, Kyle Kramer placed 7th in the Nursery Landscape CDE at the State FFA Convention in Brookings, and Leslie Clark attended state meetings. The annual FFA Banquet was hosted by the chapter awarding scholarships and member achievements, acknowledging helpful staff and community members, and initiating new officer positions. The chapter hosted a pie auction afterwards with all proceeds being donated to the Wholeness Center. As the school year ended, members met with the FFA Advisory Committee for future planning. The FFA went on a chapter trip to the Black Hills in June and had a float in the County Fair parade in July.

This year was my first year being a part of creating the yearbook. I came to a yearbook meeting one day and just stuck with it after that. I loved the fact that you are able to show your creativity through how you put things down on a blank page. I'm so grateful for all the help throughout the year getting everything together to create this 2010-2011 yearbook. Also, I'd like to thank Marda Olson for everything she does with the yearbook. She doesn't get enough credit for all she does! I hope you enjoy every page!

## Year in Review...

Jared Sutton

I guess my season story for cross country has to just basically include memories from this previous year. It could start training during the summer with Guy and at the end of the summer 3 days before practice running to Pipestone on the hottest day of the summer with a heat index of 115. And then just starting off the season having some huge races to start the year including getting my first win at Arlington when we won the meet there. And then the following week seeing Guy win his first race was awesome and we just continued a great

season with new guys competing to run varsity every week and then Josiah moving here and stepping up and setting PR's every race including regions where on like his fourth race he qualified for state. And this year was just memorable because we were able to accomplish more than anyone expected and honestly more than I expected. And we were able to win 2 regular season meets, the Lake Central Conference, and Regions beating some of traditionally the top teams in the state. Just major highlights from the season that capped off a great year for us as a team.

**Race 1.** Michael Jopson 2. Boys Varsity Cross Country team win Regions. 3. Kyle Kramer, Michael Nelson, and Hannah Williams

## What's great about Cross Country?

Ryan Roagers, 12

To get to compete, it really doesn't matter your skill, or athleticism, all you have to do is run.

contributions have made her a valuable asset for the team and for our school.

# Coaching

Having a group of experienced senior leaders definitely positively influenced our team.

Coach Fischer

The JV team had an outstanding season. We really focused on working together as a team and everyone doing their part. Whether you were the passer, setter, hitter, or cheering from the bench, it was important for you to do your part so that someone else could do theirs. By everyone contributing to the team, we did some great things. I felt that all of the athletes made it a goal to get better each day and do their part to improve the team. I really enjoyed coaching the girls and seeing them succeed. They were a fun and energetic group of girls and were willing to listen and try new things. I had a great time coaching them and look forward to next season.

## Year in Review...

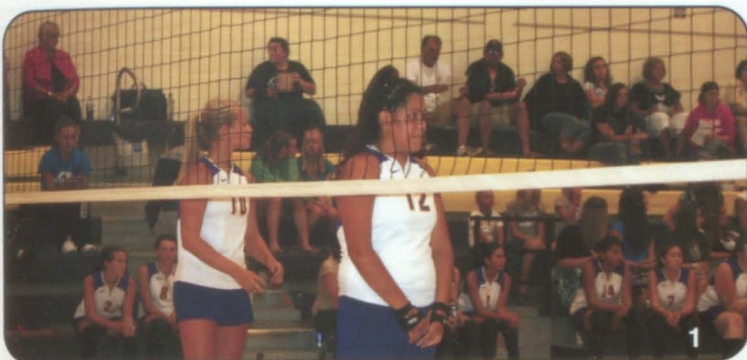

Hayley Burggraft

Volleyball this year was great! We grew together as a team and made some great memories in the process. A few of these include having a big win against Parker, Christmas in October, and getting second place in the Big East Conference. We had a blast preparing for our Dig Pink night, completing the night with a win. Parent's Night brought about smiles and tears as we remembered all the good times and played together for one last time at Flandreau High

School. Our team met goals and exceeded expectations. We bonded in more ways than one every time we practiced together. We had our ups and downs but I'll never forget the crazy long bus rides and all the good memories we made as a team.

What's great about volleyball?

I like being able to go up and hit the ball as hard as I can.

Cassie Feske, 12

Volleyball was a great experience for me. It gave me the chance to branch out from my group of friends and get to know new people while doing something we all enjoy. Being able to work together on the court brought us closer together as a team, on and off the court.

# Coaching

This will always be the team remembered for winning the first football state championship in Flandreau. But what will be remembered by the players are the lessons learned about hard work, being good team mates, doing your job well for the benefit of us all, doing the little things right all the time, and having faith in their abilities and in one another. Hopefully the boys can use this experience later in life to become successful at what they plan to do and to be as members of the Flandreau community.

**Coach Stadem**

This year was a year I will never forget. This year's group have alot to be proud of, especially the Seniors who battled through some tough early years and finished on top.

**Coach Ahrens**

The 2010-11 football season showed that when you get kids to work hard and believe in themselves that anything can happen. The hours, weeks, and months that this group spent in preparing for this season made them champions before beating Mobridge. Their championship character showed in the three playoff wins against Tri-Valley, Roncalli, and Mobridge. Winning the Class 11B state championship brought the school, community, and alumni together to show how great it is to be a Flier. A special season for a special group of young men that will never be forgotten.

**Coach Foster**

We were blessed to be around a group of kids who worked hard and did what we expected. It was enjoyable to see how our athletes respond successfully to adversity.

**Luke Gassman**

Overall it was a great year but the regular season loss to Tri-Valley was always in the back of our minds, as we knew that in order to be the best we had to beat the best. Coming into the second round of the playoffs vs Tri-Valley everyone knew that the winner would make it to state and more than likely be the state champs. We got the two touchdowns early but our

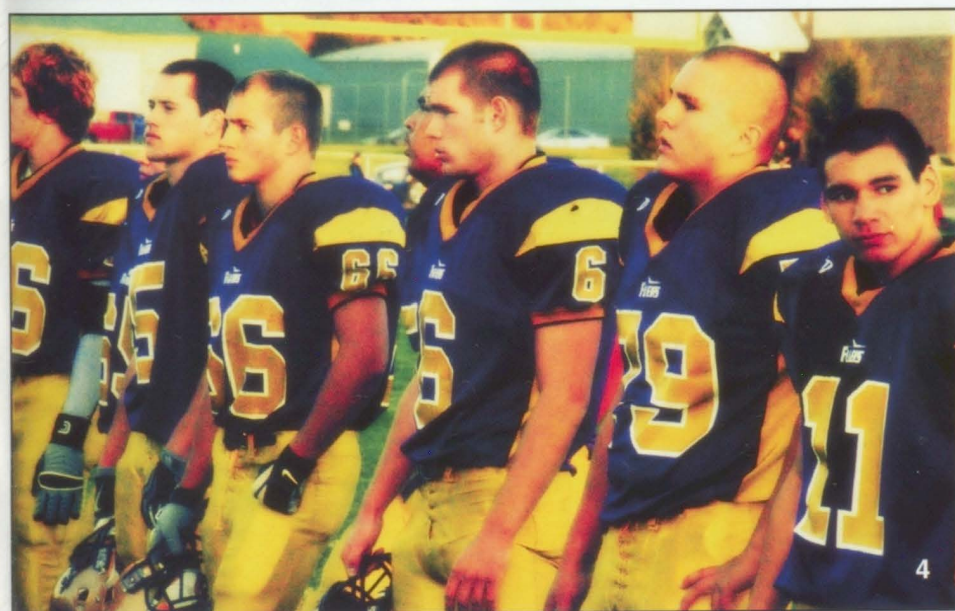

offense stalled out after that and after a Tri-Valley score they were one touchdown away from winning with the score at 12-7. Our defense really came together in the end getting three stops in a row on the goal line, then Carters interception to end the threat and seal the game. It's something i'll never forget ;)

Spenser Foster, 12

The community support is tremendous and there is a brotherhood aspect to it that other sports don't have. Football is the ultimate team sport and every achievement is the achievement of the whole team.

Carter Ahlers, 12

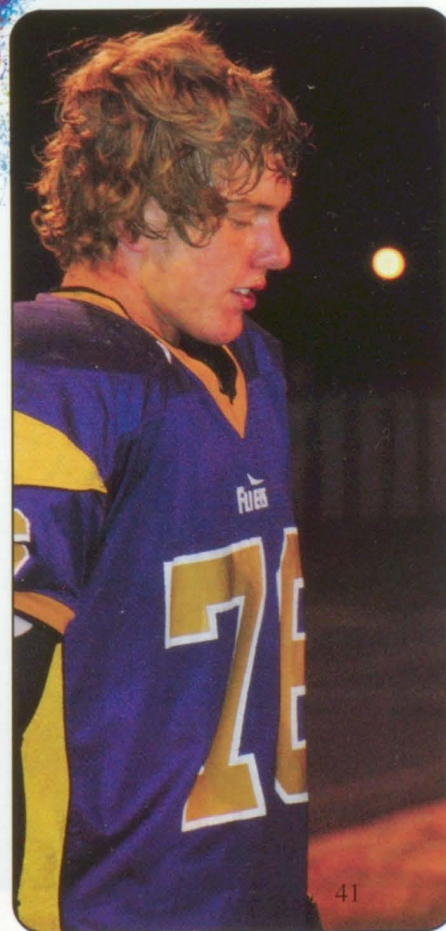

This year was a very fun year not just because of winning the State Championship, but was fun because of all the support we had from the school, community, and fans. Our team worked very hard every day to accomplish our goal that we set at the beginning of the year... Winning The State Championship.

Well the story of our championship run was truly amazing. The game was a battle from start to finish. In the 4th quarter we were down by 6 points with things not looking good when we turned it over with little time left. As a team we really came together that day and persevered to win the game in the final seconds. Luke's magical catch in the final seconds topped off the perfect season for a team that deserved it. Something that we dreamed about and worked so hard for since we were little kids. Winning the State Championship is something I will never forget in my life and that night was the best night of my life. In the future it will always bring a smile to my face ;)

# It's **ONLY** a Test!

## One Act Play 2011

Normally, pretending to be anyone other than yourself is frowned upon, but in the case of the 2010-2011 One Act Play, "This Is A Test" it was the only way to go...After many hectic and last minute changes in our acting line-up and a few practices canceled due to the always-unpredictable and terrifying South Dakota weather, our cast pulled off a pretty good performance and we were sent to the State Play Competition where we were allowed to further pretend we were other people for yet another show. When you look at it on paper, a trip to the State Competition and 6 acting awards for various members of the cast would definitely qualify as a successful year, but in the end, I think that seeing all of our hard work pay off was more of a rewarding feeling than actually making it to the "big stage".

When I was a freshman, I had 1 line in the All-School Play. 1. The line was "...don't you want any ice cream?" Yep...That was it...That was the pinnacle of freshman year; Talking about ice cream while wearing a shiny pink dress. I

debated quitting the plays many, many times that year... I can't put into words how glad I am that I stuck it out from having 1 line that was added in as a freshman, to having a main role as a senior, being in the plays really helped me find myself in high school. It's oddly gratifying to have people tell you that you did a fantastic job portraying a kooky and senile old woman or even getting noticed as just a background character. I've learned a lot of valuable skills that go past just the speaking and acting aspects of being in a play, but I've also learned modesty, how to relate to people, and accepting the failures and successes of hard work all while having a great time. Not only is taking part in backstage shenanigans worth being involved in the plays, but also walking onto a stage in front of an audience and acting like a fool (or, sometimes, a serious meaningful character) and getting real reactions is one of the best feelings in the world. I'm grateful for the people I've met and everyone involved in the plays I have had the privilege of being a part of, and I hope our theater program gets stronger and lives on. -Lindsay Warner

**Cassie Feske**

When looking back it seems as though everything has been a blur. Throughout my basketball career there has been words that have pulled us into something more than just a team, freshman year it was TOGETHER, sophomore year it was Fearless, Junior year it was Believe and Faith; and this year it was Attitude and Effort. This didn't just give us something to think about but it gave us something to think about as a team. One of my favorite parts about basketball was when we would all go over to someones house to eat before a game. Also all the food that we got after games. It was always delicious and I might have to make that fruit salad every once in awhile. Of course if you were there to hear April say 3 Hos and a Merry Christmas you'll never forget that. Also if you ever thought Mr. Relf wasn't listening when you said something a little to loud,

he probably heard you, but he can keep a pretty straight face. I'll never forget our half court shots and when we won Relf bought doughnuts. I'll never forget all the days that Brooke and myself stayed after practice working on our half court shots. I'll never forget the early mornings lifting, the hot gyms in the summer, and all the camps. I'll never forget the bus rides quiet and loud. I'll never forget driving in a blizzard to Marshall Minnesota to play one game, and then getting to eat pizza on the way home. I'll never forget all the advise, the hard practices and the fun ones. Ill never forget my team because they are my friends, my family.

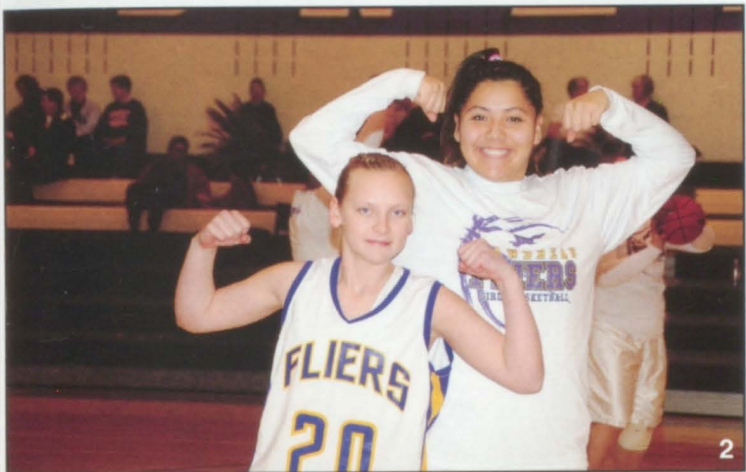

I try to never lose sight of what a special time it is to be a women's basketball player. ~Sue Wicks

# Coaching

We had a very good season even though the weather wasn't the best. We still did many things well. The kids showed good improvement every meet and gave their best effort and that is all we asked of them. We are proud of these kids and they were a fun group to coach.

Coach Stadem

A lot of rain, not a lot of meets. Congrats to those who placed at the state meet and to Georgia for all of her years of dedication to the Track and Field program!

Coach Gappa

The seniors were great leaders for our team and the young kids really stepped up when they needed to.

Coach Adolph

It was fun to get to know the kids. They worked hard in practice and at the meets. I will miss the opportunity to work with them. I'm sure they will have a successful season next year.

Coach Baloun

Along with the fun there was a lot of mischief, including trying to roof the soccer balls on top of Spafford or causing trouble in the boy's bathroom with the radiators. Everyone watched Nickelodeon for the sole purpose of hearing Helga yell "Move it football head!" and seeing what adventures those little Rugrats had in store for us. As the last 4th grade class of Spafford, to this day, I, Tony Ullom, have a brick at my house from the building where I started my education.

We then would get a "taste" of the future when we went to lunch in the high school lunch room. Lunch was followed by our final years of recess. Recess in Middle School included playing out back or streak in the armory gym. After recess we had a little more class before we went and enjoyed our first years of school sanctioned sports. Rinse and repeat and those were our Middle School days. 8th grade prom wrapped up our Middle School careers.

**Quote:** "Gratitude unlocks the fullness of life. It turns what we have into enough, and more. It turns denial into acceptance, chaos to order, confusion to clarity. It can turn a meal into a feast, a house into a home, a stranger into a friend. Gratitude makes sense of our past, brings peace for today, and creates a vision for tomorrow." ~Melodie Beattie

**My biggest influence has been...** My biggest influence would probably have to be my mother. She has always been there, when I needed her seeming as how I haven't really had a father figure around too much. I owe everything to that woman, and definitely wouldn't be here without her.

**Advice for future seniors:** Keep your grades up, do your best. Have fun, then reality starts.

**Future plans:** Air Force

**Final words:** I would like to say first off that I was very nervous moving from Florida back in sixth grade, leaving all my friends, and coming to a state that I had never even heard of. But after getting here, and just getting to know some of the town folk, and how everyone interacts in this society, has really made me come to terms with the fact that, it doesn't get much better than a place like this. I have never really been to social since I have come here, but I have nothing but respect and admiration for everyone in this town. This whole town should be proud of its accomplishments.

**Ryan Daniel Roagers**

I would also like to give a shout out to all the teachers over the years, that have put up with some of my slacking off. You guys are the greatest, and deserve a lot of respect. I know you were a big part of getting me to where I am at.

**High School Memories:** As freshmen we came in and ruled this school. Winning best class skit 3 years in a row from freshman year to junior year was evidence of our dominance. Our boys were a brotherhood from the beginning. The girls might have had issues with each other but worked those issues out senior year to cheer us on in the dome. Ben Christensen was the most dominate apple bobber the school has seen, being the champ in the homecoming games. Many individuals will remember different things from their high school experiences. We will carry these memories for the rest of our lives.

**Advice for future seniors:**  
Don't ever give up or miss too much school. It's hard to catch up. Stay determined and listen to Mr. Foster, hate to admit it but most of the time he is right!

# CLOSING 2010-2011

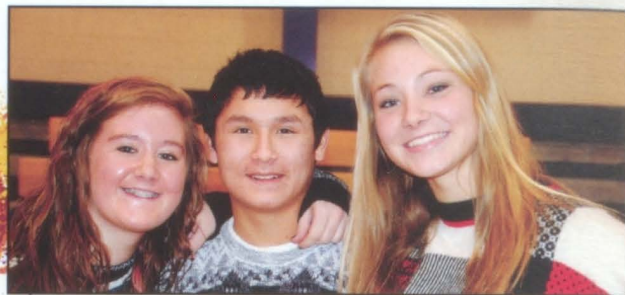

The goal of creating a yearbook is to document the main events that take place throughout the year. I hope this year's yearbook conveyed some of your happiest and most joyous memories when you look back at it 40 years from now! This will help you always remember where you came from and how happy your surrounding peers made you feel. So let's put a close to this 2010 - 2011 yearbook and enjoy! :)
