Welcome to Our Story: Flandreau High School Edition. This year there have been many new adventures and friendships made. Inside this lovely book, we, the yearbook staff, have recounted yours and our greatest hits with our favorite characters - the students and faculty at FHS. Since a picture is worth a thousand words, the yearbook staff carefully picked pictures which display Our Story completely throughout the 2014-2015 school year. We hope you enjoy looking through this book and remembering the good times this year. Take a breather, sit back, and enjoy

HOMECOMING 2014

One of the most memorable times in school is Homecoming Week. Students dress up as hippies, favorite fictional characters, and in most unfashionable styles. The week begins the same each year with Little Orpheum where students and teachers perform skits. This year the Freshmen performed their rendition of *The Little Engine that Could*, the sophmores *Willy Wonka*, the juniors *The Three Little Pigs*, the seniors *If You Give a Moose a Muffin*, and the High School Staff *Goldilocks and the Three Bears*. Throughout the rest of the week, the classes competed to win the Spirit Stick. Student Council Games, the parade, and pep rally rounded out another successful Homecoming Week.

The week's dress up days began with **Storybook Day**, where favorite book characters came to life. Tuesday brought on a **Color War** between the classes with the seniors **blue**, juniors **white**, sophomores **orange**, and freshmen **red**. **What Not To Wear** Wednesday consisted of unique outfit pairings that no one should ever wear together. **Ever**. The fashion of the seventies for **Hippie Day** returned to the school on Thursday. The week closed out with a sea of purple and gold for **Spirit Day**.

This beat's called trophies, stole it from Drake,
With it there are some things I need to state,

Doing this again, new song but same Flier crew,
Writing this rap, like a pencil number two,
Flandreau homecoming, this is how we do,
This is an important message from me to you,

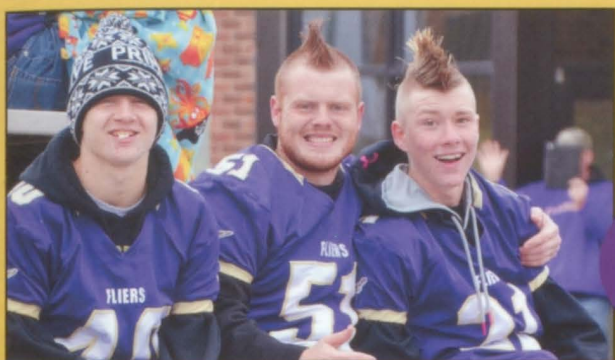

People in this town, represent the purple and gold,
If you're a young little kid or elderly and old,
Only team inside is the Fliers in your soul,
Represent Flandreau, be loud and be bold

And as you know Flandreau is top, yes, the absolute best,
No other place I'd rather be, there is no contest,
Time to go to the sky, time to leave the nest,
And Fliers fly higher, over all of the rest,

Get your hands up, hands up higher,
Yes we are the Flandreau Fliers!

Senior Football Interviews
<https://youtu.be/SYqDnIsJf3w>

Brothers like that don't come cheap. You fight. You cry. You lie. You bleed. And you lean on one another. Blood brothers.

One of the most memorable moments...

...this year was when Coach Johnson was nicknamed Wreck-It-Ralph. He didn't seem to enjoy this nickname and would throw a football at anyone who made fun of him, but he taught us a lot of useful techniques on the offensive line and we were glad to have him be a part of our team. A huge intimidation factor for every game was Mr. Clarke's shaved legs. It didn't seem to work out very well, but we always enjoyed having Coach Clarke in our company. This year had a lot of firsts, including practicing in the parking lot at 7am due to Mr. Ahrens not being able to figure out how to turn on the stadium lights. He may not have been able to figure out how to turn on the lights, but his leadership and motivation this year was key to keeping all of us together as a team. This football season was filled with a lot of adversity, challenges, and life-lessons. It wasn't the year we were expecting, but in life we face challenges that aren't always easy and we must overcome these difficulties. The coaches never stopped believing in us and always pushed us to the best of our abilities. This adversity we experienced is something that will help us in the future. We hope that the upcoming classes can learn from these experiences, succeed, and continue the strong tradition of Flandreau Football.

This season was a tough one for the team...

...with two new coaches coming in, but we made the best of it and had a good time. We seniors have had three different coaches throughout our high school volleyball career, and it hasn't been easy having to learn new techniques for each one. Luckily we have had each other and great teammates to help us learn, enhance our skills, and make our experience enjoyable. A few of my favorite memories are going to Olive Garden with the team after the first week of practice, having a team sleepover at Kelly Johanson's house and watching the Paranormal Activity movies, and getting to each of the delicious meals before home games that our parents would make for us. Throughout my four seasons of volleyball, I have grown close to so many people and it is going to be hard saying goodbye. I am proud to say that I had the privilege to wear a purple and gold jersey and wish the girls luck on their upcoming seasons!

"The Boys Cross Country team saw many new runners join the team and many of the returning runners reaching new levels of accomplishment. It was great to see Anthony and

Dylan make it to the State meet together for the 3rd straight year, and for Dylan to earn a medal (18th) at State. The girls team keeps improving from year to year. Last year we sent three runners to State and this year the team qualified from a very tough region. FHS Girls Team finished 8th at the State meet marking the best finish in school history.

Coach Parsley

"This season was definitely one of my top two favorite as a Flandreau XC coach. From the get-go, Mr. Streitz and I were impressed with the number of athletes that showed up and the comradery they demonstrated.

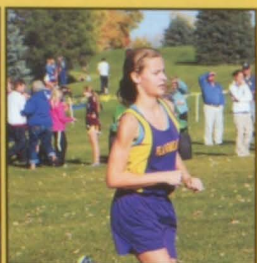

Each year there seems to be a midseason "lull", but this year there was no dead spot where students got lethargic and disgusted. They kept up the hard work and energy all year! XC may be an individual sport but you compete as a team. This was especially proven true when the women's team became the first Flandreau women's team to place at State! Finally, a ladies team on the banner, and hopefully not the last either!"

Pre-State Rap by Coach Parsley

Hello everyone, I hope you're having a good morning,
I'm going to rap for you, I hope it's not too boring,

Let me give you a recap about the weekend,
About two great guys and six strong women,

We packed up the bus and headed out to state,
To show everyone the meaning of great,

The girls got ready because they ran first,
They gave it their all and they really did work!
Mara, Hannah, Marilyn, and Kathy,
They ran their best and the results were smashing,
We had two girls get in the top twenty,
And that was Sinona Flute and Madeline Hursey!

When they counted up the points the news was great,
Because these girls managed to finish in the top eight!

But next up we still had the boys to get running,
Like Dylan Erickson and Anthony Julson,
The boys ran so hard and they got out quick,
They went with all they had and they were all in it,
When it was over and done and they ran the race,
Julson ended up in twenty-eighth place,
And Dylan finished up on that top twenty team,
Ladies and gentlemen he got place eighteen!

That's it for now, that's how the story ended,
That's all from Coach Owen and Coach Brenden,

So everyone soak it in and get a good look,
These are the runners for the ages and the record books,

Please put your hands together and please join me,
In cheering for these state runners of cross country.

And I can't stop till the whole world knows my name. 'Cause I was only born inside my dreams.

This Cross Country Season was definitely...

OUR STORY

...one of the toughest for me. I had a major injury that resulted in me only running a few meets. With me being injured practically the whole season, the guys had to cover my spot putting more pressure on them. They did very well and I'm proud of the guys for doing so well. We still had two guys make it to State even though we didn't make it as a team and that was pretty sweet. The girls had a really good season this year, making it to State as a team. This hasn't happened in a pretty long time so I'm really happy that I got to see it happen in my last year. One thing that other runners and I will always remember about Cross Country is Mr. Streitz's thing he would say when we were almost home; "make like ET and phone home." Honestly, he said that every single meet in my 5 years running. That guy and Mr. Parsley are the biggest reason why I'm going to miss Cross Country. Without those two, I don't really know if it would have been as enjoyable as it was.

inspires students to stay inside. But don't worry, they still find ways to entertain themselves. Some dress up as supernatural creatures to perform a Shakespearean play. Not many people may agree, but...

OUR STORY

...I believe that wrestling is one of the hardest sports known to man. I started wrestling in 8th grade. Going in I had no idea what to expect down the road. Wrestling takes dedication, hard work, and all of the effort you have in order to be successful. There are two sides to that however, you could be the hardest working athlete on the team and not win a match all year long and vice versa. To be honest, I hated wrestling when I first started. It beat me down and pushed me to the absolute limit, something I had never experienced until then. On the other hand, that is one of the reasons why it kept bringing me back. One of the most rewarding moments of my wrestling career was accepting the 8th place medal in Rapid City at the South Dakota State Tournament. I have one year left and this is my last shot. Wrestling molded my high school career, and made me the person I am today. I encourage everyone to at least give it a shot before they form their opinion about it. Some of the basketball players need to come experience Ross's bomb conditioning practices next year before they talk bad about our sport.

Introducing Hannah Williams

Coaches' Corner

Coach Relf

"As we entered the season I felt for us to be successful it would take positive attitudes and maximum effort every time we stepped on the court. I thought our kids played with a solid work ethic and a determination that represented Flandreau High School very well. I was very pleased with the improvement that we made throughout the season. Each member of our basketball program made the commitment to improve their own skills to make our team better. This team made great progress this season and I am very appreciative of their effort and very proud to have had the opportunity to coach them."

Coach Selertson

"The Junior Varsity had a successful season. With the progress made and effort shown, a coach can't help but look forward to the future of Flandreau Girls Basketball."

FHS basketball has been...

OUR STORY

...some of the most challenging and rewarding times of my life. It has taught me many life lessons and made me closer with my teammates. It has been a long time since the Flandreau Girls Basketball program has had ten wins in a season and I am proud to say that I was a part of that team. Some things I won't forget are dancing in the locker room to Uptown Funk, half court shots in practice, and team meals before our games. Oh yeah and you can't forget Coach Severtson always yelling "BE AN ATHLETE". I was very privileged to have Coach Relf as my coach from the beginning to the end of my basketball career. I wouldn't have had it any other way. This year we created a team bond that we have never had before. We knew we could count on each other and we were proud of each others' accomplishments. The last home game meant a lot to all of us because the environment of the gym was amazing. This season is something I will never forget.

JV Girls Basketball

Mara Lunday

Makenzey Burggraft

Hannah Williams sets a screen for Baylee Relf.

Coach Don Meyer once said, "Your program must have an overriding purpose which is clearly visible and which teaches lessons beyond winning." Mr. Brian Relf began coaching basketball in the late 1980s. Coach Relf was lucky to have learned much from coaching under the great Roger Fodness early in his career. At Flandreau High School, Coach Relf served as an assistant boys' basketball coach and also as the head girls' basketball coach. In 1997, he helped to lead the boys' team to a state title and later led the girls' team to a sixth place finish at the state tournament. In his career that spanned almost thirty years, Coach Relf taught basketball to the best of his ability. His players, however, took away more than just on-court knowledge – he preached the importance of attitude, effort, and togetherness. It was always evident that Coach Relf loved playing and teaching the game of basketball and that will never change. It has been the privilege of many players to call Mr. Relf "Coach". It has been my privilege to call him Dad. - Baylee Relf

Hannah Williams

Hannah brings a defensive toughness to our team. She was often times given the assignment of defending our opponent's best post player and accepted the challenge to the best of her ability. As a result of her efforts, she led our team in both blocked shots and steals this season. Hannah is one of those kids that has the ability to disrupt our opponent's game plan.

OUR STORY

...seasons. No one thought we would be very successful because we had a young team but our hard work really showed when we started playing. We had a winning season and had some younger teammates who really stepped up and filled big roles. As a team we were able to accomplish many things like breaking the school record for fewest points allowed against Howard. Dylan LeBrun also tied for second on most points scored in a game with 41 points. I'll always remember that we would always shoot half courters the day before games for Gatorades also. My most memorable moment was when we played Garretson for the district quarter final and Xavier made a game winning shot as the buzzer went off. The environment and excitement is something I will never forget when thinking of basketball. When everyone is cheering and supporting you it is really something special that I will always remember.

makes students (and most teachers) antsy to be done with school, but there is still so much left to do. Juniors have to stress over prom. Cast members of the all-school play learn to sing, dance, and rope. Golfers have the Flandreau Invitation for the first time in years. (Seriously, how long has it been?) Tracksters run and throw with all their might. On top of these activities, teachers still have to teach the kids some things before they leave for the summer. Seniors cram everything in until the very last minute before graduation.

Track...There is something about track that...

...nobody likes. Yet we come back every year and go out. There is something about those 400s that you hate and you never want to run them yet when you get that baton, it's the greatest thing in the world. Those practices where you get your best tan and your worst burn. Every time, you get on that bus to go to a track meet, you never know how the day is going to go. With track you can have the most spectacular day in an event and the next could be your worst ever. When you lose an individual event in track there is no one else to blame but yourself and yourself only. That's the beauty of track; it can be an individual sport and at the same time with relays, you can learn to rely on each other. All you can do is show up that day and give it all you got.

An essential part of any story...

are the characters. They are the ones who create the story and give it life. This little section displays the main characters in Our Story. From the new kids on the block (the freshmen) to the old timers (the seniors), each person plays an important role in the story. While some may seem insignificant, without them the story would be incomplete. It is the diversity and unique qualities of every individual that creates a dynamic and complex story.

Future Plans: I plan to go to Dakota State University and get a degree in Health Information Management with a minor in Coding.

Karissa Caye Blum

Activities: Girls Basketball Stats, Volleyball Stats, Chorus, All-State Chorus, National Forensics League, Band, Jazz Band, Oral Interp, One-Act Plays, All-School Play, NHS, Class Officer, Community Band & Choir

You're gonna fly with every dream you chase. You're gonna cry, but know that that's okay. Sometimes life's not fair, but if you hang in there.

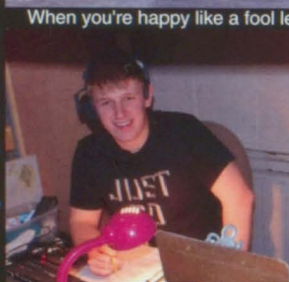

I hope you always forgive and you never regret.

Remember when I was young and so were you, and time stood still.

When you're happy like a fool let it take you over. When everything is out you gotta take it in.

Don't let your love pass you by.

Growing up and getting older. I don't want to believe it's over. Don't say goodbye, cause maybe it's not the end for you and I. And although we knew this time would come for me and you. Don't say anything tonight if you're gonna say goodbye.

Lean on me when you're not strong, and I'll be your friend. I'll help you carry on. For it won't be long til I'm gonna need somebody to lean on.

So take the photographs and still frames in your mind.

But we'll laugh and we'll cry till there's no more tears.

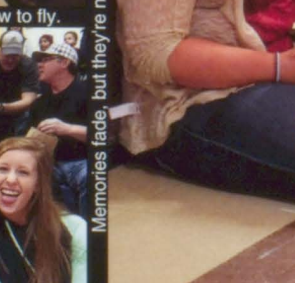

Hang it on a shelf in good health and good time

I'll take a risk, take a chance, make a change and breakaway.

But we'll laugh and we'll cry till there's no more tears.

I'll spread my wings and I learn how to fly.

Memories fade, but they're never lost. Colors change with time and change of heart

In my heart there'll always be a place for you for all my life..

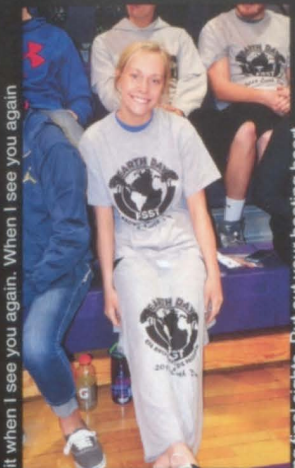

I'll see you in the future when we're older and we are full of stories to be told. Cross my heart and hope to die. I'll see you with your laughter lines.

We were wild.

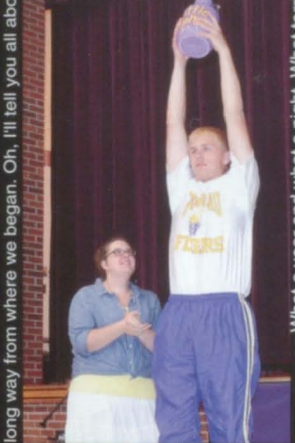

Everything I went through you were standing there by my side, and now you gonna' be with me for the last ride.

I miss that town. I miss the faces. You can't erase. You can't replace it. I miss it now. I can't believe it. So hard to stay, too hard to leave it.

It's been a long day without you, my friend and I'll tell you all about it when I see you again. When I see you again.

Remember the words said.

We were young.

You're original, cannot be replaced.

This is the time. This is the time of my life.

So I'll taste every moment, and live it out loud. I know this is the time.

I will remember you, will you remember me?

I miss the sound of your voice, loudest thing in my head.

Your dreams stay big. Your worries stay small.

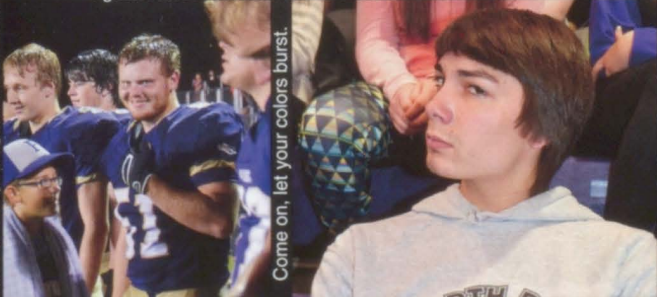

Hope when you take that jump, you don't fear the fall. Hope when the water rises, you built a wall.

If you're lost you can always be found.

There's always a seed before there's a rose. The more that it rains, the more I will grow.

Come on, let your colors burst.

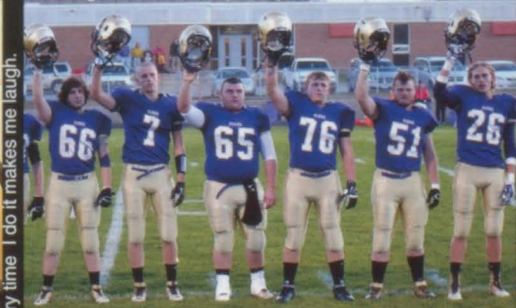

So darling, darling. Stand by me.

You make me smile like the sun, fall outta bed, sing like a bird, dizzy in my head, spin like a record, crazy on a Sunday night.

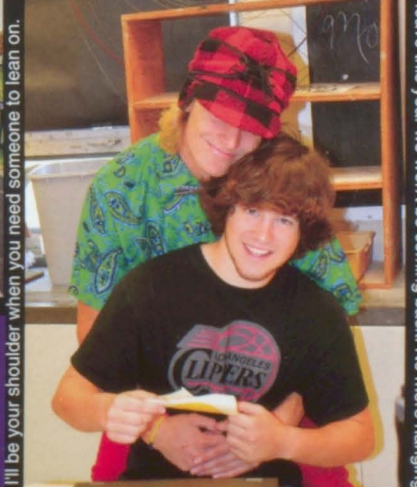

Baby, you're a firework.

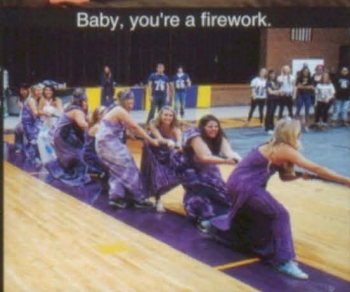

You never need to carry more than you can hold.

I'm just beginning. The pen's in my hand, ending unplanned.

This bond between us can't be broken. I will be here. Don't you cry.

Look at this photograph. Every time I do it makes me laugh.

Live your life with arms wide open.

If I hold onto the memories and use them to guide me, will you be right here beside me?

I keep thinking times will never change, keep on thinking things will always be the same but when we leave this year we won't be coming back. No more hanging out cause we're on a different track.

When I think back on these times and the dreams we left behind, I'll be glad 'cause I was blessed to get to have you in my life. You were right there for me

Another turning point, a fork stuck in the road...

OUR Last Chapter.

On behalf of the Senior Class, I would like to extend a sincere "thank you" to all of those who have supported us during our time at Flandreau High School. We are extremely grateful for our parents and families, teachers, administrators, underclassmen, and the community. It is hard to believe that thirteen years ago, this group of bright-eyed kiddos started kindergarten at the CCD center. As the years passed and many memories were made, we now find ourselves in caps and gowns, ready to graduate from high school. For our parents, this day may seem surreal. I know my own mom has asked me multiple times, "Where did my baby go?" I'm sure my classmates' parents can relate. Our teachers feel they have equipped us for the future, are proud of our accomplishments, and are more than ready to begin their summer vacations. Our tides are changing, and it is a bit difficult to close this chapter of our lives and to start anew. In a small-town high school, it is easy to come to know people. I think it is safe to say that our time together has made each of us very familiar with one another – we have significant history. This afternoon, I would like to share things I will remember about each graduate in the Class of 2015. To preface, you all should know I mean each of these comments in the absolute best way possible.

Erica Behrens, the Student Body President at FHS, has a great gift for planning and organizing. She always has had a vision, and worked tirelessly to make sure she follows through. I enjoyed every minute of prepping for prom with Erica, her mom, Teresa, Brooklyn, Emily, Hannah, and all of the other girls. It was truly a blast each year. A word that comes to mind when describing Karissa Blum is genuine. She has always stayed true to herself and battled through every challenge set before her. I owe my sanity for the past four years to Karissa. She has always had a listening ear and a calm response that I will miss dearly. Kiley Burggraaf is one of the most caring and sweet people you will ever meet. She sees the best in everyone and almost always has a smile on her face. Destiny Dahmen and I, along with Karissa and Bailey Geraets, spent some long summer hours together at The Spot. I will not forget her quiet and gentle nature and will miss trying to solve the world's problems over a peanut butter cup cyclone. There is seldom a day when Kevin Davis can be seen without wearing Notre Dame gear. His dedication to the Fighting Irish is exemplary. Bailey Geraets and I not only share the same name, but we also were both seriously annoyed by being called "Baylee R" and "Bailey G" in the first grade. Although we've outgrown being called by an additional syllable to our names, someone always asks, "Which one?" when our names are called. One thing I cannot mimic is Bailey's rambunctious giggle that leaves everyone with a smile on their face. Kyla Hanson is hands-down the best book reviewer I know. I loved our conversations over lunch first semester and could always count on Kyla to fill me in on Earth-Space Science assignments when I missed class. Trevor Heinemann loves his toys. No matter the season, Trevor has an outdoor vehicle to enjoy nature with. I hope for more snow next winter just so Trevor can spend more time on his snowmobile. Randi Holiday's unique style will make her a very successful hairstylist or makeup artist in the future. Randi can be seen many mornings with a smile on her face and a Red Bull in her hand. All hail Thrift Store Prom Queen Alicia Jackson! Queen Leesh is sweet and soft-hearted in the best way. It is absolutely impossible to forget when Morgan Jensen's hair started on fire during church one Sunday morning. What is even more notable, however, is Morgan's incredible artistic talents. I envy her amazing ability. Daniel Johanson was born a farmer. You will not find a more hard-working and dedicated individual – and you always know when he is near because of his loud truck! When we were little kids, no one believed that Chandler Johnson's middle name was Ford. Now, years later, we realized that he was actually telling us the truth! Chandler's quiet demeanor is easily broken by his funny giggle that I'm sure we'll all miss. Shanaya Lunday is a natural director. Leave it to her to put together a great group formation for a yearbook photo. Shanaya is very tough and has the capacity to overcome any obstacle.

I will never forget how proud Andrea Palo was for becoming a US citizen in elementary school. It has always been evident that friends and family are very important to Andrea whether they are close by or far away. I think Tim Parsley is best described as an intelligent daydreamer. At one time, about all of the girls in our class had a crush on Tim, but he never seemed to notice. I think it's safe to say that we've all moved on, or just become impatient with your sweet oblivion. Maria Patterson is a lovely free spirit with a sense of adventure. I'm sure she remembers when my mom would sing to her in fifth grade and she would probably sing to her again in a heartbeat if she asked! Travis Pinnick has to be everyone's favorite pessimist. In the back of Ms. Gullickson's classroom in sixth grade, Emily Rosheim and I paid Travis a piece of gum each to see his unibrow. Emily can probably agree – that deal was the best we've ever made in school. When I think of Brenna Price, my mind automatically wanders to her devout love of ice cream. We all know she enjoys vanilla with chocolate syrup before bed, and we would think she was crazy if she broke the routine. All nonsense aside, Brenna has always showed the love she has for her family. The relationship she has – with her sisters especially – is admirable. In the high school hallway each morning, it is typical to see Chet Reed congregated with friends by a locker enjoying bakery donuts and a Mountain Dew. I will remember Chet as a hard-working individual. His achievements in FFA are something he should be very proud of. I remember when Amber Roagers joined our class in second grade. I think we all thought it was the coolest thing ever that she had lived in Florida. In third grade, Amber was so excited for the birth of her little sister that she put "Cute Megan" on her Valentine's Day mailbox. Both Chet and Amber have been my alphabetical buddies since second grade. I want you two to know I appreciate your extreme tolerance while I excessively nervous talked during the past two weeks. You both could have viewed me as a burden – and maybe you did – but I never was treated with anything but kindness by you two. No offense to any of my other classmates with facial hair, but Noah Rose takes the title for "Best Beard" simply because 1) he's had it since freshman year and 2) because its red. Miss Emily Rosheim has proven herself to be a very tough individual. After multiple knee surgeries and setbacks, she was able to complete her first full basketball season this year. I'm so glad I got to experience that with her. Emily exhibits a plethora of qualities that make her a friend to all. Taylor Ryan would probably much rather be working on one of his toys right now. Whether it be a snowmobile, four-wheeler, or a car, Taylor has a love for vehicles and a silly chuckle that makes everyone laugh along with him. Dalton Schipper and I have been neighbors for about seven years. We definitely bonded over how great our Golden Retrievers are – even though Dalton probably isn't as obsessed as I am! Ted Slattery entered our worlds at the beginning of sixth grade. To bolster his "bad boy" image, Mr. Slattery told us he was "straight out of juvie" for smashing mailboxes. I'm not exactly sure if anyone believed him, but it still gives my classmates and me a good laugh today. Ted has always been a nice and personable individual. We'll never forget his long hair phase and his infectious smile. When I think of Dallas Steinhauer, the song "Convoy" automatically pops into my head. Dallas' accomplishments in FFA and as an Eagle Scout are exceptional and something he and his family should be very proud of. Zachary Stephens has always struck me as a "quiet accomplisher". When he was little, Zach had a bike that looked like a motorcycle. I think every boy in our class was secretly insanely jealous of him. Where to begin with Derick Veldkamp. I think it's safe to say that Derick had a crush on me throughout elementary school. In sixth grade, I remember professing that I would never, ever, ever go to prom with Derick Veldkamp... This year, I went to prom with Derick Veldkamp. And it was an absolute blast. Derick has always been someone I could count on. He has no idea how much that has meant to me. Chase Westley is one of the most mentally and physically strong people I know. When he commits to something, he always works as hard as possible. I've also always thought Chase has the best manners and is one of the most polite people I know.

The term "public servant" is incredibly depictive of Taylor White. As a storm-chasing, fire-fighting, potential State Trooper pursuing a nursing degree, it is clear that Taylor wants to help people in any way he can. Mr. White and I took AP Government together this year and we rarely agreed on much. He can be my favorite libertarian as long as I'm his favorite liberal.

And last, but certainly not least, we have Kyle Williams. Kyle is one of the most kind-hearted people I know. Our lockers were next to each other this year and if I'm speaking honestly, I usually hogged the majority of the space in our area. Kyle was never angry and always graciously accepted my almost-daily apologies. Kyle is a person who sees the best in everyone and wants the best for everyone. The world needs more people like Kyle Williams.

As you can see, there is good in each and every single one of my classmates. That goodness is something that will never change. Today marks a transition in our lives. We leave the familiarity and safety of each other, these hallways, and at some point, our homes (at least our parents hope), and begin to venture into uncharted territory. But you're ready. And I'm ready. And our time is now.

In Ms. Fisher's tenth grade literature class, we read Julius Caesar. In his work, William Shakespeare wrote,

*There is a tide in the affairs of men.
Which taken at the flood, leads on to fortune.
Omitted, all the voyage of their lives in bound in
shallows and in miseries.
On such a full sea are we now afloat
And we must take the current when it serves,
Or lose our ventures. – Act IV, scene iii, 218-224*

I think what Shakespeare is trying to tell us is that we need to take advantage of the opportunities set before us. We may feel uneasy or unsure about the days that lie ahead, but we should be confident in our potential and our abilities.

We are ready. We are ready to take this current that Shakespeare writes of. It is my hope and my prayer that each of you find happiness, have a heart to serve others, and are always kinder than necessary.

It has been an honor to be your classmate.
