

Flier Spirit on the Big Screen

A Capital Campaign in Support of FHS Students and Their Future

Dear friend of FHS,

This letter comes to you as an alum, parent, business leader, or fan and as someone who loves and cares about the history and the future of Flandreau High School and its students and faculty. We are excited to announce one of the largest efforts undertaken by your Flandreau Flier Booster Club for placement of two high definition video boards in the elementary and high school gyms. We hope you will lend your support for the Flandreau Flier students and athletes and all that this great school means to you!

Imagine the excitement

You can imagine the excitement you and others who are so close to Flandreau High School will experience as the boards are playing videos before, during and after events! While it may not be the Jumbotrons at a major college, it will mean so much to students, family members, faculty and alumni who spent so many years as a Flandreau Flier!

The fundraising goal of **Phase I for the purchase and future maintenance of the video boards is \$350,000**. Many local businesses and individuals have already committed **\$290,000**. With your support the video boards can be installed and functioning by the beginning of the 2023-24 school year! **Can we count on you to make a gift today?**

Practical and educational

The video boards will be used at basketball games, volleyball games, and wrestling competitions. They will be a great addition for the school during concerts, physical education classes, pep rallies, graduation, and many other community events held at the school. The usefulness of the video boards moves beyond the gyms.

In the classroom, **educators and high school students will get hands-on experience in learning the curriculum provided by Daktronics**; students will have the opportunity to **create content for the video boards**; and, **students will learn how to operate the video boards**. It really is the opportunity of a lifetime for students considering their career paths!

The Future

With your support and that of so many others who have cherished memories and also a keen eye for the future of our great traditions, we hope that in Phase II of the Flier Spirit Capital Campaign we can raise additional funds for another video board in the football and track area. We hope you will share your ideas for the future of FHS as well. The Booster Club is your organization and its purpose is to support our students and athletes.

How You Can Support the Flier Spirit Campaign

Please look for us on Facebook and at our website [flandreau.k12.sd.us/activities/booster club](http://flandreau.k12.sd.us/activities/booster%20club) to make a gift online today! Or, you will find an enclosed slip to send back with the return envelope we have enclosed.

By simply saying, *'Yes, I want to support the students and FHS!'* you will make a difference in the lives of so many young people looking for positive support today!

Thank you for taking the time to consider this request and thank you for your support of the youth and FHS! Go Fliers!!!!

Michelle Iott, President

Justin Krull, Vice President

Lori Williams, Treasurer

Megan Severtson, Secretary

Sandy Sheppard, Board Member

Yes, I want to be part of the Flier Spirit Campaign!

I am enclosing a gift:

___ \$50 ___ \$100 ___ \$200 ___ \$500 ___ \$1,000 ___ Other

Checks can be written to: **Flandreau Fliers Booster Club**

If you prefer, you may donate through our Venmo account @flierboosterclub

venmo

We are grateful for your support.
