6720 FLANDREAU SCHOOL DISTRICT TOBACCO - FREE POLICY

The Flandreau School Board is dedicated to providing a healthy comfortable, and productive environment for staff, students, and citizens. The School Board believes that education has a central role in establishing patterns of behavior related to good health and shall take measures to help its students resist tobacco use. Curriculum related to tobacco - use prevention will be developed and introduced at the primary grade levels and given greater inept concentration at the secondary level. The School Board is concerned about the health of its employees and also recognizes the importance of adult role-modeling for students during formative years.

Therefore, it is the intention of the Flandreau School District to be tobacco-free.

To reach this goal, the school buildings and school vehicles will be tobacco-free beginning with the 1989-90 school year. Tobacco-free means that tobacco use (either smoking or chewing) will not be permitted by students, staff, or members of the general public.

All areas in buildings where people congregate for any school activities in the Flandreau School District will be tobacco-free beginning with the 1989-90 school year.
