• NOTE: Members of the public who desire to address the board on items of interest or concern that do not appear on the agenda are invited to do so at this time. Up to 15 minutes will be devoted to this agenda item with the board president to increase or decrease the time as needed. It would be most appreciated if you would limit your remarks to not more than 3 minutes; to appoint a spokesperson if the concern is a group concern; and to supplement verbal presentations with written reports, if necessary or desired. We ask that you remember that South Dakota law prohibits the board from discussing specific employees, their job performance, or students. If you have thoughts to share about items that are included as topics for tonight’s meeting, we would invite those comments when we reach that point in the meeting.

6723 REQUIREMENTS FOR GRADUATION

In order to graduate from Flandreau High School, a student must earn a minimum of twenty-two units of credit. A "unit" is earned by attending class five times a week for an entire year and passing the course. If classes are held for only a semester one-half credit is earned. If at the end of the first semester of the senior year, a student is not able to complete 22 units of credit by the time of graduation, they will not be eligible to participate in graduation exercises. If it is possible to complete 22 required units of credit, they may participate but will receive a diploma without an insert until required credits are received.

Students must actually be present and attending school at the Flandreau Public High School during the entire last semester of their senior year in order to participate in graduation ceremonies.

Even though the traditional cap and gown are worn at most ceremonies, what is worn beneath is significant because of its visibility. Dress shoes, slacks, and collared shirts for males and dressy outfits for females reinforce the dignity of the event. Not permitted are shorts, blue jeans, tennis shoes or extremely informal attire. Students not dressed appropriately will not be allowed to participate in graduation.

Change paragraph 2:

Students must actually be present and attending school at the Flandreau Public High School **by the end of the day on the last Friday in January** of their senior year in order to participate in graduation ceremonies.

13-28-43. Enrollment of student in other than resident district or transfer within district--Approval and notification. A student's parent or legal guardian who wishes to enroll the student, or an emancipated student who wishes to enroll, under the provisions of §§ 13-28-40 to 13-28-47, inclusive, in a South Dakota school district other than the resident district or in a school within the resident district other than the school to which the student has been assigned shall apply on forms provided by the Department of Education.

The school board or the board's designee of the district in which the student desires to enroll shall approve or disapprove the application and shall notify the applicant and the resident board, if applicable, of its decision within five days of the decision. The district in which the student desires to enroll shall review the applications in the order received. However, if the applicant is a sibling of a student accepted into and currently enrolled in the district pursuant to §§ 13-28-40 to 13-28-47, inclusive, that student's application shall take priority over all other applications the district has received consistent with § 13-28-44.

Transfers to a school district other than the resident school district under the provisions of §§ 13-28-40 to 13-28-47, inclusive, may only take place prior to the last Friday in September during the first semester of any school year, and prior to the last Friday in January during the second semester of any school year. If a school district approves an application for such a transfer after the deadline in the first semester, the transfer will occur at the start of the second semester. If a school district approves an application for such a transfer after the deadline in the second semester, the transfer will occur at the start of the following school year. However, the deadlines for transfer do not apply if:

- (1) A student is seeking to transfer to an alternative school or a specialized nonpublic educational program;
- (2) A student enrolls in a school district after the deadline in either semester; or
- (3) The receiving school district school board or the board's designee determines that special circumstances exist and allows a student to transfer after the deadline.

Intradistrict transfer applications may be accepted and acted upon at any time at the board's discretion if the policies on which the transfer decisions are based are consistent with the other requirements of §§ 13-28-40 to 13-28-47, inclusive.

An application may be withdrawn by the applicant prior to the approval of the request and upon notification of the district to which the student applied. Once approved by the district in which the student wishes to enroll, the approved application serves as the applicant's notice of intent to enroll in the nonresident district or desired school during the school year and obligates the student to attend school in the nonresident district or desired school during the school year, unless, as provided in § 13-28-47.1, the affected school board or boards agree in writing to allow the student to transfer back to the resident district or assigned school, or unless the parents, guardians, or emancipated student change residence to another district.

Once enrolled in a nonresident district or nonassigned school, the student may remain enrolled and is not required to resubmit annual applications.

March 21st, 2019

Dear Parents/Guardians:

Flandreau Public Schools will offer driver's education classes again this summer. The cost of the class is \$240.00 with checks made payable to Flandreau Public Schools. This fee is non-refundable, unless the minimum number of participants is not met. Fees will not be refunded if the participant does not show up for class or driving times.

To meet state law guidelines, each student must attend thirty hours of classroom instruction and drive six hours behind-the-wheel. Students must be 13 years of age by January 1st, 2019 to be eligible for this class. There are 26 spots open and will be determined by age. Unfortunately, scheduling constraints cannot allow for any absences. There will be no make-up hours available if a student misses a class period. All school rules and policies will be in effect during driver's education.

Classroom instruction will begin on Tuesday, May 28th and will finish on Thursday, June 6th. Please note that the schedule is subject to change, depending the school board's approval for the last day of school for students. We will notify all those involved if there are any changes. Travis Ahrens will be instructing the classroom portion as well as the driving portion. Below is the schedule currently planned for the classroom instruction:

		<u>Morning</u>			<u>Morning</u>
May 28	Tuesday	8:00 - 12:00	June 4	Tuesday	8:00-12:00
May 29	Wednesday	8:00 - 12:00	June 5	Wednesday	8:00-12:00
May 30	Thursday	8:00 - 12:00	June 6*	Thursday	8:00-10:00
June 31	Friday	8:00 - 12:00	- *Final Written Test		
June 3	Monday	8:00 - 12:00			

Driving times will be arranged by Mr. Ahrens once we know the final number of participants, typically towards the end of the school year. Please fill out the bottom portion and return it along with your \$240.00 to the High School office by April 18th. No school credit is granted. To be able to offer this program we will need at least 18 participants. We will notify you if the participation number is or is not met. If you have any questions, please contact Rick Weber at the high school office 997-3263.

Sincerely,

Nichole Herzog

5560 BUSINESS PROCEDURES

Edit section "E. Travel Expense" to read as follows:

Travel Expense

Reimbursement for board, room, and travel expense for school employees and board members who are on authorized travel outside the district shall be in accordance with the state travel guide. If any travel costs are incurred that would be charged to federal programs must be considered reasonable and fall under the same state travel guidelines.

Add section "H. Procurement":

The district must maintain records sufficient to detail the history of all procurements, in accordance with the record retention guidelines set forth by the State of South Dakota. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis) and verification that the contractor is not suspended or debarred. Any item over \$5,000 must be put out to bid and at least three bids must be obtained for that item.

The District has adopted the State of South Dakota Retention Guidelines as their record policies.

5565 FISCAL ACCOUNTING POLICIES

Add new section:

CASH MANAGEMENT OF FEDERAL FUNDING

The business manager will draw down funds in a manner consistent with realistic cash needs, but at least once every four months with the balance being drawn after the August payroll to coincide with the expenses incurred for the final payroll expenses of the prior school year. The business manager performs all drawdowns based on expenditures incurred, which have been verified by the district expenditure listing.

Add new section:

ALLOWABILITY OF COSTS FOR FEDERAL FUNDING

Flandreau School District allocates Title money for salaries and benefits only, so we do not have any confusion on whether or not a cost is allowable. All drawdowns from our federal Title money are supported with source documentation and are completed by the Business Manager and reviewed by the School Board on their monthly financial reports. Using the school accounting system (SUI), federal funds have respective object codes to make revenue and expenditures transparent and easy to track. All reimbursements of federal funds will match accounting expenditure reports. If expenditures exceed the allowable costs, only the remainder left on the federal grant is claimed.

Educational Background

Graduated from Dakota State University with a BS in Theatre
Graduated from University of South Dakota with a Masters Degree in Counseling

Professional Experience

I have spent my entire professional life as an educator. My passion for the education of our young people and the retention of our graduates had extended to my current role on the Yankton School Board.

Why Terry is interested:

Over the past four years, I have learned what the Associated School Boards of South Dakota can offer its members. I have also come to see what a diverse group of members it contains and the difficulty therein of bringing this homogenous group under one umbrella.

- I have spent my career as a leader who believes in consensus and that every voice must be heard.
- My career, my passion, has been the educational and emotional well being of our young people.
- In my position as a high school counselor for 35 years I saw on an intimate scale the concerns, emotions, and pressures our young people face.
- The child we see in the classroom carries with them the weight of her world that must be taken into account.
- For some children, the only love they receive, the only food they eat, the only attention they get will come at school. These are our responsibilities. These are our future.

Why Tara is interested

Three years ago I was inspired by the local newspaper to cover school board meetings. As an experienced educator of 10 years at the time, I quickly realized that my perspective and my overall understanding of education would be very advantageous in helping guide the Tea Area School Board.

- My driving force behind working with education is, and has always been, to promote quality educational technology and computer science programs in SD and to inspire success and growth as an educational technology leader in terms of helping other educators, schools, and districts improve their resources and programs to provide all students with high quality education.
- My background in education, training, and technology could be valuable to the board in preparing and using to support the vision, mission, beliefs, and goals of the organization.
- ASBSD is one of the vital and influential supporters of education in SD, and I look forward to being an advocate for schools in SD.

Why Ellie is interested:

It has been an incredible honor to serve on the Brandon Valley School Board to support the teachers, staff, administrators, students, parents and community. It has been humbling as I have learned a great deal, and that is what I strive for each day - to learn, but to also serve.

- I know I do not have the talent or patience for being in the classroom, but I feel that my experience in the executive boardroom may best suit me to help articulate, posture, and strongly support the ASBSD leadership in the years ahead to impact decisions that define the future of education in South Dakota.
- The vision I have as a priority is collaboration among the school districts through greater understanding of the issues, needs, and effects of decisions that will ripple across the state.
- I believe that each school board member across SD wants the support of the government on the same issues, and for education in the state to be a priority while maintaining as much local control as possible.
- Pulling together the collective priorities of the school boards across the state of SD is a key objective for me, and the ASBSD needs to have a loud voice on key objectives that support education across the state, rather than divide the focus across many issues that dilute the greatest needs.
