

Social Emotional Learning in August

Teachers start the school year establishing relationships and setting up their classroom expectations.

Having positive relationships with our students is essential in creating a safe and supportive environment for learning. Our teachers take time to get to know their students and engage them in activities so they also get to know one another. When we teach our behavioral expectations for learning, our students know how to behave during the many instructional activities and how to access help, which sets the stage for a productive school year.

Throughout the year, teachers and administrators will provide updates and information on the Social Emotional Learning activities that occur in the classroom.

Social Emotional Learning Parent/Caregiver Night - Sept. 24 at 6:00 pm

We are hosting a District Wide Social and Emotional Learning Parent/Caregiver Night on **Tuesday, September 24th at 6:00 pm** at Glenside Middle School. This event is intended to ensure that Parents and Caregivers are aware of our Social Skills efforts and the available Mental Health resources within the district. We value the partnership that we have with all families and know that healthy school to family relationships are to the benefit of each student.
