a. SD74 Debt Review with Tammie Beckwith Schallmo, PMA Financial Network, LLC - Senior Vice President, Managing Director

Tammie Beckwith Schallmo, PMA Financial Network, LLC outlined the amount of debt the District is allowed to carry by statute. She went on to summarize the existing debt amounts and reviewed those debt series that are callable and when the conditions become favorable to call bonds. The presentation next covered an explanation of the Debt Service Extension Base (DSEB). The District has a DSEB of \$1,974,100 for levy year 2024. The DSEB is increased by the CPI annually. Tammie outlined the steps in a timeline for the Board to sell bonds based upon law and illustrated how the District's current debt structure compares to the maximum DSEB amount. Tammie explained that a recent change in law allows the District to sell Life Safety bonds and those would fall outside the DSEB level. She reviewed a historical analysis of tax exempt rates.

Tammie reviewed scenarios to sell future bonds and to call Series 2016 bonds, outlining the payment structure and how that relates to the District's DSEB. The presentation concluded with a possible timeline to sell bonds should the Board of Education choose to do so. The Committee asked if a certain amount of money in a bond sale could be designated as Life Safety and the balance of the bond sale as Working Cash. Tammie indicated that would be allowable as long as the District had the documented Life Safety projects.

b. Tentative Budget for Fiscal Year 2025

Courtney reviewed the timeline for the Budget approval for FY25 and fund balance actuals for FY24. Courtney summarized tentative budget projections for FY25 with a breakdown of budget figures for FY24 actuals and FY25 budget amounts for each individual fund. The presentation continued with various graphic representations of expenditures by object and revenues by source. She concluded with a history of fund balances and the FY25 Tentative Budget summary along with an explanation of estimated limitation of administrative costs in the State budget sheets.

A motion was made, seconded and passed that the Finance Committee concurs with the Administration's recommendation to the Board of Education to support both the publication of the attached Legal Notice on July 25, 2024 and the presentation of the District's Fiscal Year 2025 Tentative Budget to the Board of Education on August 1, 2024.

PREPARED BY: David Russo

Purpose/Background:

SD74 alumnus, Barry Berger (Lincoln Hall '68), moved out West after graduating from Niles West. Upon completing his degree from Arizona State University, he settled in California. In the early 1980's, he started Accredited Home Care. Throughout the years Accredited grew by providing skilled and unskilled home health care services to the senior and developmentally disabled population. Accredited developed a delivery system for the state of California that saved the state millions and millions of dollars per year by providing a service that offered respite care to the developmentally disabled. Accredited provided skilled home health care including nursing, physical, occupation and speech therapy. Mr. Berger has fond memories of and great appreciation for the upbringing and education he received from the Lincolnwood community and schools. In an effort to demonstrate his appreciation, he has pledged a donation totaling \$500,000 to the District. The pledge is for \$50,000 annually each "Giving Tuesday" from 2022-2031.

The District is looking at using the monies for projects that are already slated for completion on the Master Facilities Plan; as well as those ideas that will emerge in the coming years over the duration of the pledge period.

Fiscal Impact:

\$75,000 in revenues (\$50,000 pledge + \$25,000 extra)

Recommendation:

It is the Administrative recommendation that the Board of Education accept this donation from the Barry and Taffy Berger Foundation in the amount of \$75,000.

TOPIC: Rutledge Hall Audio Video Upgrade
PREPARED BY: Jordan Stephen

Recommended for:

- Discussion
- Information

Purpose/Background:

Due to a new relationship with Moonlight AV, the District was able to complete the task of modernizing the Gymnasium at Lincoln Hall. That modernization included upgrading the audio system in the gym, installing a permanent projection system, installing multiple LED Panels, and upgrading the audio system in the fitness center.

During that time, the team reached out to various vendors for pricing on these projects. Ultimately, we selected Moonlight AV, not only because of the lower price, but also because their equipment selections matched the same high standards found in the auditorium. The modernization of the gym and MultiPurpose Room (“MPR”) at Rutledge Hall has been on a wish list for some time, yet it was impossible last summer due to the construction schedule.

After discussing this project with the physical education teachers at Rutledge hall and administration, we are proposing to make the following upgrades within the Rutledge Hall Gymnasium and MPR.

- Installing an audio system in the main gym:
 - The current gym has no audio system but can easily be installed using 4 hanging speakers. This system will include wireless mics and headsets that are standard in the other gymnasium. The system will be able to accept Bluetooth inputs as well as other streaming sources via Apple TV.
- Implementing Gymnasium LED Panels:
 - The gymnasium currently lacks any video screens, except for the occasional use of a laptop and a rolling projector cart brought in by a teacher. Installing a projector in this room would require electrical and various switches to be installed for control. By utilizing the same large format LED technology as we did in Lincoln Hall, along with a protective surround and Apple TV, students will be provided a clear and bright visual display of any streamed content from the teachers.
- Modernizing the projection system in the MPR:
 - Currently, there is no permanent audio system or video screen available for use within the MPR. When this is required, a screen and projector, mounted on a mobile stand, must be moved in

and set up for presentations. Audio is achieved through portable speakers and microphone. This proposal will hang a permanent high quality projector in the back of the MPR stage that will project on a rear facing screen. Vertical wall mount speakers will be installed on either side of MPR stage opening, and other component speakers will be installed on stage. This system will include wireless mics and headsets, as well as be able to accept Bluetooth inputs and stream sources via Apple TV Technology.

The team reached back out to MoonlightAV on this project.

Vendor		Total
Moonlight AV		\$44,478.03

Work could begin during spring break or can be moved to the summer.

Fiscal Impact:

The total cost is \$44,478.03

Recommendation:

The Finance Committee concurs with the Administration’s recommendation to the Board of Education to approve this quote from Moonlight AV for the purchase and installation of equipment for the modernization of the Rutledge Hall Gymnasium and MPR in the amount of \$44,478.03.
