MIDLAND INDEPENDENT SCHOOL DISTRICT APPRAISAL MANUAL

State law (SB1) required the Commissioner of Education to develop a teacher appraisal system based on “observable, job-related behavior -- including the teacher’s implementation of discipline management procedures and the performance of the teacher’s students.” The appraisal system that Midland ISD uses is the Texas Teacher Evaluation and Support System (T-TESS).

Each teacher may go online to teachfortexas.org and read the comprehensive appraisal system manual provided by the Texas Education Agency that explains the appraisal process adopted by the State Board of Education. This document provides teachers with a detailed explanation of the overall process. It includes forms, procedures and statutory requirements that will be utilized on a statewide basis in order to ensure consistency in the procedures involved in the rating of teacher/student performance.

The Midland Independent School District Appraisal Manual is designed to explain the specific local policies and procedures which MISD will utilize in the implementation of the Texas Teacher Evaluation and Support System for the current school year. Teachers and administrators should refer to both the law and the TEA rule as well as this MISD Manual to ensure a complete understanding of T-TESS.

The MISD appraisal will be used for the following purposes:

- Providing teachers with feedback about their performance, such as strengths and areas needing growth
- Providing teachers assistance with areas in which improvement is needed
- Generating information considered in making contract renewal decisions

The ultimate outcome of the MISD teacher appraisal is intended to maximize student learning by providing quality teaching.

Texas Teacher Evaluation and Support System (T-TESS)

All T-TESS rules may be found under TAC Chapter 150 which are the Commissioner's Rules Concerning Educator Appraisal. Additional information may be found at MISD Policy, DNA Legal and DNA Local, MISD Administrative Regulations. The link for the full text of Chapter 150 can be found below:

§150.1003. Appraisals, Data Sources, and Conferences

MISD PROBATIONARY TEACHERS

MISD teachers with less than five years of previous teaching experience are considered probationary the first three consecutive years of employment with the district. MISD teachers with a minimum of five years of teaching experience within the last eight years are considered probationary during the first year of employment with the district.

MISD WALKTHROUGHS

Walkthroughs shall be conducted throughout the year. Walkthroughs are typically brief, nonscheduled, informal observations. Walkthroughs may begin following the teachers' TTESS orientation. Each teacher must have walkthroughs as a component of the T-TESS Appraisal process. Appraisers may use the Instruction Focus Visit Form which is located in Eduphoria.

MISD ADDITIONAL APPRAISERS

An assigned appraiser may utilize informal observations by additional appraisers or district instructional personnel to provide additional cumulative data and/or to provide help with content. These observations **may** be scheduled or unscheduled.

MISD DEPARTMENT CHAIRPERSON

At the secondary level, all departmental chairpersons will continue to observe teachers and work with them on instructional improvement and curriculum implementation. Departmental chairpersons may use the Instruction Focus Visit Form which is located in Eduphoria. These IFV forms may be used by the chairpersons for cumulative data.

GOAL SETTING AND PROFESSIONAL DEVELOPMENT PLANS

At the beginning of the year, all teachers will engage in professional goal setting and planning for professional development with their appraiser. The teacher and appraiser will review, revise, and/or complete the Professional Development Plan to identify professional goals for continuous growth and establish a professional development plan to affirm, challenge and enhance practices which facilitate goal attainment.

In a year in which a teacher does not receive a full appraisal as permitted by state law and within the criteria established by Board policy DNA(LOCAL), a teacher will participate in the following:

1. The Goal Setting and Professional Development Plan process that shall be:
 - submitted to the teacher's appraiser within the first six weeks from the day of completion of
 - a. T-TESS for teachers in their first year of appraisal under the T-TESS or for teachers new to the district; or
 - b. initially drafted in conjunction with the teacher's end-of-year conference from the previous year, revised as needed based on changes to the context of the teacher's assignment during the current school year, and submitted to the teacher's appraiser within the first six weeks of instruction; and
 - c. maintained throughout the course of the school year by the teacher to track progress in the attainment of goals and participation in professional development activities detailed in the approved plan;
 - d. shared with the teacher's appraiser prior to the end-of-year conference; and
 - e. used after the end-of-year conference in the determination of ratings for the goal setting and professional development dimensions of the T-TESS rubric.
2. The performance of teacher's students is defined as how the individual teacher's students' progress academically in response to the teacher's pedagogical practice as measured at the individual teacher level by student learning objectives (SLOs).
3. A modified end-of-year conference that addresses:
 - a. the progress on the Goal Setting and Professional Development Plan
 - b. the performance of the teacher's students; and
 - c. the following year's Goal Setting and Professional Development Plan

The goals, SLOs, and Professional Development plan must be approved by the appraiser and will be maintained in the District's learning management system (Eduphoria/Strive).

STUDENT LEARNING OBJECTIVES

Student Learning Objectives, or SLOs, are long-term student growth goals, set by teachers and administrators to help plan instruction and direct student learning throughout the year. Setting learning goals and measuring student progress allows educators to understand

their students' strengths and to support student academic achievement through backwards planning. Furthermore, SLOs purposefully align to instruction and guide students toward a common vision of success. All teachers must engage and produce Student Learning Objectives (SLOs) in conjunction with their appraiser at the beginning of the year. Teachers will document their progress toward achieving SLO goals throughout the year in Eduphoria/Strive.

MISD PRE-OBSERVATION CONFERENCE

A pre-conference is required prior to a teacher's scheduled full appraisal (Form B). The conference is diagnostic and prescriptive in nature. It should provide the teacher with an opportunity to share his/her thought process in developing the lesson/plan and provide additional details about the upcoming observation. The appraiser can clarify expectations for teacher and student performance. The pre-conference also allows the appraiser to ask pertinent questions about the lesson observation and criteria that may not be directly observable.

MISD SCHEDULED OBSERVATION

The assigned appraiser will schedule the formal observation seven (7) school days prior to the date of the observation. An appraiser may also conduct an unannounced appraisal with the teacher observed. A classroom observation will be the length of an instructional period, or a complete lesson within an instructional period, which consists of a minimum of 45 minutes of instruction.

MISD POST- OBSERVATION CONFERENCE

Following each formal appraisal, an MISD appraiser must conduct a post-observation conference with the teacher observed (Form B). The conference is diagnostic and prescriptive in nature; it provides opportunities for teachers to reflect on their lessons with guidance and support from the appraiser. During the post-conference, the appraiser provides quality evidence and feedback, focusing on areas of reinforcement and refinement to enhance student learning. Post conferences should be held within 48 hours of the observation and must be held within 10 working days.

MISD END OF YEAR CONFERENCE

An end of year conference will be held to review and assess goals, professional development, and evidence and data collected throughout the current school year and previous school years, if available. During this conference, the teacher will determine if goals were met and the impact on professional practices and student performance.

This EOY Conference provides an opportunity for the appraiser and the teacher to summarize the year, to collect information that will provide evidence to score Domain 4 of the T-TESS Rubric, and to discuss next year's goal(s) and professional development plan. It is also an opportunity to celebrate successes and identify areas for continued learning to refine instructional practices.

The end of year conference must be conducted at least 15 days prior to the last day of instruction, as described in §150.1002(a)(4). Domain IV is not scored until after the end-of year conference.

CUMULATIVE DATA

As cumulative data might be used in other personnel decisions, it must be retained at the building/campus until the end of the next appraisal period.

Criteria for Effective Documentation and Evidence:

1. Dated - The action, activity, or occurrence is dated:
 - a. To indicate occurrence or the appraiser's awareness of the occurrence and
 - b. The date of teacher notification in accordance with rule and policy.
2. Factual/Specific - The action, activity, or occurrence is recorded in detail: who, what, when, and where
3. Explicit - The action, activity, or occurrence must be explicitly related to the rubric and dimension impacted.
 - a. NOTE: The documentation MUST be shared in writing with the teacher within 10 working days.
4. Behavioral - The action, activity, or occurrence must be observable behaviors and not the feelings or hunches of the appraiser.
5. Valid - The action, activity, or occurrence must carry the testimony of either the appraiser or a reliable other party validated by the appraiser, including documentation from the teacher.

MISD CONSECUTIVE 45-MINUTE WAIVER

If a "consecutive 45-minute waiver" is agreed upon, it must be established prior to the teacher's evaluation (Form D). Once an evaluation segment under this waiver has been done, all subsequent segments must be completed within seven working days. Only one evaluation form will be completed for all segments. If the waiver agreement has not been previously established, and an appraiser chooses or is required to leave the classroom before the required 45 minutes has elapsed, the visit cannot be used as a segment of a formal appraisal observation and must be repeated. However, the portion of instruction observed may result in cumulative data, which will be shared with the teacher.

MISD TEACHER REQUEST FOR SECOND APPRAISAL

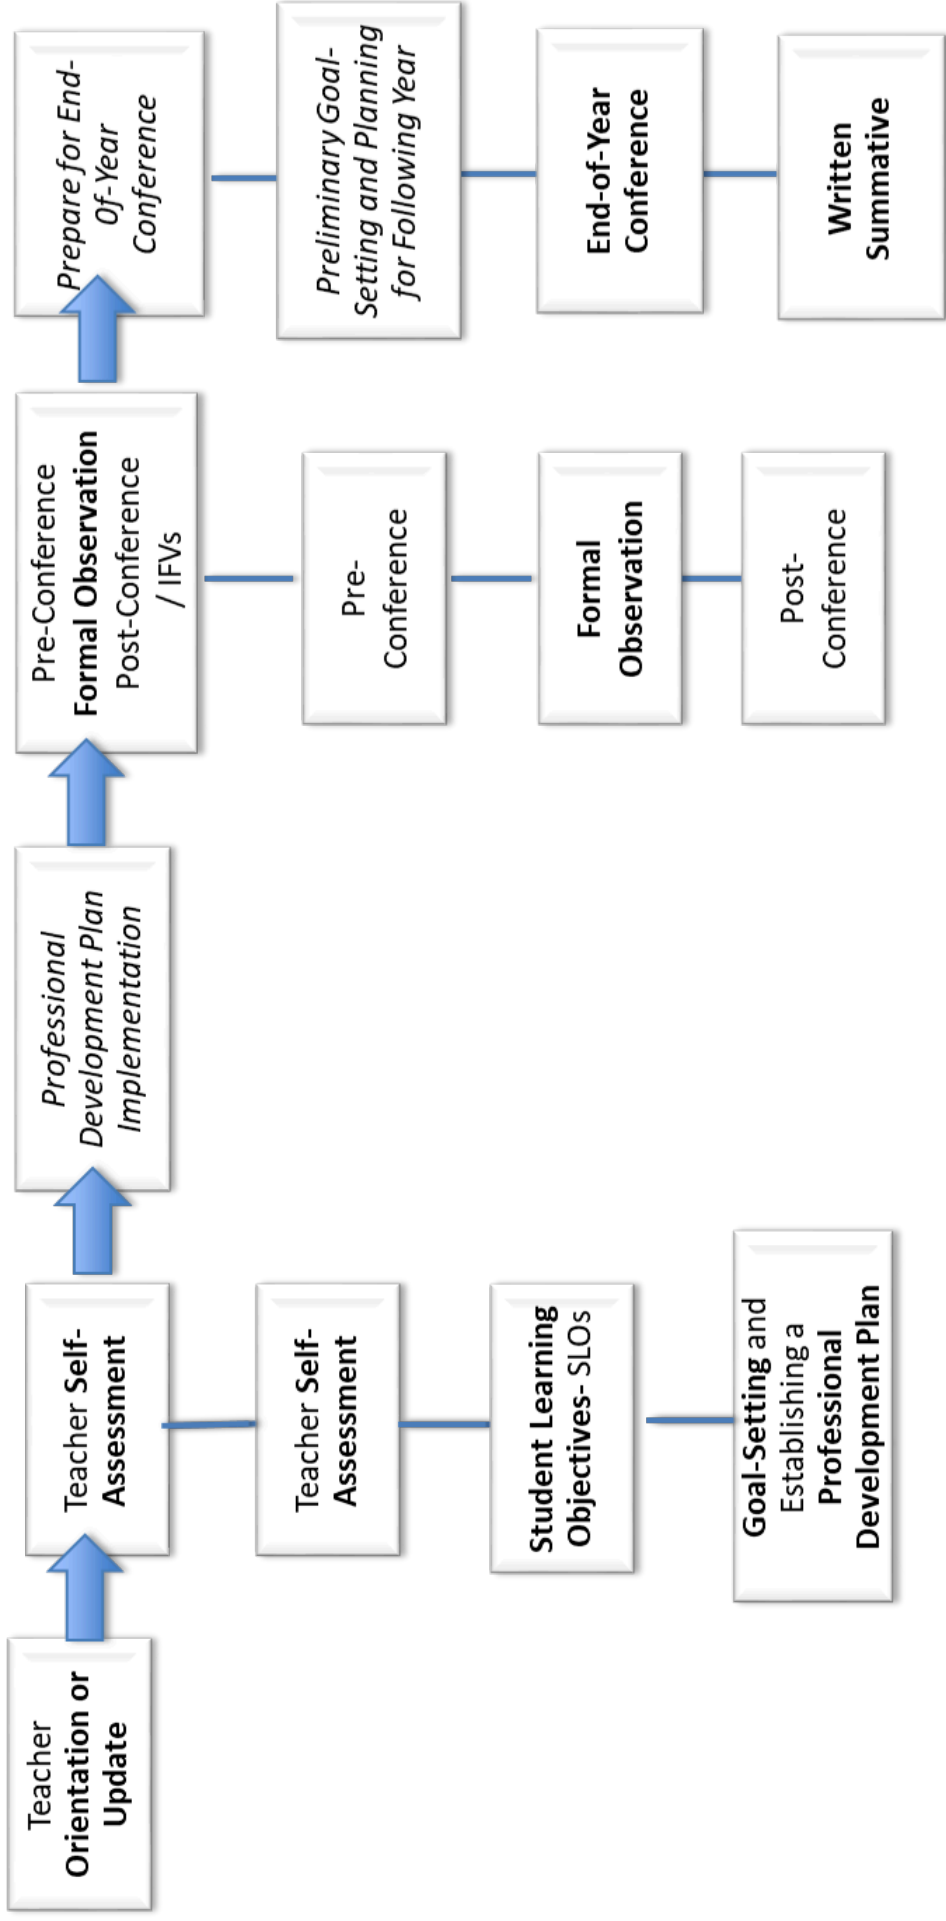

Requests for an additional evaluation by a different appraiser **must** be made in writing by the teacher to the HRS Director within 10 working days of the teacher's receipt of the written evaluation report. (MISD Form F). The second appraiser will be chosen by the Human Resources Director and the second appraiser will schedule and conduct the observation as soon as possible. The scores resulting from the second appraisal will be compared with the assigned appraiser's report by using preponderance of evidence to produce the teacher's final written observation report.

§150.1004. Teacher Response and Appeals.

MISD EMPLOYEE COMPLAINTS / GRIEVANCES

Teachers who are interested in pursuing the grievance process should consult MISD Board Policy DGBA and must observe all deadlines as specified in the policy.
