

Jeffrey Safe School Climate Plan

The Madison Public School District is committed to providing all students with a safe learning environment that is free from bullying, cyberbullying, and teen dating violence. The goal is the establishment of a positive school climate in which norms, values, and expectations make students and adults feel socially, emotionally, intellectually and physically safe. This commitment is an integral part of our comprehensive efforts to promote learning and to prevent and eliminate all forms of bullying and teen dating violence and other harmful and disruptive behavior that can impede the learning process. The District expects that all members of the school community will treat each other in a civil manner and with respect for differences.

The following plan, "The Jeffrey Safe School Climate Plan", addresses the mandated areas of compliance which are required under C.G.S.10-222d as amended. In addition to the following current efforts, the administration, faculty and staff of this school commit to continue to improve, enhance, and update both the Plan and its implementation biennially in order to best serve the students, parents, guardians and the community.

School long term goal: The leadership team will work with students to define what is meant by "getting hurt" to identify if they believe it is emotional or physical. The leadership team will conduct a student focus group to solicit more information.

School short term goal: The leadership team will continue to have 2-way communication with representatives on the K-12 Social Emotional Committee to consider proactive measures for children to include peers in unstructured and classroom activities.
