Business Rules

Students are eligible to take a SAGE Interim or Summative assessment only while they are enrolled in a course with an associated core code. LEAs will only be able to mark special codes for the assessment during that same period.

If a student is enrolled in multiple courses which trigger the same SAGE test, business rules exist for prioritizing test administration. For example, a school with a course code listed higher on a test table is given responsibility for testing the student over a school with a course code listed lower on the table. If any test assignment scenarios are not accounted for, please contact the USOE's Assessment and Accountability section.

Key: Crossed out core codes are discontinued for 2015-2016 (e.g., ~~06010013115~~).
 Highlighted core codes are new or updated for 2015-2016 (e.g., 06010013140).
