

JANUARY NEWSLETTER

DSD Custodial

We genuinely want to thank you for all of your hard work and dedication over the holiday break and throughout the year!!

EVALUATE DAVIS

It is a requirement that all supervisors receive the Classified Supervisor Evaluate Davis Training before using the system. If you have not received this training, or if you feel that additional training would help you utilize this system more effectively, please let your coordinator know as soon as possible.

ROOFS/ CEILINGS

As you and your team work today, and throughout the next few weeks, please pay special attention to your ceilings. If you see any visible sagging, cracks, displaced, or wet ceilings or ceiling tiles, please call them in immediately to 801-402-5600 during school hours or to 801-402-7680 after hours.

NEPOTISM

Walt Disney said, "A man should never neglect his family for business." But what about mixing family and business?

District policy can answer that for you! In compliance with State law, the District has a policy prohibiting the employment of relatives. Additionally, this policy protects supervisors from the perception of favoritism. Some examples of prohibited employment situations, as identified in the policy, include:

- A relative of a principal or assistant principal working in the same school as the principal or assistant principal.
- A relative of a department or program director working in the same department or program.
- A relative of a head coach working as an assistant coach under the head coach.
- A relative of a curriculum department head in a secondary school where the two individuals would be teaching in the same department.
- A relative of a school head custodian working as a custodian in the same school.
