

Curriculum – World Languages

7th - Introduction to World Languages

What your child will learn

- Common vocabulary related to Greetings and Goodbyes, Numbers, Colors, Geography and the Alphabet in each of the three studied languages – French, German, and Spanish.
- Cultural aspects related to each language, including key holidays and celebrations, music, food, art, and daily life.
- Cognates and borrowed words from each language.

What your child will do

- Develop their language skills in reading, writing, listening and speaking.
- Engage in conversations, provide and obtain information, express feelings and emotions, and exchange opinions.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics in the three languages.
- Make connections and comparisons between their own cultures and languages to those of the rest of the world.
- Reinforce the knowledge in their other disciplines through the study of the three language

What you'll see (products)

- Student folders
- Various assignments to practice and reinforce vocabulary and concepts.
- Various projects and activities students complete to demonstrate the use of the language in a meaningful way.

How you can help

- Assist in studying and reviewing concepts with your child (ie. flashcards, vocab lists).
 - Encourage your child to become involved in any opportunities in the community that may allow them to be exposed to World Languages and new cultures.
 - Monitor your child's homework and grades online.
-
