

## STUDENT DATA DISCLOSURE STATEMENT

Utah Code Ann. §53A-1-1406 (3)

---

The Davis School District is committed to ensuring the privacy, security, and confidentiality of student data while enabling the information to be used to improve student outcomes.

Under Utah state law, an education entity that collects student data into a cumulative record is required to inform parents and students about the student data the District collects and how that information will be used, shared, and protected.

### STUDENT DATA THE DISTRICT COLLECTS:

Student data includes: name; date of birth; sex; parent contact information; custodial parent information; contact information; a student identification number; local, state, and national assessment results or an exception from taking a local state, or national assessment; courses taken and completed, credit earned, and other transcript information; course grades and grade point average; grade level and expected graduation date or graduation cohort; degree, diploma credential attainment, and other school exit information; attendance and mobility; drop-out date; immunization record or an exception from an immunization record; race; ethnicity; tribal affiliation; remediation efforts; an exception from a vision screening or information collected from a vision screening; information related to the Utah Registry of Autism and Developmental Disabilities; student injury information; a cumulative disciplinary record; information that is related to an Individual Education Plan or needed to provide special needs services; and information that is required for a student to participate in a federal or other education-related program.

The District does not collect a student's social security number, biometric records, or criminal records except as required in Utah Code § 78A-6-112.

### USE OF STUDENT DATA:

The District uses student data that it collects to inform educational decisions about the student to improve student outcomes. The District has established a **metadata dictionary** that shows clear ownership and stewardship of each data element being collected and how we use it.

### SHARING OF STUDENT DATA:

The District may not share a student's personally identifiable student data if the personally identifiable student data is not shared in accordance with the Family Educational Rights and Privacy Act and the Utah Student Data Protection Act.

De-identified data, aggregate data, or anonymized data that could not be used to identify a particular student is not considered personally identifiable and may be released without consent or authorization.

### PROTECTING STUDENT DATA:

The District maintains an Information Technology security program that is updated at least annually. The program consists of annual security training, third-party risk assessments, security testing, and audits. District systems are updated regularly to prevent unauthorized access to our systems.

The District maintains a variety of agency policies that address data and information privacy which are intended to secure all media containing sensitive or confidential data.

*The collection, use, and sharing of student data has both benefits and risks. Parents and students should learn about these benefits and risks and make choices regarding student data accordingly.*

*A student owns the student's personally identifiable student data. A student may download, export, transfer, save, or maintain the student's student data, including a document. If there is a release of a student's personally identifiable student data due to a security breach, the District shall notify the student, if the student is an adult student, or the student's parent or legal guardian, if the student is not an adult student.*

*A student, who is at least 23 years old, may request the District expunge the student's student data that is stored by the District.*
