GENERAL

Davis School District, Utah

The Davis School District, Utah (the “District”) was established in 1911 and shares common boundaries with Davis County, Utah (the “County”). The County, incorporated in 1853, covers an area of approximately 304 (land area) square miles and is located in the north central portion of the State of Utah (the “State”). See the location map above. The southern boundary of the County adjoins the northern boundary of Salt Lake City, Utah and Salt Lake County. The northern boundary is approximately eight miles south of Ogden City, Utah. The County had 322,094 residents according to the 2013 population estimate by the U.S. Census Bureau, ranking the County as the third largest populated county in the State (out of 29 counties).

Contact Person For The District

As of the date of this Supplemental Continuing Disclosure Memorandum, the chief contact person for the Board of Education (the “Board”) of the District is:

Craig A. Carter, Business Administrator, ccarter@dsdmail.net

Davis School District Administration Center
PO Box 588 (45 E State St)
Farmington UT 84025–0588
801.402.5256 | f 801.402.5249

The Board maintains an internet site that may be accessed at <http://www.davis.k12.ut.us>. *The information available at this internet site is provided by the Board in the course of its normal operations and has not been reviewed for accuracy or completeness. Such information is not a part of this Supplemental Continuing Disclosure Memorandum*

When used herein the terms “Fiscal Year[s] 20YY” or “Fiscal Year[s] End[ed][ing] June 30, 20YY” shall refer to the year ended or ending on June 30 of the year indicated and beginning on July 1 of the preceding calendar year.

The Issues

The Board is providing continuing disclosure on the following 13 issues (Base CUSIP: 239019).

1.

\$52,200,000

Board of Education of Davis School District, Utah
General Obligation School Building Bonds
(Utah School Bond Guaranty Program), Series 2005A

Bonds dated and issued on: April 13, 2005

CUSIP numbers on the 2005A Bonds are provided below.

The 2005A Bonds, as defined herein, were awarded pursuant to competitive bidding received by means of the Parity electronic bid submission system on March 15, 2005 to Merrill Lynch & Co., New York, New York; at a “true interest rate” of 4.05%. Zions Bank Public Finance, Salt Lake City, Utah, acted as Financial Advisor.

Background Information. The \$52,200,000 General Obligation School Building Bonds (Utah School Bond Guaranty Program), Series 2005A, dated April 13, 2005 (the “2005A Bonds”), were issued by the Board as fully-registered bonds in book-entry only form, registered in the name of Cede & Co., as nominee for DTC. DTC is acting as securities depository for the 2005A Bonds.

Payment Dates. Principal of and interest on the 2005A Bonds (interest payable June 1 and December 1 of each year) are payable by U.S. Bank, as Paying Agent, to the registered owners thereof, currently DTC.

Optional Redemption. The 2005A Bonds maturing on or before June 1, 2015, are not subject to optional redemption prior to maturity. *The 2005A Bonds maturing on or after June 1, 2016 were refunded by the 2013B Bonds (as defined herein).*

Current Maturity Schedule.

Current principal outstanding: \$3,810,000

Original issue amount: \$52,200,000

Dated: April 13, 2005

Due: June 1, as shown below

Due June 1	CUSIP 239019	Principal Amount	Original Interest Rate		Due June 1	CUSIP 239019	Principal Amount	Original Interest Rate
2015.....	WF5	\$3,810,000	4.00%		2018.....	WJ7	\$4,285,000	4.00%
2016.....	WG3	3,965,000	4.00		2019.....	WK4	4,460,000	4.25
2017.....	WH1	4,120,000	4.00		2020.....	WL2	4,645,000	4.375

~~(Strike through)~~ These maturities were refunded by the 2013B Bonds (as defined herein).

Not Bank Qualified Obligations. The 2005A Bonds were not designated as “qualified tax-exempt obligations” pursuant to the small issuer exception provided by Section 265(b)(3) of the Internal Revenue Code of 1986, relating to the deductibility of certain financial institutions’ interest expense allocable to tax-exempt interest.

Security. The 2005A Bonds will be general obligations of the Board, payable from the proceeds of ad valorem taxes to be levied, without limitation as to rate or amount, on all of the taxable property in the District, fully sufficient to pay the 2005A Bonds as to both principal and interest.

Credit Enhancement. State of Utah Guaranty. Payment of the principal of and interest on the 2005A Bonds when due is guaranteed by the full faith and credit and unlimited ad valorem taxing power of the State under the provisions of the Guaranty Act.

2.

\$24,905,000

**Board of Education of Davis School District, Utah
General Obligation Refunding Bonds
(Utah School Bond Guaranty Program), Series 2005B**

Bonds dated and issued on: April 13, 2005

CUSIP numbers on the 2005B Bonds are provided below.

The 2005B Bonds, as defined herein, were awarded on March 15, 2005, at a negotiated sale to George K. Baum & Company, Kansas City, Missouri and Wells Fargo Brokerage Services, LLC, San Francisco,

California, at a “true interest rate” of 3.94%. Zions Bank Public Finance, Salt Lake City, Utah, acted as Financial Advisor.

Background Information. The \$24,905,000 General Obligation Refunding Bonds (Utah School Bond Guaranty Program), Series 2005B, dated April 13, 2005 (the “2005B Bonds”), were issued by the Board as fully-registered bonds in book-entry only form, registered in the name of Cede & Co., as nominee for DTC. DTC is acting as securities depository for the 2005B Bonds.

Payment Dates. Principal of and interest on the 2005B Bonds (interest payable June 1 and December 1 of each year) are payable by U.S. Bank, as Paying Agent, to the registered owners thereof, currently DTC.

Redemption Provisions. The 2005B Bonds are not subject to redemption prior to maturity.

Current Maturity Schedule.

Current principal outstanding: \$11,735,000

Original issue amount: \$27,905,000

Dated: April 13, 2005

Due: June 1, as shown below

Due June 1	CUSIP 239019	Principal Amount	Original Interest Rate
2015.....	VT6	\$3,925,000	5.00%
2016.....	VU3	4,125,000	5.00
2017.....	VV1	3,685,000	5.00

Not Bank Qualified Obligations. The 2005B Bonds were not designated as “qualified tax-exempt obligations” pursuant to the small issuer exception provided by Section 265(b)(3) of the Internal Revenue Code of 1986, relating to the deductibility of certain financial institutions’ interest expense allocable to tax-exempt interest.

Security. The 2005B Bonds are general obligations of the Board, payable from the proceeds of ad valorem taxes to be levied, without limitation as to rate or amount, on all of the taxable property in the District, fully sufficient to pay the 2005B Bonds as to both principal and interest.

Credit Enhancement. State of Utah Guaranty. Payment of the principal of and interest on the 2005B Bonds when due is guaranteed by the full faith and credit and unlimited ad valorem taxing power of the State under the provisions of the Guaranty Act.

3.

\$47,000,000

**Board of Education of Davis School District, Utah
General Obligation School Building Bonds
(Utah School Bond Guaranty Program), Series 2006**

Bonds dated and issued on: September 20, 2006

CUSIP numbers on the 2006 Bonds are provided below.

The 2006 Bonds, as defined herein, were awarded on September 5, 2006, via competitive sale over the Parity electronic bid submission system to UBS Investment Bank, New York, New York, at a “true interest rate” of 4.04%. Zions Bank Public Finance, Salt Lake City, Utah, acted as Financial Advisor.

Background Information. The \$47,000,000 General Obligation School Building Bonds (Utah School Bond Guaranty Program), Series 2006, dated September 20, 2006 (the “2006 Bonds”), were issued by the Board as fully-registered bonds in book-entry only form, registered in the name of Cede & Co., as nominee for DTC. DTC is acting as securities depository for the 2006 Bonds.

Payment Dates. Principal of and interest on the 2006 Bonds (interest payable June 1 and December 1 of each year) are payable by U.S. Bank, as Paying Agent, to the registered owners thereof, currently DTC.

Redemption Provisions. The 2006 Bonds maturing on or prior to June 1, 2016, are not subject to optional redemption prior to maturity. The 2006 Bonds maturing on or after June 1, 2017 are subject to redemption at the option of the Board on December 1, 2016, and on any date thereafter prior to maturity, in whole or in part, from such maturities or parts thereof as will be selected by the Board, upon notice given as provided in the bond resolution, at a redemption price equal to 100% of the principal amount of the 2006 Bonds to be redeemed, plus accrued interest thereon to the redemption date.

Current Maturity Schedule.

Current principal outstanding: \$27,050,000

Original issue amount: \$47,000,000

Dated: September 20, 2006

Due: June 1, as shown below

Due June 1	CUSIP 239019	Principal Amount	Original Interest Rate		Due June 1	CUSIP 239019	Principal Amount	Original Interest Rate
2015.....	WX6	\$3,375,000	5.00%		2019.....	XB3	\$4,025,000	4.25%
2016.....	WY4	3,550,000	4.25		2020.....	XC1	4,175,000	4.25
2017.....	WZ1	3,700,000	4.25		2021.....	XD9	4,375,000	4.25
2018.....	XA5	3,850,000	4.25					

Not Bank Qualified Obligations. The 2006 Bonds were not designated as “qualified tax-exempt obligations” pursuant to the small issuer exception provided by Section 265(b)(3) of the Internal Revenue Code of 1986, relating to the deductibility of certain financial institutions’ interest expense allocable to tax-exempt interest.

Security. The 2006 Bonds are general obligations of the Board, payable from the proceeds of ad valorem taxes to be levied, without limitation as to rate or amount, on all of the taxable property in the District, fully sufficient to pay the 2006 Bonds as to both principal and interest.

Credit Enhancement. State of Utah Guaranty. Payment of the principal of and interest on the 2006 Bonds when due is guaranteed by the full faith and credit and unlimited ad valorem taxing power of the State under the provisions of the Guaranty Act.

4.

\$55,000,000

**Board of Education of Davis School District, Utah
General Obligation School Building Bonds
(Utah School Bond Guaranty Program), Series 2007**

Bonds dated and issued on: August 1, 2007

CUSIP numbers on the 2007 Bonds are provided below.

The 2007 Bonds, as defined herein, were awarded on July 10, 2007, via competitive sale over the Parity electronic bid submission system to Piper Jaffray, Minneapolis, Minnesota, at a “true interest rate” of 4.37%. Zions Bank Public Finance, Salt Lake City, Utah, acted as Financial Advisor.

Background Information. The \$55,000,000 General Obligation School Building Bonds (Utah School Bond Guaranty Program), Series 2007, dated August 1, 2007 (the “2007 Bonds”), were issued by the Board as fully-registered bonds in book-entry only form, registered in the name of Cede & Co., as nominee for DTC. DTC is acting as securities depository for the 2007 Bonds.

Payment Dates. Principal of and interest on the 2007 Bonds (interest payable June 1 and December 1 of each year) are payable by U.S. Bank, as Paying Agent, to the registered owners thereof, currently DTC.

Redemption Provisions. The Bonds maturing on or after June 1, 2018 are subject to redemption at the option of the Board on June 1, 2017, and on any date thereafter prior to maturity, in whole or in part, from such maturities or parts thereof as will be selected by the Board, upon notice given as provided in the bond resolution, at a redemption price equal to 100% of the principal amount of the 2007 Bonds to be redeemed, plus accrued interest thereon to the redemption date.

Current Maturity Schedule.

Current principal outstanding: \$43,850,000

Original issue amount: \$55,000,000

Dated: August 1, 2007

Due: June 1, as shown below

\$43,000,000
Board of Education of Davis School District, Utah
General Obligation School Building Bonds
(Utah School Bond Guaranty Program), Series 2009

Bonds dated and issued on: July 1, 2009

CUSIP numbers on the 2009 Bonds are provided below.

The 2009 Bonds, as defined herein, were awarded on June 24, 2009, via competitive sale over the Parity electronic bid submission system to Raymond James & Associates, Inc., St. Petersburg, Florida, at a “true interest rate” of 4.06%. Zions Bank Public Finance, Salt Lake City, Utah, acted as Financial Advisor.

Background Information. The \$43,000,000 General Obligation School Building Bonds (Utah School Bond Guaranty Program), Series 2009, dated July 1, 2009 (the “2009 Bonds”), were issued by the Board as fully-registered bonds in book-entry only form, registered in the name of Cede & Co., as nominee for DTC. DTC is acting as securities depository for the 2009 Bonds.

Payment Dates. Principal of and interest on the 2009 Bonds (interest payable June 1 and December 1 of each year) are payable by U.S. Bank, as Paying Agent, to the registered owners thereof, currently DTC.

Optional Redemption. The 2009 Bonds maturing on or after June 1, 2019 are subject to redemption at the option of the Board on December 1, 2018, and on any date thereafter prior to maturity, in whole or in part, from such maturities or parts thereof as will be selected by the Board, upon notice given as provided in the bond resolution, at a redemption price equal to 100% of the principal amount of the 2009 Bonds to be redeemed, plus accrued interest thereon to the redemption date. 2009 Bonds maturing on or prior to December 1, 2018 are not subject to optional redemption.

Current Maturity Schedule.

Current principal outstanding: \$32,450,000

Original issue amount: \$43,000,000

Dated: July 1, 2009

Due: June 1, as shown below

Due June 1	CUSIP 239019	Principal Amount	Original Interest Rate		Due June 1	CUSIP 239019	Principal Amount	Original Interest Rate
2015.....	YY2	\$1,625,000	3.00%		2023.....	ZG0	\$2,300,000	4.00%
2016.....	YZ9	1,675,000	4.00		2024.....	ZH8	2,400,000	4.125

2022.....	ZF2	2,200,000	5.00					

Not Bank Qualified Obligations. The 2009 Bonds were not designated as “qualified tax-exempt obligations” pursuant to the small issuer exception provided by Section 265(b)(3) of the Internal Revenue Code of 1986, relating to the deductibility of certain financial institutions’ interest expense allocable to tax-exempt interest.

Security. The 2009 Bonds are general obligations of the Board, payable from the proceeds of ad valorem taxes to be levied, without limitation as to rate or amount, on all of the taxable property in the District, fully sufficient to pay the 2009 Bonds as to both principal and interest.

Credit Enhancement. State of Utah Guaranty. Payment of the principal of and interest on the 2009 Bonds when due is guaranteed by the full faith and credit and unlimited ad valorem taxing power of the State under the provisions of the Guaranty Act.

\$68,500,000

**Board of Education of Davis School District, Utah
General Obligation School Building Bonds (Utah School Bond Guaranty Program),
Series 2010A (Federally Taxable–Issuer Subsidy–Build America Bonds)**

Bonds dated and issued on: March 9, 2010

CUSIP numbers on the 2010 Bonds are provided below.

The 2010 Bonds, as defined herein, were awarded on February 23, 2010, via competitive sale over the Parity electronic bid submission system to Robert W. Baird & Co., Incorporated, Milwaukee, Wisconsin, as Senior Manager; with Morgan Keegan & Company, Inc., Memphis, Tennessee; CL King & Associates, Albany, New York; Fidelity Capital Markets Services, Boston, Massachusetts; Coastal Securities, Houston, Texas; Charles Schwab & Company, San Francisco, California; Davenport & Company LLC, Richmond, Virginia; Loop Capital Markets LLC, Chicago, Illinois; William Blair & Company; Chicago, Illinois; Edward Jones, St. Louis, Missouri; Kildare Capital, Philadelphia, Pennsylvania; Vining Sparks IBG, Memphis, Tennessee; SAMCO Capital Markets Inc., Dallas, Texas; Wedbush Morgan Securities, Inc., Los Angeles, California; NW Capital Markets Inc., Jersey City, New Jersey; Crews & Associates, Inc., Little Rock, Arkansas; Cronin & Co., Inc., Minneapolis, Minnesota; and Ramirez & Co., New York, New York; as Co-Managers; at a “true interest rate” of 3.30% (assuming interest rate subsidy payments). Zions Bank Public Finance, Salt Lake City, Utah, acted as Financial Advisor.

Background Information. The \$68,500,000 General Obligation School Building Bonds (Utah School Bond Guaranty Program), Series 2010A (Federally Taxable–Issuer Subsidy–Build America Bonds), dated March 9, 2010 (the “2010 Bonds”), were issued by the Board as fully-registered bonds in book-entry only form, registered in the name of Cede & Co., as nominee for DTC. DTC is acting as securities depository for the 2010 Bonds.

Payment Dates. Principal of and interest on the 2010 Bonds (interest payable June 1 and December 1 of each year) are payable by U.S. Bank, as Paying Agent, to the registered owners thereof, currently DTC.

Optional Redemption. The 2010 Bonds maturing on and after June 1, 2020 are subject to redemption prior to maturity in whole or in part at the option of the Board on December 1, 2019 or on any date thereafter, from such maturities or parts thereof as shall be selected by the Board at the redemption price of 100% of the principal amount to be redeemed plus accrued interest (if any) thereon to the redemption date.

Extraordinary Event Optional Redemption. The 2010 Bonds will be subject to extraordinary redemption prior to their maturity at the option of the Board, in whole or in part, upon the occurrence of an Extraordinary Event, at a redemption price equal to 100% of the principal amount of the 2010 Bonds to be redeemed, plus accrued interest thereon to the redemption date. For purposes of these provisions, “Extraordinary Event” means a material adverse change to Section 54AA or 6431 of the Internal Revenue Code of 1986, as amended (the “Code”) (as such Sections were added by Section 1531 of the American Recovery and Reinvestment Act of 2009, pertaining to “Build America Bonds”) pursuant to which the Board’s 35% cash subsidy payment from the United States Treasury is reduced or eliminated.

Mandatory Sinking Fund Redemption. The 2010 Bonds maturing on June 1, 2023 are subject to mandatory sinking fund redemption at a redemption price equal to 100% of the principal amount thereof, plus accrued interest thereon to the date of redemption, but without premium, on the dates and in the principal amounts as follows:

<u>Mandatory Sinking Fund Redemption Date</u>	<u>Sinking Fund Requirements</u>
June 1, 2021	\$ 4,205,000
June 1, 2022	4,330,000
June 1, 2023 (final maturity).....	<u>4,465,000</u>
Total.....	<u>\$13,000,000</u>

Current Maturity Schedule.

Current principal outstanding: \$64,305,000

\$13,000,000 4.65% Term Bond due June 1, 2023 (CUSIP 239019 ZY1)

Build America Bonds. General Description. In February 2009, as part of the Recovery Act, Congress added Sections 54AA and 6431 to the Code, which permit state or local governments to obtain certain tax advantages when issuing taxable obligations that meet certain requirements of the Code and the related Treasury regulations. Such bonds are referred to as Build America Bonds. A Build America Bond is a qualified bond under Section 54AA(g) of the Code (a “Qualified Build America Bond”) if it meets certain requirements of the Code and the related Treasury Regulations and the issuer has made an irrevocable election to have the special rule for qualified bonds apply. Interest on Qualified Build America Bonds is not excluded from gross income for purposes of the federal income tax, and owners of Qualified Build America Bonds will not receive any tax credits as a result of ownership of such Qualified Build America Bonds when an issuer has elected to receive the Interest Subsidy Payments, as defined below.

Interest Subsidy Payments. Under Section 6431 of the Code, an issuer of a Qualified Build America Bond may apply to receive payments (the “Interest Subsidy Payments” or “Interest Subsidy Payment”) directly from the Secretary of the U.S. Treasury (the “Secretary”). The amount of a Interest Subsidy Payment is set in Section 6431 of the Code at 35% of the corresponding interest payable on the related Qualified Build America Bond. To receive a Interest Subsidy Payment, under currently existing procedures, the issuer will have to file a tax return (now designated as Form 8038–CP) between 90 and 45 days prior to the corresponding bond interest payment date. The issuer should expect to receive the Interest Subsidy Payment contemporaneously with the interest payment date with respect to the Qualified Build America

Bond. Depending on the timing of the filing and other factors, the Interest Subsidy Payment may be received before or after the corresponding interest payment date.

The 2010 Bonds as Qualified Build America Bonds. The Board will elect to treat the 2010 Bonds as Qualified Build America Bonds. As a result of this election, interest on the 2010 Bonds will be includable in gross income of the holders thereof for federal income tax purposes and the holders of the 2010 Bonds will not be entitled to any tax credits as a result of either ownership of the 2010 Bonds or receipt of any interest payments on the 2010 Bonds. Holders of the 2010 Bonds should consult their tax advisors with respect to the inclusion of interest on the 2010 Bonds in gross income for federal income tax purposes.

The Board intends to apply for Interest Subsidy Payments from the Secretary under the “Build America Program” pursuant to Section 6431 of the Code.

No assurances are provided that the Board will receive Interest Subsidy Payments. The amount of any Interest Subsidy Payment is subject to legislative changes by Congress. Interest Subsidy Payments will only be paid if the 2010 Bonds are Qualified Build America Bonds. For the 2010 Bonds to be and remain Qualified Build America Bonds, the Board must comply with certain covenants and the Board must establish certain facts and expectations with respect to the 2010 Bonds, the use and investment of proceeds thereof and the use of property financed thereby. There are currently no procedures for requesting a Interest Subsidy Payment after the 45th day prior to an interest payment date; therefore, if the Board fails to file the necessary tax return in a timely fashion, it is possible that the Board will never receive such Interest Subsidy Payments. Also, Interest Subsidy Payments are subject to offset against certain amounts that may, for unrelated reasons, be owed by the Board to an agency of the United States of America.

Security. The 2010 Bonds are general obligations of the Board, payable from the proceeds of ad valorem taxes to be levied, without limitation as to rate or amount, on all of the taxable property in the District, fully sufficient to pay the 2010 Bonds as to both principal and interest.

Credit Enhancement. State of Utah Guaranty. Payment of the principal of and interest on the 2010 Bonds when due is guaranteed by the full faith and credit and unlimited ad valorem taxing power of the State under the provisions of the Guaranty Act.

8.

\$45,000,000

**Board of Education of Davis School District, Utah
General Obligation School Building Bonds
(Utah School Bond Guaranty Program), Series 2011A**

Bonds dated and issued on: March 1, 2011

CUSIP numbers on the 2011A Bonds are provided below.

The 2011A Bonds, as defined herein, were awarded on February 15, 2011, via competitive sale over the Parity electronic bid submission system to Citigroup Global Markets Inc., New York, New York, as Senior Manager; with Cabrera Capital Markets, LLC, New York, New York; Rockfleet Financial Services, Inc., New York, New York; Roosevelt & Cross, Inc., New York, New York; and Sterne, Agee & Leach, Inc., Birmingham, Alabama; as Co-Managers, at a “true interest rate” of 4.28%. Zions Bank Public Finance, Salt Lake City, Utah, acted as Financial Advisor.

Background Information. The \$45,000,000 General Obligation School Building Bonds (Utah School Bond Guaranty Program), Series 2011A, dated March 1, 2011 (the “2011A Bonds”), were issued by the Board as fully-registered bonds in book-entry only form, registered in the name of Cede & Co., as nominee for DTC. DTC is acting as securities depository for the 2011A Bonds.

Payment Dates. Principal of and interest on the 2011A Bonds (interest payable June 1 and December 1 of each year) are payable by U.S. Bank, as Paying Agent, to the registered owners thereof, currently DTC.

Optional Redemption. The 2011A Bonds maturing on and after June 1, 2021 are subject to redemption prior to maturity in whole or in part at the option of the Board on December 1, 2020 or on any date thereafter, from such maturities or parts thereof as shall be selected by the Board at the redemption price of 100% of the principal amount to be redeemed plus accrued interest (if any) thereon to the redemption date.

Current Maturity Schedule.

Current principal outstanding: \$45,000,000

Payment Dates. Principal of and interest on the 2013B Bonds (interest payable April 1 and October 1 of each year) are payable by U.S. Bank, as Paying Agent, to the registered owners thereof, currently DTC.

No Optional Redemption. The 2013B Bonds are not subject to redemption prior to maturity.

Current Maturity Schedule.

Current principal outstanding: \$20,550,000

Original issue amount: \$20,550,000

Dated: April 4, 2013

Due: April 1, as shown below

Due April 1	CUSIP 239019	Principal Amount	Original Interest Rate
2016.....	H96	\$3,845,000	3.00%
2017.....	J29	3,960,000	3.00
2018.....	J37	4,080,000	4.00
2019.....	J45	4,245,000	4.25
2020.....	J52	4,420,000	4.25

Not Bank Qualified Obligations. The 2013B Bonds were not designated as “qualified tax-exempt obligations” pursuant to the small issuer exception provided by Section 265(b)(3) of the Internal Revenue Code of 1986, relating to the deductibility of certain financial institutions’ interest expense allocable to tax-exempt interest.

Security. The 2013B Bonds will be general obligations of the Board, payable from the proceeds of ad valorem taxes to be levied, without limitation as to rate or amount, on all of the taxable property in the District, fully sufficient to pay the 2013B Bonds as to both principal and interest.

Credit Enhancement. State of Utah Guaranty. Payment of the principal of and interest on the 2013B Bonds when due is guaranteed by the full faith and credit and unlimited ad valorem taxing power of the State under the provisions of the Guaranty Act.

13.

\$25,000,000

**Board of Education of Davis School District, Utah
General Obligation School Building Bonds
(Utah School Bond Guaranty Program), Series 2014**

Bonds dated and issued on May 7, 2014

CUSIP numbers on the 2014 Bonds are provided below.

The 2014 Bonds, as defined herein, were awarded pursuant to competitive bidding received by means of the Parity electronic bid submission system on April 23, 2014 to J.P. Morgan Securities, New York, New York, at a “true interest rate” of 3.18%. Zions Bank Public Finance, Salt Lake City, Utah, acted as Financial Advisor.

Background Information. The \$25,000,000 General Obligation School Building Bonds (Utah School Bond Guaranty Program), Series 2014, dated May 7, 2014 (the “2014 Bonds”), were issued by the Board as fully-registered bonds in book-entry only form, registered in the name of Cede & Co., as nominee for DTC. DTC is acting as securities depository for the 2014 Bonds.

Payment Dates. Principal of and interest on the 2014 Bonds (interest payable June 1 and December 1 of each year) are payable by U.S. Bank, as Paying Agent, to the registered owners thereof, currently DTC.

Optional Redemption. The 2014 Bonds maturing on and after June 1, 2024 are subject to redemption prior to maturity in whole or in part at the option of the Board on December 1, 2023 or on any date thereafter, from such maturities or parts thereof as shall be selected by the Board at the redemption price of 100% of the principal amount of the 2014 Bonds to be redeemed plus accrued interest (if any) thereon to the redemption date.

Current Maturity Schedule.

Current principal outstanding: \$25,000,000

Original issue amount: \$25,000,000

Dated: May 7, 2014

Due: June 1, as shown below

(1) Principal and interest will be refunded by the 2013B Refunding Bonds.

(2) Principal and interest were refunded by the 2011C Refunding Bonds.

Additional Information. For the schedule of annual debt service requirement of the District as of Fiscal Year 2015 through Fiscal Year 2034 see “COMPREHENSIVE ANNUAL FINANCIAL REPORT OF DAVIS SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2014–Statistical Section–Schedule of Annual Debt Service Requirements Years Ending June 30, 2015 to 2034” (pages 93).

Future Issuance Of Debt; Capital Leases; Historical Tax Anticipation Note Borrowing

Future Issuance Of Debt. The Board has \$77.5 million authorized unissued general obligation bonds from a bond authorization election held in 2009. As of the date of this SUPPLEMENTAL CONTINUING DISCLOSURE MEMORANDUM, the Board may issue additional authorized bonds during the Board’s Fiscal Years 2015 through 2019.

Capital Leases. In addition, the Board has various capital leases outstanding. As of Fiscal Year 2014, the present value of the minimum lease payments of the District’s capital leases totals \$182,260, with annual payments scheduled through Fiscal Year 2016. See “COMPREHENSIVE ANNUAL FINANCIAL REPORT OF DAVIS SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2014–Notes to Basic Financial Statements–Note 7. Long–Term Liabilities–Capital Leases” (page 61).

Historical Tax Anticipation Note Borrowing. The Board has issued tax anticipation notes for the past five Fiscal Years as follows:

<u>Fiscal Year</u>	<u>Series</u>	<u>Amount</u>	<u>Date of Sale</u>	<u>Type of Sale</u>	<u>Historical Moody’s Rating</u>
2014 (1).....	–	–	–	–	–

Total direct and overlapping general obligation debt (excluding the State) (6).....					<u>\$433,847,066</u>

This table excludes any additional principal amounts attributable to unamortized original issue bond premium and deferred amount on refunding.

- (1) Preliminary; subject to change. Taxable value used in this table *excludes* the taxable value used to determine uniform fees on tangible personal property.
- (2) Weber Basin Water Conservancy District ("WBWCD") which district overlapping into the County almost covers the entire County, for purposes of this table WBWCD will be considered as overlapping debt. WBWCD covers all of Morgan County, most of the County and Weber County, and portions of Box Elder and Summit Counties. Principal and interest on WBWCD's outstanding general obligation bonds are limited ad valorem tax bonds. Certain portions of the principal of and interest on WBWCD's general obligation bonds are paid from sales of water.
- (3) All or portions of these governmental entities outstanding general obligation debt are supported by user fee revenues from water or sewer. The Board's portion of overlapping general obligation debt has been reduced to the extent that such general obligation debt is supported by "user fee revenues."
- (4) A portion of this entity is located in Weber County.
- (5) South Davis Recreation District members are Bountiful, Centerville, North Salt Lake, Woods Cross, and West Bountiful.
- (6) The State's general obligation debt is not included in overlapping debt because the State currently levies no property tax for payment of general obligation bonds.

Additional Information. For the overlapping and underlying general obligation of the District as of Fiscal Year 2013 see "COMPREHENSIVE ANNUAL FINANCIAL REPORT OF DAVIS SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2014—Statistical Section—Overlapping and Underlying General Obligation Debt June 30, 2014" (page 91).

Debt Ratios

The following table sets forth the ratios of general obligation debt (excluding any additional principal amounts attributable to unamortized original issue bond premium) that is expected to be paid from taxes levied specifically for such debt and not from other revenues over the taxable value of property within the District, the estimated market value of such property and the population of the District. *The State's general obligation debt is not included in the debt ratios because the State currently levies no property tax for payment of general obligation debt.*

	To 2014 Estimated Taxable Value (1)	To 2014 Estimated Market Value (2)	To 2013 Population Estimate Per Capita (3)
Direct general obligation debt.....	2.25%	1.47%	\$1,266
Direct and overlapping general obligation debt.....	2.40	1.56	\$1,347

- (1) Based on an estimated 2014 Taxable Value of \$18,087,117,346, which value *excludes* the taxable value used to determine uniform fees on tangible personal property.
- (2) Based on an estimated 2014 Market Value of \$27,783,489,275, which value *excludes* the taxable value used to determine uniform fees on tangible personal property.
- (3) Based on the 2013 population estimate of 322,094 from the U.S. Census Bureau.

Additional Information. For a 10 year history of various debt ratios calculated by the District see “COMPREHENSIVE ANNUAL FINANCIAL REPORT OF DAVIS SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2014—Statistical Section—Ratios of Outstanding Debt Last Ten Fiscal Years” (page 90).

General Obligation Legal Debt Limit And Additional Debt Incurring Capacity

The general obligation indebtedness of the Board is limited by State law to 4% of the fair market value of taxable property in the District. The legal debt limit and additional debt incurring capacity of the Board are based on the estimated fair market value for 2014 and the calculated valuation value from 2013 uniform fees, and are calculated as follows:

Estimated 2014 “Fair Market Value”	\$27,783,489,275
2013 valuation from uniform fees (1)	<u>721,622,613</u>
Estimated 2014 “Fair Market Value for Debt Incurring Capacity”	<u>\$28,505,111,888</u>
“Fair Market Value for Debt Incurring Capacity” times 4% (the “Debt Limit”)	\$1,140,204,476
Less: current outstanding general obligation debt (2)	<u>(419,864,750)</u>
Estimated additional debt incurring capacity	<u>\$ 720,339,726</u>

- (1) 2014 final information is not available. For debt incurring capacity only, in computing the fair market value of taxable property in the District, the value of all motor vehicles and state-assessed commercial vehicles (which value is determined by dividing the uniform fee revenue by 1.5%) will be included as a part of the fair market value of the taxable property in the District.
- (2) For legal debt limit purposes, the outstanding general obligation debt as shown above is increased by the premium associated with debt issued and reduced by deferred amounts on refundings that are reported in the long-term debt notes of the Board's financial statements. Thus, for accounting purposes, the total unamortized bond premium was \$12,229,750 and the total deferred amount was \$0 (as of June 30, 2014), and together with current outstanding debt of \$407,635,000, results in total outstanding debt of \$419,864,750.

Additional Information. For a 10 year Fiscal Year history of the Board's general obligation legal debt limit and debt capacity see "COMPREHENSIVE ANNUAL FINANCIAL REPORT OF DAVIS SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2014–Statistical Section–General Obligation Legal Debt Limit and Debt Capacity" (page 92).

No Defaulted Obligations

The Board has never failed to pay principal of and interest on its financial obligations when due.

(1) Adjustments were made to prior year entries to better account for the timing of expenses made that straddled fiscal years. The District has adjusted the timing of payroll to the beginning of the month rather than the end of the month to clearly differentiate between fiscal years and improve the representation.

(Source: Information taken from the District's audited basic financial statements. This summary itself has not been audited.)

Additional Information. For a 10 year financial history of various District funds see “APPENDIX A—COMPREHENSIVE ANNUAL FINANCIAL REPORT OF DAVIS SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2014—Statistical Section” at the indicated pages as set forth below.

- (i) Statement of net position by component see “Net Position by Component Last Ten Fiscal Years” (page 82);
- (ii) Statement of expenses and revenues see “Expenses, Program Revenue, and Net (Expense) Revenue Last Ten Fiscal Years” (page 83);
- (iii) Fund balances—governmental funds see “Fund Balances—Governmental Funds Last Ten Fiscal Years” (page 84); and
- (iv) Changes in fund balances see “Changes in Fund Balances—Governmental Funds Last Ten Fiscal Years” (page 85).

- (a) The State changed its accounting/funding classifications for school districts beginning in Fiscal Year 2013.
- (1) Maximum tax rate where applicable under current State law.
- (2) Set by law for the District’s portion of the State Minimum School Program.
- (3) General maintenance and operation revenue. *In the early 1980’s, District residents approved a Voted Leeway Program of not to exceed a .000600 tax rate; in 1993, District residents approved an additional .000400 tax rate to the Voted Leeway Program; and in 1997, District residents approved an additional .000600 tax rate to the Voted Leeway Program (which results in a maximum tax rate of .001600).*
- (4) Construction remodeling projects and purchase of school sites/equipment, etc.
- (5) This maximum limitation is not applicable to levies made to provide for payment of the principal of and interest on general obligation bonds authorized by vote of school district electors.
- (6) A “judgment levy” is levied for the purpose of collecting additional revenues. The Board has the legal right to levy a “Judgment Levy” in the succeeding tax year to make up for any tax revenue shortfall due to tax or revaluation “judgment” circumstances that the Board had no control over.

(Source: State Tax Commission.)

Comparative Total Property Tax Rates Within Davis County

Unincorporated areas (2)013132	.013736	.013942	.013859	.012573

(1) These tax rates represent a taxing district within the city or town with the highest combined total tax rates of all overlapping taxing districts.

(2) These tax rates represent a taxing district within the unincorporated municipalities within the County with the highest combined total tax rates of all overlapping taxing districts.

(Source: Reports from the Utah State Tax Commission.)

Additional Information. For a 10 year Fiscal Year history of the Board's direct and overlapping property tax rates see "COMPREHENSIVE ANNUAL FINANCIAL REPORT OF DAVIS SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2014–Statistical Section–Direct and Overlapping Property Tax Rates" (page 87).

(The remainder of this page has been intentionally left blank.)

Taxable, Fair Market And Market Value Of Property

<u>Year</u>	<u>Taxable Value (1)</u>	<u>% Change Over Prior Year</u>	<u>Fair Market/ Market Value (2)</u>	<u>% Change Over Prior Year</u>
2014 (3).....	\$18,087,117,346	9.9%	\$27,783,489,275	10.5%
2013	16,456,475,562	4.2	25,133,286,793	4.4
2012	15,795,391,788	0.8	24,070,679,556	0.6
2011	15,697,107,746	(3.2)	23,932,780,710	(3.6)
2010	16,197,778,174	(2.0)	24,821,205,052	(2.1)

- (1) Taxable valuation includes redevelopment agency valuation. The estimated redevelopment agency valuation for Calendar Year 2014 was approximately \$816.6 million; for Calendar Year 2013 was approximately \$659.7 million; Calendar Year 2012 was approximately \$555.6 million; Calendar Year 2011 was approximately \$528.5 million; Calendar Year 2010 was approximately \$550.4 million; and Calendar Year 2009 was approximately \$529.1 million
- (2) Estimated fair market values were calculated by dividing the taxable value of primary residential property by 55%, which eliminates the 45% exemption on primary residential property granted under the Property Tax Act. (Source: Financial Advisor.)
- (3) Preliminary; subject to change.

See “Historical Summaries Of Taxable Value Of Property” below.

(1) Excludes redevelopment agencies valuation.

(2) Treasurer’s Relief includes abatements. These Treasurer’s Relief items are levied against the property, but are never collected and paid to the entity.

(3) Delinquent Collections include interest; sales of real and personal property; and miscellaneous delinquent collections.

(4) In addition to the Total Collections indicated above, the District also collected Uniform Fees (fees-in-lieu payments) for tax year 2013 of \$10,824,339; for tax year 2012 of \$10,787,452; for tax year 2011 of \$10,956,944; for tax year 2010 of \$11,010,154; for tax year 2009 of \$12,108,576; and for tax year 2008 of \$11,985,969; from tax equivalent property associated with motor vehicles, watercraft, recreational vehicles, and all other tangible personal property required to be registered with the State.

(Source: Information taken from the Utah State Tax Commission reports.)

Additional Information. For the District’s presentation of a 10 year history of property tax levies and collections see “COMPREHENSIVE ANNUAL FINANCIAL REPORT OF DAVIS SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2014—Statistical Section—Property Tax Levies and Collections Last Ten Tax Years” (page 89).

Some Of The Largest Taxpayers

Information for Fiscal Year 2015 (Calendar Year 2014) is currently not available. The District’s single largest property tax payer in Fiscal Year 2014 (Calendar Year 2013) was Chevron U.S.A., a petroleum refinery located in North Salt Lake City, Utah. The company comprised approximately 2.7% of the District’s total taxable valuation for Fiscal Year 2013. The top 10 largest property tax payers comprised approximately 9.5% of the District total taxable valuation for Fiscal Year 2014.

For a list of the District’s 10 largest property tax payers for Fiscal Year 2013 and Fiscal Year 2004 see “COMPREHENSIVE ANNUAL FINANCIAL REPORT OF DAVIS SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2014—Statistical Section—Principal Property Tax Payers Current Year and Nine Years Ago” (page 88).

Introductory

THIS PAGE INTENTIONALLY LEFT BLANK

November 10, 2014

To President Lowe, Members of the Board of Education, and the Citizens of the Davis School District:

State law requires that school districts publish within five months of the close of each fiscal year a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited by a firm of licensed certified public accountants in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller of the United States. Pursuant to that requirement, we hereby issue the comprehensive annual financial report (CAFR) of the Davis School District (District) for the fiscal year ended June 30, 2014.

Designed to meet the needs of a broad spectrum of readers of financial statements, this CAFR is divided into three major sections:

- **Introductory section** – Introduces the reader to the report and includes this transmittal letter, a map of School Board precinct boundaries, the list of elected and appointed officials, the organization chart of the District, certificate of excellence in financial reporting, and the District’s model for public education.
- **Financial section** – Consists of the independent auditor’s report, management’s discussion and analysis, the basic financial statements, and combining and individual fund statements and schedules.
- **Statistical section** – Contains substantial financial information, but presents tables that differ from financial statements in that they present non-accounting data, cover several years, and are designed to reflect social and economic data and financial and fiscal trends as well as the fiscal capacity of the District.

Internal controls. This report consists of management’s representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the District’s assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District’s financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District’s comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Independent audits. Squire & Company, PC, a firm of licensed certified public accountants, has audited the District’s financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2014 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion, and that the District’s financial statements

for the fiscal year ended June 30, 2014 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report

The independent audit of the financial statements of the District was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. The District was also subject to and underwent a state compliance audit, the purpose of which is to examine general and major state program compliance with applicable state laws and regulations. These reports are available in the District's separately issued Single Audit report.

Management's discussion and analysis. GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of management's discussion and analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in connection with it. The District's MD&A can be found immediately following the report of the independent auditors.

District profile. The District is located in the north central part of the state of Utah. The boundaries of the District are contiguous with those of Davis County, Utah. Davis County is largely an urban county with high concentrations of residential development. The District is a legally separate and fiscally independent entity enjoying all rights and privileges accorded political subdivisions in the state of Utah. Policymaking and legislative authority are vested in the Board of Education consisting of seven members. The Board is responsible for, among other things, developing policy, adopting the budget, levying taxes, incurring bonded debt, supervising committees, and hiring both the superintendent and business administrator. The superintendent and business administrator are responsible for carrying out the policies of the Board of Education and oversee the day-to-day operations of the District. The Board is elected on a non-partisan basis. Board members serve four-year staggered terms with no more than four board members elected every two years.

The major purpose of the District is to provide public education for those who reside within the boundaries of the District. To accomplish this purpose, as of fall 2014, the District operates eight traditional high schools, sixteen junior high schools, and 60 elementary schools. The District also offers three special purpose programs: Pioneer Adult Rehabilitation Center (a community rehabilitation program serving persons with disabilities), the Family Enrichment Center (providing preschool and Head Start programs), and Farmington Bay (a youth correctional facility). In addition, the District operates two alternative schools, Mountain High and the Renaissance Academy. The District serves 69,139 students based on the October 1, 2014 enrollment report.

The District also acts as the fiscal agent for the Davis School District Foundation (Foundation). The Foundation is a separate legal 501(c)(3) entity, and is reported as a discretely presented component unit in the District's financial statements. The Foundation is a not-for-profit entity that solicits financial support of public education through local school communities and community business partners.

Budgetary control. The District adopts an annual budget for its funds. This budget acts as the financial operating plan for the entire year. Revisions may be implemented during the year authorizing a larger appropriation of available resources through a public hearing and approval from the Board.

All annual appropriations lapse at fiscal year end with the exception of those reported as a commitment of fund balance resources. During May of each year, the District superintendent submits to the Board a proposed operating budget for the next fiscal year commencing July 1. This budget includes proposed expenditures and the means of financing them. Included also is a final budget for the current year ending June 30.

If the District does not exceed the certified tax rate, a public hearing is held prior to June 22 at which time the budget is legally adopted by resolution of the Board after obtaining taxpayer input. If the District exceeds the certified tax rate the budget is adopted in August after required advertisement of proposed tax rate increases and a public hearing.

The level by which expenditures may not exceed appropriations has been interpreted by the State Superintendent of Public Instruction to be the total budgeted expenditures of a given fund.

Economic condition and outlook. The economic outlook of the District is tied to and dependent on the economic condition and outlook of the state of Utah since state aid provides 69% of general fund revenues. Utah's economy has steadily improved over the last few years after having to reduce the 2010 and 2011 budgets and struggling to fund growth for 2012. Revenues however, were slightly up for 2013 through 2014 and current revenue projections for 2015 are modestly higher as well. The District projects student growth of over 500 in 2014-15 and approximately 500 in 2015-16 as well.

Over the last 5 years, the District has taken steps to reduce budgets and cut back programs. Every position that becomes vacant in the District is evaluated by District administration to determine if it must be re-filled. For the 2014-15 school year, the Board left tax rates within the certified rate and funded new fiscal demands with increased State revenues.

The District's taxing authority rests with property taxes on residential and commercial property within the District. For 2014, the District's taxable property values increased 10.7%. This is compared to an increase of 4.2% in 2013. Local taxation accounts for only 21% of general fund revenues, and 28% of all governmental fund revenues.

Long-term financial planning. State revenue projections appear to be slightly increasing for fiscal year 2016. These funds will be utilized to offset district expenditures for state retirement and health insurance as well as employee compensation increases. The District actively examines all revenue and expenditure categories and programs to identify budget reductions. The driving force is to meet the demands of an ever changing budget without significant impact to our students and classrooms.

Dealing with the challenges and demands of budgets is further complicated by the fact that the student population of the District and the state of Utah is continuing to grow. Based on information from Utah's Bureau of Vital Records, the District expects the kindergarten enrollment increase to accelerate because of a climb in the birth rate for Davis County. The District also expects net migration into the County to remain positive, but to slow moderately. The District projects an additional 2,500 students over the next five years measured from October 2014 to October 2019. The state 2015 fiscal year school finance program is designed to provide every Utah school district with a basic operation program of \$2,972 per weighted pupil unit (WPU). Current budget projections indicate a small increase in the value of the WPU for 2016.

In response to continued student growth, the District went to the taxpayers on June 20, 2006 for a \$230.0 million bonding authorization. The authorization passed with 79.2% approval, which provided for facilities for student growth into 2010. The District concluded another successful campaign on November 3, 2009, when voters passed a \$250.0 million bonding authorization with a 63.2% approval margin. This authorization anticipates providing schools and classroom expansion in growth areas through 2016.

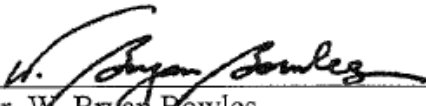

Awards. The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2013. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement for Excellence, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. *This is the thirty-first year that the District has received this prestigious award.* We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

Acknowledgments. The efficient and dedicated staff of the business department accomplished the preparation of this report on a timely basis. We would like to express appreciation to all members of the department who assisted in the preparation of this report. Special appreciation is expressed to the District's Finance Department, who did most of the work in preparation of this report. We would also like to thank the members of the Board of Education for their interest and support in conducting the financial affairs of the District in a responsible and progressive manner.

Respectfully submitted,

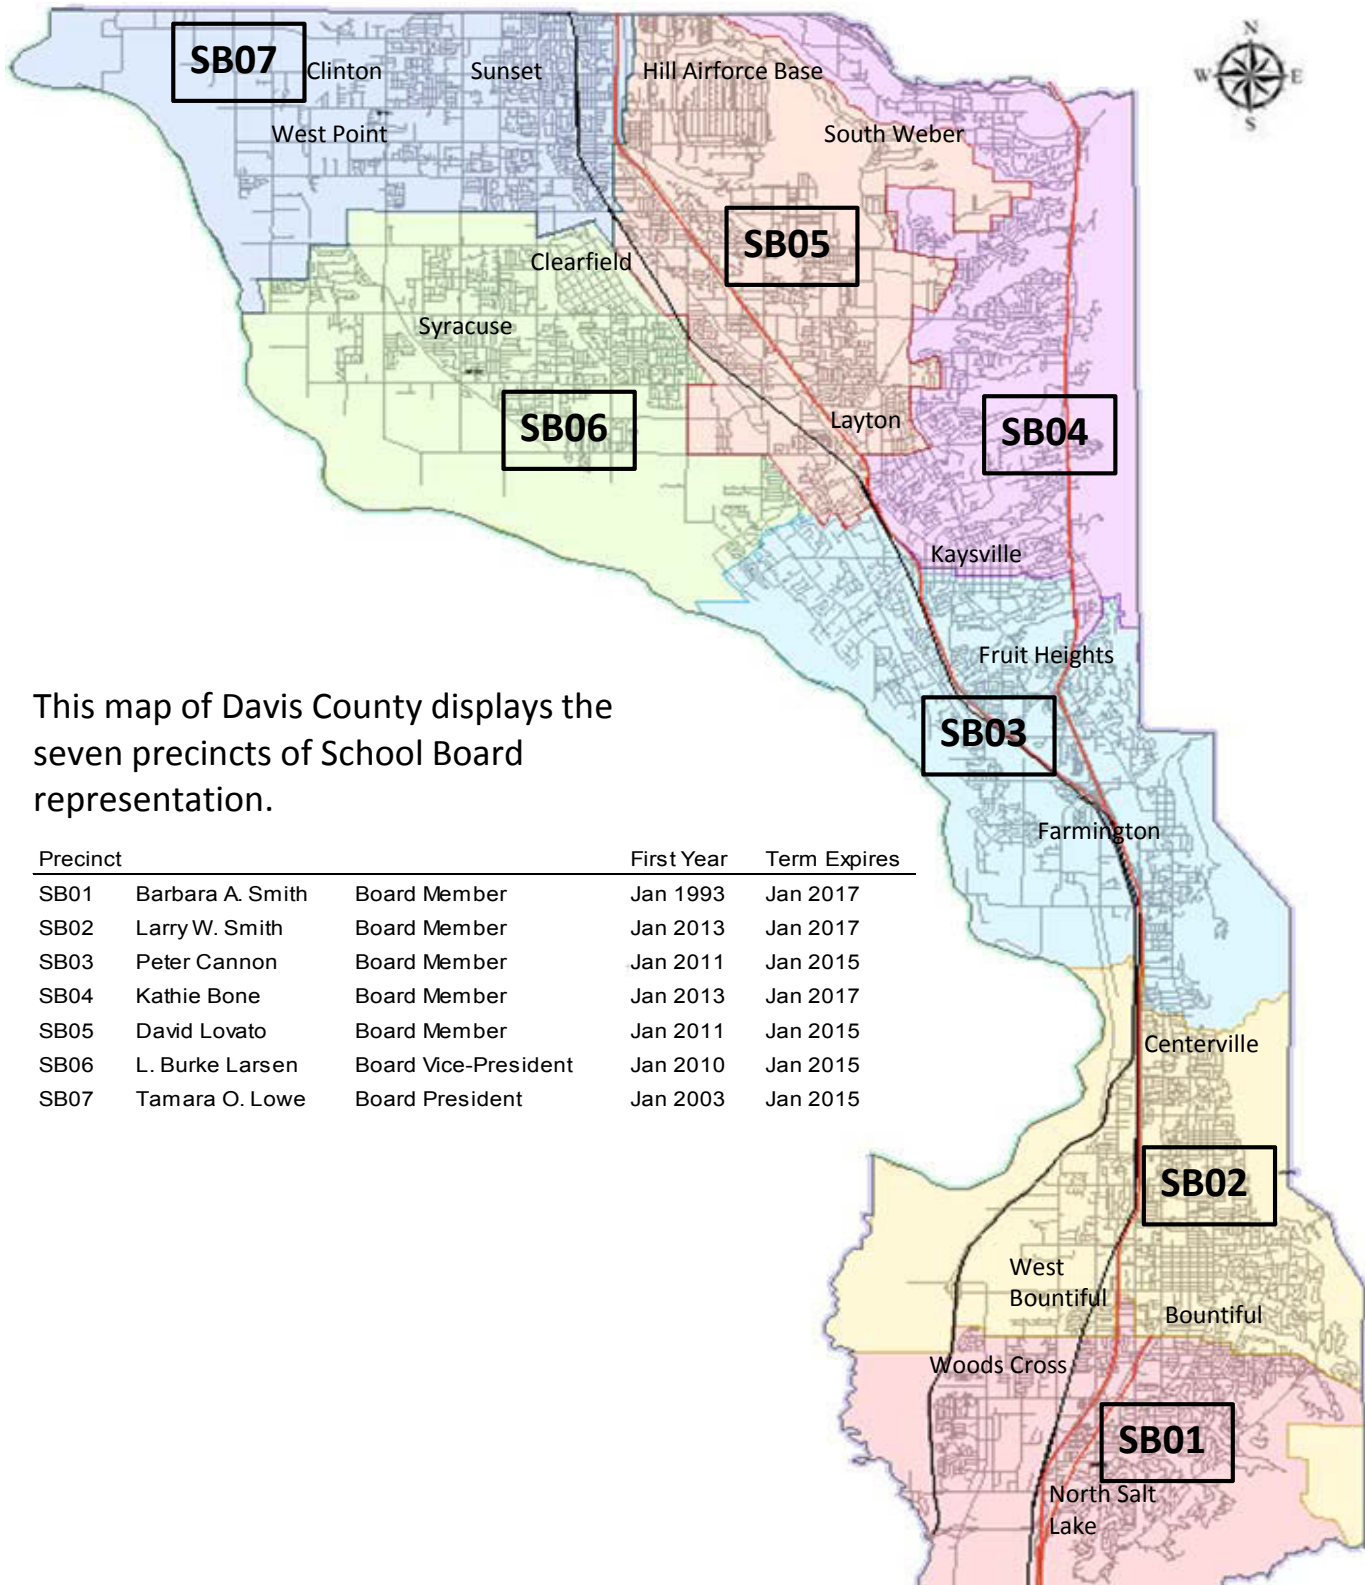

Dr. W. Bryan Bowles
SUPERINTENDENT

Craig Carter

VISION

Davis School District provides an environment where
LEARNING COMES FIRST!

Students: MASTER essential learning skills,
DEMONSTRATE civic responsibility,
PREPARE for post-secondary education and careers, and
ENGAGE in positive personal development.

Parents are INVESTED in their student's education.

Employees RECOGNIZE the value of their individual contributions and
COMMIT to excellence.

The community SUPPORTS the educational process.

Our efforts are guided by the following values and beliefs :

STUDENTS:

- have a shared responsibility for their own learning;
- have individual learning styles, needs, and gifts; education is most successful when these attributes are respected and utilized;
- must be prepared to embrace new opportunities and challenges in order to successfully transition from school to post secondary education and/or careers;
- school readiness is a critical component of school success.

PARENTS:

- are a student's first teacher;
- have a shared responsibility for their student's learning;
- must be empowered by schools to prepare for and support their student's learning;
- have the right to be involved and informed about school policies and their student's progress.

EMPLOYEES:

- Every employee is an educator and has shared responsibility for student learning;
- Effective classroom teachers are critical and assume primary responsibility for student learning;
- Effective leadership is key to student learning;
- Collaboration is fundamental to successful outcomes;
- Advancing the capabilities of all employees is essential to an excellent educational system.

COMMUNITY:

- Learning is best served when collaboration occurs among students, parents, school and district personnel, and communities;
- Communities benefit from a strong public education system;
- Well managed physical facilities are a community asset and must be specifically designed, constructed, and maintained to advance learning.

EDUCATION SYSTEM:

- Education enhances the quality of life and is the foundation for a strong and free society;
- Education is a dynamic process improved through a continuous cycle of assessment, reflection, and
- Educational resources must be managed effectively, transparently, and equitably;
- High standards and expectations must be maintained through a system of accountability.

Independent Auditor's Report

Board of Education
Davis School District

Report on the Basic Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Davis School District (the District) as of and for the year ended June 30, 2014, and the related notes to the basic financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Basic Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Davis School District as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the required supplementary information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The individual fund statements and schedules and the introductory and statistical sections, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 10, 2014, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Squire & Company, PC

Orem, Utah

Management's Discussion and Analysis

This section of Davis School District's (District) comprehensive annual financial report presents management's discussion and analysis of the District's financial performance during the year ended June 30, 2014. Please read it in conjunction with the transmittal letter found on pages 11 through 14 of this report and the District's financial statements, which follow this section.

Financial Highlights

- The District's total assets and deferred outflows of resources exceeded the total liabilities and deferred inflows of resources by \$248.9 million at the close of the most recent fiscal year.
- During the year, expenses were \$14.0 million less than the \$508.4 million generated in taxes and other revenues for governmental activities. Last year, expenses were less than revenues by \$7.3 million.
- Actual expenditures in the *General Fund* were \$5.1 million less than final budgeted amounts, and resources available for appropriation were \$1.0 million more than final budgeted amounts.
- The District's unassigned fund balance in the *General Fund* increased by \$1.9 million. An increase of \$2.0 million in fund balance was budgeted for the year.
- The District continued providing for its student growth by issuing \$25.0 million of new bonds. Significant progress was made on the construction of Odyssey Elementary School (estimated cost of \$18.2 million) which is scheduled to be opened for the 2014-2015 school year. The District is currently progressing on an addition at Millcreek Junior High School (estimated cost of \$9.6 million) and a remodel of Bountiful High School (estimated cost of \$11.6 million). The District has \$77.5 million of bonds remaining to issue of the 2009 voter-approved \$250.0 million bond authorization.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the District, with the difference being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the net position of the District changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected property taxes and earned but unpaid employee benefits).

The government-wide financial statements can be found on pages 35 to 36 of this report.

The government-wide financial statements of the District are divided into three categories:

- **Governmental activities.** Most of the District’s basic services are included here, such as instruction, various supporting services and interest on long-term liabilities. Property taxes and state and federal grants finance most of these activities.
- **Business-type activities.** The District charges fees to students and customers and receives specific grants from various local, state, and federal agencies to help cover the costs of certain services it provides. The Pioneer Adult Rehabilitation Center is included here.
- **Component unit.** The District includes one other entity in the report, the Davis School District Foundation. Although legally separate, this “component unit” is included because the District is the fiscal agent and is financial accountable for it, and its purpose is to solicit donations to support educational programs of the District.

Fund financial statements. A *fund* is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and proprietary funds.

- **Governmental funds.** *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the government’s near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government’s near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the *General Fund*, the *Debt Service Fund*, and the *Capital Projects Fund*, each of which are considered to be major funds. Data from the other three governmental funds (*School Food Services Fund*, *Student Activities Fund*, and *State Multi-District Program Fund*) are combined into a single, aggregated presentation. As of June 30, 2014 the District closed the *State-Multi District Program Fund*. Individual fund data for each of the governmental funds is provided in the form of *combining and individual fund statements and schedules* elsewhere in the report.

The District adopts an annual appropriated budget for its *General Fund*. A budgetary comparison statement has been provided for the *General Fund* to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 37 to 41 of this report.

- **Proprietary funds.** The District maintains two proprietary fund types. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the District’s various functions. The District uses one internal service fund, and it is included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for its enterprise fund

and for the internal service fund. The basic proprietary fund financial statements can be found on pages 42 to 44 of this report.

Notes to the basic financial statements. The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 45 to 62 of this report.

Other information. Individual fund statements and schedules are presented immediately following the notes to the basic financial statements. Individual fund statements and schedules can be found on pages 63 to 77 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$248.9 million at the close of the most recent fiscal year.

DAVIS SCHOOL DISTRICT'S Net Position							
June 30, 2014 and 2013							
(in millions of dollars)							
	Governmental		Business-type		Total		Total
	Activities		Activities				Change
	2014	2013	2014	2013	2014	2013	2014-2013
Current and other assets	\$ 286.2	\$ 264.1	\$ 6.9	\$ 5.2	\$ 293.1	\$ 269.3	\$ 23.8
Capital assets	578.3	578.1	2.1	2.2	580.4	580.3	0.1
Total assets	864.5	842.2	9.0	7.4	873.5	849.6	23.9
Deferred outflows of resources	2.7	3.4	-	-	2.7	3.4	(0.7)
Current and other liabilities	59.2	56.6	0.7	0.1	59.9	56.7	3.2
Long-term liabilities outstanding	435.2	436.4	0.1	0.1	435.3	436.5	(1.2)
Total liabilities	494.4	493.0	0.8	0.2	495.2	493.2	2.0
Deferred inflows of resources	132.1	125.9	-	-	132.1	125.9	6.2
Net position:							
Net investment in capital assets	175.3	173.3	2.1	2.2	177.4	175.5	1.9
Restricted	36.5	30.4	-	-	36.5	30.4	6.1
Unrestricted	28.9	23.0	6.1	5.0	35.0	28.0	7.0
Total net position	\$ 240.7	\$ 226.7	\$ 8.2	\$ 7.2	\$ 248.9	\$ 233.9	\$ 15.0

- Net position of the District's governmental activities increased by 6.6% to \$240.7 million. However, most of the net position is either restricted as to the purposes they can be used for or are invested in net capital assets (land, buildings and improvements, equipment, and so on). Therefore, *unrestricted* net position showed a \$28.9 million balance at the end of this year, an increase of 25.7 % or \$5.9 million from last year. Unrestricted net position will be used to meet the District's obligations to students, employees, and creditors and to honor next year's budget.
- The net position of the District's business-type activities increased by 13.9% to \$8.2 million. Unrestricted net position increased by 22.0% to \$6.1 million. The District can only use these funds to finance the continuing operations of the Pioneer Adult Rehabilitation Center.
- A portion of the District's net position reflects its investment in capital assets less any related outstanding debt used to acquire those assets. The District uses these capital assets to provide services to students; consequently, these assets are *not* available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt

must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

- An additional portion of the District's net position represents resources that are subject to external restrictions on how they may be used. The majority of the restricted balance is for school food services and capital projects.

The District's total net position increased \$15.0 million during the current year. This increase was the result of increased federal and state aid not restricted to specific purposes. Of the \$15.0 million increase in total net position, unrestricted net position increased by \$7.0 million, while restricted net position increased by \$6.1 million. The net investment in capital assets increased by \$1.9 million.

- The District's total revenues increased 2.6% to \$522.2 million. Federal and state aid makes up 63.5% of the District's revenues; property taxes generate 27.5% of the District's revenues.
- The total cost of all programs and services increased by 1.2% to \$507.2 million. Instruction and support services make up 63.9% and 25.6% respectively, of the District's expenses.

The narrative that follows considers the operations of governmental and business-type activities separately.

Governmental activities. The key elements of the increase in the District’s net position for the year ended June 30, 2014 are as follows:

- Revenues increased \$9.0 million or 1.8% and continue to be primarily from federal and state aid and local property taxes.

Federal and state aid not restricted to specific purposes increased by 5.2% or \$11.0 million. Total federal aid decreased 7.3% to \$42.6 million primarily due to Federal sequestration. State aid is based primarily on weighted pupil units (WPU) and other appropriations. If a student is in membership a full 180 days, the state awards the District one WPU. The state guarantees that if local taxes do not provide money equal to the amount generated by the WPU the state will make up the difference with state funding. The value of the WPU increased 2.0% from \$2,842 to \$2,899.

Tax revenues decreased to \$143.4 million or by 1.0%. This decrease was a result of lower delinquent tax collections.

- Expenses for governmental activities increased \$2.3 million or by 0.5%. This increase was a result of increased debt service requirements offset by a decrease in expenses related to capital outlay projects.

**Davis School District
Expenses by Function - Governmental Activities
Year Ended June 30, 2014**

Business-type activities. The \$1.0 million increase in the District's net position for the year ended June 30, 2014 was a result of the operations of the Pioneer Adult Rehabilitation Center.

- Overall revenues increased \$4.2 million and expenses increased \$3.8 million due to increased contract agreements.

Financial Analysis of the District's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the District's *governmental funds* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. As the District completed the year, its governmental funds reported a combined fund balance of \$93.6 million, \$12.6 million more than the previous year. This increase was due primarily to increased revenue from the State of Utah and the issuance of \$25.0 million general obligation bonds offset by costs related to the planned capital projects. The *Debt Service Fund* utilized all of its revenues and maintained a zero fund balance. The *General Fund* had a \$6.6 million increase in fund balance. In addition, the following changes in revenues and expenditures should be noted:

- Revenues for general District purposes totaled \$409.6 million, an increase of 2.0%, during the current fiscal year. This increase is primarily due to increased student revenues from the State of Utah. Revenues for debt service and capital projects were up 1.6% and down 4.4%, respectively. The *Capital Projects Fund's* decrease was a result of a lower tax rate. State revenues were up 4.6% in the *General Fund* due to increases in state appropriations for enrollment growth and federal revenues were down \$3.4 million or 7.3%.
- Expenditures for general District purposes totaled \$401.5 million, an increase of 1.0% during the current fiscal year. Instruction represents 68.8% of *General Fund* expenditures. Capital project expenditures were down 19.7% due to the completion of certain construction projects.

- *General Fund* salaries totaled \$246.4 million while the associated employee benefits of retirement, social security, and insurance (health and accident, industrial, and unemployment) added \$111.8 million to arrive at 89.2% of total *General Fund* expenditures.

Governmental funds report the differences between their assets, deferred outflows of resources, liabilities, and deferred inflows of resources as fund balance, which is divided into nonspendable, restricted, and unrestricted portions. Nonspendable fund balance represents items such as inventories which are not resources that can be readily converted to cash. Restricted includes net fund resources of the District that are subject to external constraints due to state or federal laws, or externally imposed conditions by grantors or creditors. The unrestricted fund balance is, in turn, subdivided between committed, assigned, and unassigned portions. Committed balances reflect the District's self-imposed limitation of the use of otherwise available expendable financial resources in governmental funds. Assigned balances in the *General Fund* and in other governmental funds are those that do not meet the requirements of restricted or committed but are intended to be used for specific purposes. Unassigned balances in the *General Fund* are all other available net fund resources. At June 30, 2014, the District's combined governmental fund balance is \$93.6 million (\$2.3 million in non-spendable, \$49.5 million in restricted, \$17.0 million in committed, \$8.3 million in assigned, and \$16.5 in unassigned fund balances).

General Fund Budgetary Highlights

During the year, the Board revised the District's budget. Budget amendments were to reflect changes in programs and related funding. The difference between the original budget and the final amended budget was a decrease of \$1.5 million or 0.4% in total *General Fund* expenditures.

During the year, final budgeted revenues were more than original budgetary estimates by \$2.6 million or 0.6%. The increase primarily reflects a new legislative program which allocated prior year unspent State match funds to qualifying Districts during the year.

Even with these adjustments, the District maintained cost cutting measures to hold expenditures below the amended budget in order to build reserves for unanticipated future costs. Consequently, actual expenditures were \$5.1 million below final budgeted amounts. Additionally, resources available for appropriation were \$1.0 million above the final budgeted amount.

Capital Asset and Debt Administration

Capital Assets. The *Capital Projects Fund* is used to account for the costs incurred in acquiring and improving sites, constructing and remodeling facilities, and procuring equipment necessary for providing educational programs for all students within the District. The District spent \$23.5 million for capital assets. Major projects include the construction of Odyssey Elementary School (estimated cost of \$20 million), Millcreek Junior High School addition (estimated cost of \$10 million), and Bountiful High School remodel (estimated cost of \$13 million).

The District continues to experience moderate growth in total students and a shift in student population to the north and southwest section of the District. The District's 60th elementary school was completed in the southwest section of the County. Major projects to be funded with the current bond proceeds include two additional elementary schools, a classroom addition at Woods Cross High School and the addition at Millcreek Junior High School currently under way.

Capital assets at June 30, 2014 and 2013 are outlined below:

DAVIS SCHOOL DISTRICT'S Capital Assets							
June 30, 2014 and 2013							
(net of accumulated depreciation in millions of dollars)							
	Governmental		Business-type		Total		Total
	Activities		Activities		Total		Change
	2014	2013	2014	2013	2014	2013	2014-2013
Land	\$ 44.8	\$ 43.9	\$ -	\$ -	\$ 44.8	\$ 43.9	\$ 0.9
Construction in progress	32.1	28.8	-	-	32.1	28.8	3.3
Buildings and improvements	491.6	494.8	2.0	2.1	493.6	496.9	(3.3)
Furniture and equipment	3.7	4.1	0.1	0.1	3.8	4.2	(0.4)
Transportation equipment	6.1	6.5	-	-	6.1	6.5	(0.4)
Total capital assets	<u>\$ 578.3</u>	<u>\$ 578.1</u>	<u>\$ 2.1</u>	<u>\$ 2.2</u>	<u>\$ 580.4</u>	<u>\$ 580.3</u>	<u>\$ 0.1</u>

Additional information on the District's capital assets can be found in Note 4 to the basic financial statements.

Debt Administration. On November 3, 2009, the registered voters of Davis County passed a bond authorization in the amount of \$250.0 million for general obligation school building bonds for new school construction, land acquisitions, renovation of existing school facilities, and related equipment and improvements. This debt authorization was sought to cope with the demands of student growth over the next five years, with student migration to the northwest portion of the county, and to help maintain the District's investment in its capital assets. The voter authorization passed convincingly with 63.2% in favor.

The District issued \$25.0 million of the authorization on April 23, 2014. Of the \$250.0 million, \$172.5 million has been issued leaving \$77.5 million available for future issues as of June 30, 2014.

The general obligation bonded debt of the District is limited by state law to 4.0% of the fair market value of the total taxable property in the District. The legal debt limit at June 30, 2014, is \$1,045.9 million. General obligation debt, net of unamortized premiums, at June 30, 2014, is \$419.9 million, resulting in a legal debt margin of \$613.8 million.

DAVIS SCHOOL DISTRICT'S Outstanding Debt			
June 30, 2014 and 2013			
Net of Accumulated Amortization			
(in millions of dollars)			
	Governmental activities		
			Total
			Change
	2014	2013	2014-2013
Net general obligation bonds	\$ 419.9	\$ 423.0	\$ (3.1)
Obligations under capital lease	0.2	0.4	(0.2)
Total	<u>\$ 420.1</u>	<u>\$ 423.4</u>	<u>\$ (3.3)</u>

Although it is not unusual for governments to have a 30-year bond payoff schedule, the District maintains an aggressive schedule to retire all of its general obligation bonds by 2034.

Additional information on the District's long-term debt can be found in Note 7 to the basic financial statements.

Changing Enrollment within the District

Student enrollment counts are officially taken on October 1 of each year. Student growth continues to be moderate as reflected in the October 2014 count. The District anticipated growth of approximately 550 students for the 2014-15 school year; however, actual growth was 568 students. Growth continues to be focused in the northwest section of the District. The chart below reflects the counts taken between October 1, 2010, and October 1, 2014, and shows total student growth of 3,687 students over the five-year period, a 5.6% increase.

DAVIS SCHOOL DISTRICT'S Student Enrollment						
District fiscal year	2011	2012	2013	2014	2015	Total
October 1st enrollment	66,019	67,736	68,342	68,571	69,139	
Total enrollment change	567	1,717	606	229	568	3,687
Percentage change	0.9%	2.6%	0.9%	0.3%	0.8%	5.6%

The District has ongoing planning efforts to analyze and accommodate the issues related to new growth. A bond authorization approved by voters on November 3, 2009, for \$250.0 million will help meet the ongoing needs of the District's 20-year capital plan and to provide continuous cash flows for the necessary capital projects. With bond proceeds as well as ongoing capital funds from taxes, the District expects to meet the demands of projected student growth over both the short-term planning horizon (5 years) as well as the long-term (20+ years).

Requests for Information

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have any questions about this report or need additional financial information, please contact the Davis School District, Office of the Business Administrator, 45 East State Street (P.O. Box 588), Farmington, UT 84025.

DAVIS SCHOOL DISTRICT

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position

June 30, 2014

Total fund balances for governmental funds	\$ 93,642,092
---	----------------------

Total net position reported for governmental activities in the statement of net position is different because:

Capital assets used in governmental funds are not financial resources and therefore are not reported in the funds. Those assets consist of:

Land	\$ 44,150,914	
Construction in progress	32,090,100	
Buildings and improvements, net of \$316,664,524 accumulated depreciation	490,993,646	
Furniture and equipment, net of \$12,133,321 accumulated depreciation	3,452,405	
Transportation equipment, net of \$24,254,646 accumulated depreciation	<u>6,156,690</u>	576,843,755

Some of the District's property taxes will be collected after year-end, but are not available soon enough to pay for the current period's expenditures, and therefore are reported as deferred inflows of resources in the funds.	2,694,804
---	-----------

Interest on long-term debt is not accrued in the governmental funds, but rather is recognized as an expenditure when due. Accrued interest for general obligation bonds is \$1,334,514 and accrued interest for obligations under capital leases is \$7,451.	(1,341,965)
--	-------------

An internal service fund is used by management to charge the costs of warehouse services to individual funds and other school districts. The assets and liabilities of the internal service fund are included in governmental activities in the statement of net position. Internal service fund net position at year-end is:	1,358,981
---	-----------

Long-term liabilities that pertain to governmental funds, including bonds payable, are not due and payable in the current period and therefore are not reported as fund liabilities. All liabilities - both current and long-term - are reported in the statement of net position. Balances at year-end are:

Bonds payable	(407,635,000)	
Deferred charge on refunding	2,717,566	
Unamortized premiums	(12,229,750)	
Obligations under capital leases	(182,260)	
Accrued vacation	(4,105,024)	
Accrued sick leave	(2,143,988)	
Accrued personal leave	(1,313,105)	
Early retirement payable	<u>(7,569,034)</u>	(432,460,595)

Total net position - governmental activities	<u>\$ 240,737,072</u>
---	------------------------------

The notes to basic financial statements are an integral part of this statement.

DAVIS SCHOOL DISTRICT

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Year Ended June 30, 2014

Net change in fund balances-total governmental funds \$ 12,624,895

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, equipment with an initial, individual cost of more than \$5,000 and buildings and improvements with an initial, individual cost of more than \$100,000 are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital outlays	\$ 23,460,854	
Gain on sale of capital assets	(279,852)	
Proceeds from sale of capital assets	(388,800)	
Depreciation expense	<u>(22,476,783)</u>	315,419

Some capital asset additions are financed through capital leases. In governmental funds, a capital lease arrangement is considered a source of financing, but in the statement of net position, the lease obligation is reported as a liability. Repayment of capital lease principal is an expenditure in the governmental funds, but repayment reduces the lease obligation in the statement of net position.

Interest expense - capital leases	5,029	
Principal payments on capital leases	<u>197,718</u>	202,747

The governmental funds report bond proceeds as financing sources, while repayment of bond principal is reported as an expenditure. In the statement of net position, however, issuing debt increases long-term liabilities and does not affect the statement of activities and repayment of principal reduces the liability. Also, governmental funds report the effect of premiums when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. Interest is recognized as an expenditure in the governmental funds when it is due. In the statement of activities, however, interest expense is recognized as it accrues, regardless of when it is due. The net effect of these differences in the treatment of general obligation bonds and related items is as follows:

General obligation bond proceeds	(25,000,000)	
Bond premium	(468,930)	
Amortization of deferred amounts on refunding	(708,970)	
Amortization of bond premium	2,061,389	
Repayment of bond principal	26,495,000	
Interest expense - general obligation bonds	<u>125,723</u>	2,504,212

Property tax revenue is recognized when levied (claim to resources established) rather than when available. The portion not available soon enough to pay for the current period's expenditures is reported as deferred inflows of resources in the funds. (924,600)

In the statement of activities, certain operating expenses - compensated absences (vacation and sick and personal leave) and termination benefits (early retirement) - are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). During this year, benefit obligations changed by the following amounts:

Accrued vacation	(399,201)	
Accrued sick and personal leave	(230,072)	
Early retirement payable	<u>(1,462,805)</u>	(2,092,078)

An internal service fund is used by the District to charge the costs of warehouse services to individual funds. The change in net position of the internal service fund is reported with governmental activities. 1,358,981

Change in net position of governmental activities \$ 13,989,576

The notes to basic financial statements are an integral part of this statement.

DAVIS SCHOOL DISTRICT
Notes to Basic Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Davis School District (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the District are described below.

Reporting entity – The Board of Education, comprised of seven elected individuals, is the primary governing authority for the District. As required by GAAP, these financial statements present the District and its component unit, Davis School District Foundation, a legally separate organization for which the District is considered to be financially accountable. Due to the relationship between the District and the Foundation, it would be misleading to exclude the financial information of the Foundation from this report. The Foundation exclusively services the District. The District makes all personnel decisions for the Foundation and pays for all operating costs of the Foundation. The Foundation is reported as a separate column in the District’s government-wide financial statements as a discretely presented component unit; the Foundation is reported as a governmental fund type. Separate financial statements for the Foundation may be obtained at the District’s administrative office.

Government-wide and fund financial statements – The *government-wide financial statements* (the statement of net position and the statement of changes in net position) display information about the primary government (the District) and its component unit. These statements include the financial activities of the overall government. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions occur only when the elimination of such activity would distort the expenses and revenues reported by function. These statements distinguish between the *governmental* and *business-type activities* of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District’s governmental activities. Direct expenses are those that are specifically associated with a function and, therefore, are clearly identifiable to a particular function. Depreciation expense for capital assets that can specifically be identified with a function are included in its direct expenses. Depreciation expense for “shared” capital assets (for example, a school building is used primarily for instruction, school administration, and operation and maintenance of facilities) are ratably included in the direct expenses of the appropriate functions. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Interest on general long-term liabilities is considered an indirect expense and is reported in the statement of activities as a separate line. Program revenues include 1) fees and charges paid by students and other recipients of goods or services offered by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Revenues that are not classified as program revenues, including property taxes, are presented as general revenues.

The *fund financial statements* provide information about the District’s funds. Separate statements for each fund category (governmental and proprietary) are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. The remaining governmental funds are reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party

DAVIS SCHOOL DISTRICT
Notes to Basic Financial Statements
Continued

receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities. Operating expenses result from transactions directly associated with the fund's principal services.

The District reports the following major governmental funds:

- The *General Fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The *Debt Service Fund* accounts for resources accumulated and payments made for principal and interest on general obligation school building bonds.
- The *Capital Projects Fund* accounts for resources accumulated and payments made for the acquisition and improvement of sites, construction and remodel of facilities, and procurement of equipment necessary for providing educational programs for all students within the District.

The District reports the *Pioneer Adult Rehabilitation Center Fund* which accounts for revenues and expenses related to fostering independence for people with disabilities as a major enterprise fund.

Additionally, the District reports the *District Warehouse Internal Service Fund* (a proprietary fund) which accounts for warehouse services provided to other funds of the District on a cost-reimbursement basis.

Measurement focus, basis of accounting, and financial statement presentation – The *government-wide* and *proprietary fund financial statements* are reported using the economic resources measurement focus and are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District receives value without directly giving equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within thirty days after year-end. Property taxes and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when the District receives cash. Expenditures generally are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, early retirement, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted resources available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

DAVIS SCHOOL DISTRICT
Notes to Basic Financial Statements
Continued

Budgetary Data – The District operates within the budget requirements for school districts as specified by state law and as interpreted by the Utah State Superintendent of Public Instruction. Budgets are presented on the modified accrual basis of accounting for all governmental funds. All annual appropriations lapse at fiscal year-end with the exception of those indicated as a fund balance commitment. The following procedures are used in establishing the budgetary data reflected in the financial statements.

- By June 1 of each year, the District business administrator prepares a proposed annual budget (for the fiscal year beginning July 1) for all applicable funds. The budget is presented to the Board of Education by the superintendent. This budget includes proposed expenditures and the means of financing them. Also included is a final budget for the current fiscal year ending June 30.
- Copies of the proposed budget are made available for public inspection and review by the District's patrons.
- If the District does not exceed the certified tax rate, a public hearing is held prior to June 22 at which the budget is legally adopted by resolution of the Board after obtaining taxpayer input. If the District exceeds the certified tax rate, the budget is adopted in August when additional data is available to set the rates.
- Once adopted, the budget can be amended by subsequent Board action. The Board upon recommendation of the superintendent can approve reductions in appropriations, but increases in appropriations by fund require a public hearing prior to amending the budget. In accordance with Utah state law, interim adjustments may be made by administrative transfer of money from one appropriation to another within any given fund.
- Certain interim adjustments in estimated revenue and expenditures during the year ended June 30, 2014, have been included in the final budget approved by the Board, as presented in the financial statements.
- Expenditures may not legally exceed budgeted appropriations at the fund level.

Deposits and investments – The cash balances of substantially all funds are pooled and invested by the District for the purpose of increasing earnings through investment activities and providing efficient management of temporary investments. Investments for the District, as well as for its component unit, are reported at fair value. Changes in the fair value of investments are recorded as investment earnings. Earnings on pooled funds are apportioned and paid or credited to the funds based on the average balance of each participating fund.

Cash and cash equivalents – The District considers cash and cash equivalents in proprietary funds to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition, including investments in the Utah Public Treasurers' Investment Fund (PTIF).

Receivables and payables – Activity between funds that are representative of lending/borrowing arrangements outstanding at year-end are referred to as either "due to/from other funds" (i.e., current portion of interfund loans). Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Inventories – Inventories are valued at cost or, if donated, at fair value when received, using the moving average method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Donated food commodities are reported as revenue when received. Inventories

DAVIS SCHOOL DISTRICT
Notes to Basic Financial Statements

Continued

reported in the governmental funds are equally offset by a nonspendable portion of fund balance, indicating that they are not expected to be converted to cash.

Prepaid items – Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when paid.

Capital assets – Capital assets, which include land, buildings and improvements, furniture and equipment, and transportation equipment are reported in the government-wide financial statements and proprietary fund financial statements. The District defines capital assets as assets with an initial, individual cost of more than \$5,000 for land, furniture and equipment, and transportation equipment and \$100,000 for buildings and improvements. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at estimated fair value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the lives of the assets are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during construction is not capitalized. Buildings and improvements, furniture and equipment, and transportation equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	40
Building improvements and portable classrooms	20
Kitchen equipment appliances	15
Maintenance and CTE equipment	15
School buses	10
Furniture and office equipment	10
Heavy trucks	7
Audio visual equipment	6
Light trucks	6
Copiers, printers, etc	5
Miscellaneous equipment and accessories	5
Passenger cars and vans	5
Computer equipment and software	3

Compensated absences – Under terms of association agreements, twelve-month or full-year employees earn vacation and sick leave in amounts varying with tenure and classification. Nine-month full-time employees earn sick leave and personal leave in amounts varying with tenure and classification. In the event of termination or death, an employee is reimbursed for the current value of accumulated vacation days to a maximum of 40 days, and is reimbursed for unused personal leave days at an appropriate substitute rate. Upon retirement, employees are compensated for accumulated sick leave at 21.5% of the current value. All vacation pay, personal leave pay, and an estimated potential amount for sick leave pay, are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. Compensated absences will be paid by the fund in which the employee worked (typically the *General Fund*).

Long-term obligations – In the government-wide financial statements, long-term debt and other long-term obligations are reported in the applicable statement of net assets. Bond premiums and discounts, as well as

DAVIS SCHOOL DISTRICT
Notes to Basic Financial Statements
Continued

refunding costs, are deferred and amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of unamortized bond premiums or discounts.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

Deferred outflows/inflows of resources – In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District only has one item that qualifies for reporting in this category. It is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has two items, one of which arises only under a modified accrual basis of accounting that qualify for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The item, *property taxes levied for future year*, is reported in both the statement of net position and the governmental funds balance sheet. These amounts account for property taxes levied on January 1, 2014 for the 2014-2015 school year.

Net position/fund balances – The residual of all other elements presented in a statement of net position is *net position* on the government-wide and proprietary fund financial statements and the residual of all other elements presented in a balance sheet on the governmental fund financial statements is *fund balance*.

Net position is divided into three components: net investment in capital assets (capital assets net of related debt less unspent bond proceeds), restricted, and unrestricted. Net position is reported as restricted when constraints are placed upon it by external parties or are imposed by constitutional provisions or enabling legislation.

The governmental fund financial statements present fund balances based on a hierarchy that shows, from highest to lowest, the level or form of constraints on fund balance resources and the extent to which the District is bound to honor them. The District first determines and reports non-spendable balances, then restricted, then committed, and so forth.

Fund balance classifications are summarized as follows:

- **Nonspendable** – This category includes fund balance amounts that cannot be spent because they are either a) not in spendable form or b) legally or contractually required to be maintained intact. Fund balance amounts related to prepaid expenses and inventories are classified as nonspendable.

DAVIS SCHOOL DISTRICT
Notes to Basic Financial Statements
Continued

- **Restricted** – This category includes net fund resources that are subject to external constraints that have been placed on the use of the resources either a) imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation. Restricted fund balance amounts include the unspent tax revenue for specific purposes (capital projects) and amounts in other governmental funds (school food services).
- **Committed** – This category includes amounts that can only be used for specific purposes established by formal action of the District’s highest level of decision-making authority. The Board of Education is the highest level of decision making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation. The Board of Education has resolved to commit fund balance amount in the governmental funds for the following purposes:
 - Workers compensation claims.
 - Employee benefit obligations for unpaid compensated absences including vacation, sick, and personal leave.
 - Amounts held in other governmental fund resources for schools.
 - As defined in Utah law as an “undistributed reserve,” the District maintains for economic stabilization up to five percent of general fund budgeted expenditures. Potential state budget cuts, disasters, immediate capital needs, and other significant events are circumstances or conditions that signal the need for stabilization. Additionally, the commitment is necessary to maintain liquidity (i.e., reducing any disparity between when financial resources are available to make payments and the maturity of related liabilities). Also defined by state law, the commitment is not to be used “in the negotiation or settlement of contract salaries for school district employees” and the use of this reserve requires a written resolution adopted by a majority vote of the Board of Education filed with the Utah State Board of Education and the Utah State Auditor.
- **Assigned** – This category includes amounts to be used by the District for specific purposes but do not meet the criteria to be classified as committed. The Board has authorized the business administrator to assign fund balances. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year’s appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment. The District has assigned *General Fund* resources for district programs and for schools as well as for future medical insurance costs.
- **Unassigned** – Residual balances in the *General Fund* are classified as unassigned.

Net position/fund balance flow assumption – Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report in each category of net position and fund balance, a flow assumption must be made about the order in which the resources are considered to be applied.

DAVIS SCHOOL DISTRICT
Notes to Basic Financial Statements
Continued

- Net position – It is the District’s policy to consider restricted net position to have been depleted before unrestricted net position.
- Fund balance – It is the District’s policy to consider restricted fund balance to have been depleted before using any components of unrestricted fund balance. Further, when components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

2. DEPOSITS AND INVESTMENTS

Deposits and investments are carried at fair value. A reconciliation of cash and investments at June 30, 2014, as shown on the financial statements is as follows:

Carrying amount of deposits			\$ 29,065,747
Carrying amount of investments			106,771,256
Total cash and investments			<u>\$ 135,837,003</u>
Governmental funds cash and investments			\$ 130,342,447
Enterprise funds cash and investments			4,400,607
Internal service funds cash and investments			944
Primary government			<u>134,743,998</u>
Component unit cash and investments			1,093,005
Total cash and investments			<u>\$ 135,837,003</u>

The District complies with the State Money Management Act (Utah Code Section 51, Chapter 7) (Act) and related Rules of the Money Management Council (Council) in handling its depository and investing transactions. District funds are deposited in qualified depositories as defined by the Act. The Act also authorizes the District to invest in the Utah Public Treasurers’ Investment Fund (PTIF), certificates of deposit, U.S. Treasury obligations, U.S. agency issues, high-grade commercial paper, banker’s acceptances, repurchase agreements, corporate bonds, money market mutual funds, and obligations of governmental entities within the state of Utah.

The Act and Council rules govern the financial reporting requirements of qualified depositories in which public funds may be deposited and prescribe the conditions under which the designation of a depository shall remain in effect. The District considers the actions of the Council to be necessary and sufficient for adequate protection of its uninsured bank deposits.

Rules of the Council allow the Davis School District Foundation to invest private grants, contributions, and endowments in any deposit or investment authorized by the Act and certain investment funds, equity securities, fixed-income securities, and investment strategies with institutions that meet certain restrictions.

DAVIS SCHOOL DISTRICT
Notes to Basic Financial Statements
Continued

Deposits – At June 30, 2014, the District and the Foundation have the following deposits with financial institutions:

	Carrying Amount	Bank Balance	Amount Insured
Davis School District	\$ 27,987,249	\$ 28,268,095	\$ 250,000
Davis School District Foundation, a component unit of the District	1,078,498	1,078,498	-
Total deposits	\$ 29,065,747	\$ 29,346,593	\$ 250,000

- Custodial credit risk – Custodial credit risk for deposits is the risk that, in the event of a bank failure, a government's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk. At June 30, 2014, the uninsured amount of the District's and Foundation's pooled bank deposits was uncollateralized.

Investments – The District's investments are with the PTIF, government agencies, and in corporate bonds. The Foundation invests private funds through a broker.

The PTIF is an external government investment pool managed by the Utah State Treasurer. The PTIF is authorized and makes investments in accordance with the Act. The Council provides regulatory oversight for the PTIF. Participant accounts with the PTIF are not insured or otherwise guaranteed by the state of Utah. Participants in the PTIF share proportionally in the income, costs, gains and losses from investment activities. The degree of risk of the PTIF depends upon the underlying portfolio, which primarily consists of money market securities including certificates of deposit and top-rated domestic commercial paper held by the Utah State Treasurer; the portfolio has a weighted average life of 90 days or less. The reported value of the pool is the same as the fair value of the pool shares.

At June 30, 2014, the District has \$102,446,948 invested in the Utah Public Treasurers' Investment Fund; the PTIF is not rated. The District has \$3,461,517 invested in government agencies rated AA+ and Aaa or higher by Standard & Poor's and Moody's Investors Service, Inc., respectively. The District also has \$848,284 invested in corporate bonds rated A- and Baa2 or higher by Standard & Poor's and Moody's Investors Service, Inc., respectively. The Davis School District Foundation has \$14,507 invested in mutual funds that are unrated.

DAVIS SCHOOL DISTRICT
Notes to Basic Financial Statements
Continued

The District and the Foundation have the following investments summarized by investment type and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)	
		Less Than 1	1-5
Davis School District:			
Utah Public Treasurers' Investment Fund (PTIF)	\$ 102,446,948	\$ 102,446,948	\$ -
Government agencies	3,461,517	-	3,461,517
Corporate bonds	848,284	-	848,284
Total District	106,756,749	102,446,948	4,309,801
Davis School District Foundation, a component unit of the District			
Mutual funds investing in:			
Taxable bonds	2,154	2,154	-
International stock	12,353	12,353	-
Total Foundation	14,507	14,507	-
Total investments	\$ 106,771,256	\$ 102,461,455	\$ 4,309,801

- **Interest Rate Risk** – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District manages its exposure to interest rate risk by complying with the Act, which requires that the remaining term to maturity of investments to not exceed the period of availability of the funds invested. Except for endowments, the Act further limits the remaining term to maturity on all investments in commercial paper and bankers' acceptances to 270 days or less and fixed-income securities to 365 days or less. In addition, variable-rate securities may not have a remaining term to final maturity exceeding two years. The Foundation can invest private funds in fixed-income securities with a dollar-weighted average maturity not to exceed ten years. The District has no investment policy that would further limit its interest rate risk.
- **Credit Risk** – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District's policy for reducing its exposure to credit risk is to comply with the Act and related rules. The Act and related rules limit investments in commercial paper to a first tier rating and investments in fixed-income and variable-rate securities to a rating of A or higher as rated by Moody's Investors Service or by Standard & Poor's. The District has no investment policy that would further limit its investment choices.
- **Concentration of Credit Risk** – Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The District's policy for managing this risk is to comply with the Act and related rules. The Act limits investments in commercial paper and or corporate obligations to 5% of the District's total portfolio with a single issuer. The District places no other limits on the amount it may invest in any one issuer. The Foundation can invest private funds in certain equity and fixed-income securities provided no more than 5% of all funds are invested in any one issuer and no more than 25% of all funds are invested in a particular industry. Also, for the Foundation's investments in private funds, no more than 75% may be invested in equity securities and no more than 5% in collateralized mortgage obligations.

DAVIS SCHOOL DISTRICT
Notes to Basic Financial Statements
Continued

- Custodial Credit Risk – Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The District’s policy for managing this risk is to comply with the Act and related rules. The District places no other limit on the amount of investments to be held by counterparties. The Act requires the Foundation’s public treasurer to have custody of all securities purchased or held or deposit these securities with a bank or trust company to be held in safekeeping by that custodian. The Foundation’s investments held in a brokerage account are covered by Securities Investor Protection Corporation up to \$500,000.

3. PROPERTY TAXES

The property tax revenue of the District is collected and distributed by the Davis County treasurer as an agent of the District. Utah statutes establish the process by which taxes are levied and collected. The county assessor is required to assess real property as of January 1 (the legal lien date) and complete the tax rolls by May 15. By July 21, the county auditor is to mail assessed value and tax notices to property owners. A taxpayer may then petition the County Board of Equalization between August 1 and August 15 for a revision of the assessed value. The county auditor makes approved changes in assessed value by November 1 and on this same date the county auditor is to deliver the completed assessment rolls to the county treasurer. Tax notices are mailed with a due date of November 30.

An annual uniform fee based on the value of motor vehicles is levied in lieu of an ad valorem tax on motor vehicles. This uniform fee was 1.5% of the fair market statewide value of the property, as established by the State Tax Commission. Legislation requires motor vehicles be subject to an “age-based” fee that is due each time a vehicle is registered. The revenues collected in each county from motor vehicle fees is distributed by the county to each taxing entity in which the property is located in the same proportion in which revenue collected from ad valorem real property tax is distributed. The District recognizes motor vehicle fees as property tax revenue when collected.

As of June 30, 2014, property taxes receivable by the District includes uncollected taxes assessed as of January 1, 2014 or earlier. It is expected that all assessed taxes (including delinquencies plus accrued interest and penalties) will be collected within a five-year period, after which time the county treasurer may force sale of property to collect the delinquent portion.

DAVIS SCHOOL DISTRICT
Notes to Basic Financial Statements

DAVIS SCHOOL DISTRICT
Notes to Basic Financial Statements
Continued

For the year ended June 30, 2014, depreciation expense was charged to functions of the District as follows:

Governmental activities:		
Instruction		\$ 17,515,197
Supporting services:		
Students		168,371
Instructional staff		100,294
District administration		35,059
School administration		943,709
Central		649,590
Operation and maintenance of facilities		1,519,486
Student transportation		1,300,989
School food services		244,088
Capital assets held by the District's internal service fund are charged to the various functions based on their usage of the assets		141,019
Total depreciation expense, governmental activities		<u>\$ 22,617,802</u>
Business-type activities:		
Pioneer Adult Rehabilitation Center		<u>\$ 119,901</u>

The District is obligated at June 30, 2014 under construction commitments as follows:

Project	Project Authorized	Costs to Date	Costs to Complete
Odyssey Elementary	\$ 18,229,123	\$ 16,180,780	\$ 2,048,343
Bountiful High School	11,573,292	10,144,258	1,429,034
Millcreek Junior High Addition	9,619,049	1,367,762	8,251,287
Central Davis Junior High renovation	4,363,900	4,363,900	-
Other projects	33,400	33,400	-
	<u>\$ 43,818,764</u>	<u>\$ 32,090,100</u>	<u>\$ 11,728,664</u>

The general obligation school building bonds will be used to finance the costs to complete these projects (See Note 7).

5. RETIREMENT PLANS

Defined benefit plans – The District contributes to the State and School Division cost-sharing multiple-employer defined benefit pension plans administered by the Utah Retirement Systems (URS) and Plans (the System).

The System provides refunds, retirement benefits, annual cost of living adjustments and death benefits to plan members and beneficiaries in accordance with retirement statutes.

The System is established and governed by the respective sections of Utah Code Title 49. The Utah State Retirement and Insurance Benefit Act in Title 49 provides for the administration of the System under the direction of the Utah State Retirement Board whose members are appointed by the Governor.

DAVIS SCHOOL DISTRICT
Notes to Basic Financial Statements
Continued

The System issues a publicly available financial report that includes financial statements and required supplementary information for the System. A copy of the report may be obtained by writing to the Utah Retirement Systems, 540 East 200 South, Salt Lake City, Utah 84102 or by calling 1-800-365-8772.

The contribution requirements of the System are authorized by state statute and specified by the Utah State Retirement Board. The District's required contribution rates (actuarially determined) to the System for the year ended June 30, 2014 range from 8.34% to 20.46% of covered salaries. Plan members in one of the plans are also required to contribute 1.00% of covered salaries.

For the years ended June 30, 2014, 2013, and 2012, the District contributed \$41,314,390, \$41,575,474, and \$37,339,805, respectively, and employees contributed \$19,019, \$21,467, and \$21,608, respectively, to the System. Contributions were equal to the required contributions for each year.

Defined contribution plans – The District participates in a deferred compensation plan, under Internal Revenue Code Section 401(k), to supplement retirement benefits accrued by participants in the System. During the year ended June 30, 2014, District contributions for participating employees ranged from 1.50% to 10.00% of covered salaries based on the plan within the System.

Employees participating in the System can make additional contributions up to specified limits. For the year ended June 30, 2014, the District contributed \$3,701,135 and employee contributions totaled \$3,108,910. The 401(k) plan funds are fully vested to the participants at the time of deposit. Contributions and earnings may be withdrawn by the employee upon termination or may be used as supplemental income upon retirement. Plan assets are administered and held by URS and URS has the authority to establish or amend contribution requirements and other plan provisions.

The District also offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all full-time employees, permits them to defer a portion of their salary until future years. Employees are eligible to voluntarily participate from the date of employment and are vested immediately upon participating. Employee contributions to the Section 457 plan totaled \$401,414 for the year ended June 30, 2014. The assets of the plan are administered and held by URS and URS has the authority to establish or amend contribution requirements and other plan provisions.

In addition to the defined contributions and deferred compensation plans, the District offers its employees two tax-advantaged savings plans authorized by the Internal Revenue Service Code Section 408. Employees are eligible to participate from the date of employment and are vested immediately upon participation. For the year ended June 30, 2014 employee contributions totaled \$192,994 and \$11,877 to the Roth IRA and Traditional IRA, respectively. The assets of the plan are administered and held by URS and URS has the authority to amend the plan.

Early retirement incentive – The District provides an early retirement incentive program. Eligibility is restricted to those employees with a minimum of ten years of service in the District, and who meet the eligibility requirements for and will be receiving Utah State Retirement System benefits. Eligible retirees will receive a contribution of 16% of their annual salary per year, for up to three consecutive years, into a qualified 401(a) and/or 403(b) plan, or until they become eligible to receive unreduced social security benefits, whichever occurs first. Employees who retire under the incentive program will continue to be enrolled in group medical and dental programs until they become eligible for Medicare, or for 10 consecutive years following retirement, whichever comes first. Enrollment is contingent upon the retiree contributing the same premium as required of active employees for the first 3 years and the full premium for the following 7 years. For the years ended June 30, 2014 and 2013 the District's direct payments to retirees were \$2,463,572 and \$2,695,516 and payments of insurance premiums on behalf of retirees were

DAVIS SCHOOL DISTRICT
Notes to Basic Financial Statements
Continued

\$1,121,922 and \$1,362,797, respectively. Future retirement payments of employees who have elected early retirement are recognized on an accrual basis as an expense in the government-wide financial statements in the year of retirement. This liability is paid from the fund from which the employee retires.

6. RISK MANAGEMENT

The District maintains insurance coverage for general, automobile, personal injury, errors and omissions, employee dishonesty, and malpractice liability up to \$10 million per occurrence through policies administered by the Utah State Risk Management Fund (Fund). The District also insures its buildings, including those under construction, and contents against all insurable risks of direct physical loss or damage with the Fund. Property physical damage is insured to replacement value with a \$1,000 deductible; automobile physical damage is insured to actual value with a \$350 deductible; other liability is limited to the lesser of \$10 million or the statutory limit. The Fund is a public entity risk pool operated by the State for the benefit of the State and local governments within the State. The District pays annual premiums to the Fund; the Fund obtains independent coverage for insured events, up to \$25 million per location. This is a pooled arrangement where the participants' pay experience rated annual premiums, which are designed to pay claims and build sufficient reserves so that the pool will be able to protect the participating entities with its own capital. The pool reinsures excess losses to preserve the capital base. Insurance coverage by major category of risk has remained relatively constant as compared to the prior fiscal year. Insurance settlements have not exceeded insurance coverage for the past three years.

Unemployment compensation is handled on a cost of benefits reimbursement basis with the State of Utah. The District is self-insured for worker's compensation claims up to \$250,000 per incident. The District is also self-insured for dental insurance. Employees can select from two dental plans in which the District is self-insured for claims up to \$1,000 and \$1,500 per employee, depending on the plan selected. Worker's compensation and dental claims are processed by a third party administrator. The District has not established a reserve for either claims outstanding or for claims incurred but not reported (IBNR) because management believes the amount to be immaterial to the financial statements. During the year ended June 30, 2014, the District paid worker's compensation claims and dental claims in the amount of \$697,625 and \$4,019,788, respectively. A co-insurance policy provides for individual worker's compensation claims in excess of \$250,000.

General obligation bonds – The District issues general obligation bonds to provide funds for the construction of new facilities, acquisition of property, renovation and improvement of facilities, and procurement of other equipment. General obligation bonds are direct obligations and pledge the full faith and credit of the District.

The annual requirements to amortize all general obligation bonds outstanding as of June 30, 2014, including interest payments, are listed as follows:

Year Ending June 30,	Principal	Interest	Total
2015	\$ 26,975,000	\$ 17,468,200	\$ 44,443,200
2016	27,995,000	16,279,342	44,274,342

	<u>\$ 407,635,000</u>

The general obligation bonded debt of the District is limited by state law to 4.0% of the fair market value of the total taxable property in Davis County. The legal debt limit at June 30, 2014 is \$1,045,864,652 with general obligation debt outstanding, net of issuance premiums, of \$419,864,750, resulting in a legal debt margin of \$613,770,152.

Payments on the general obligation bonds are made by the *Debt Service Fund* and *Capital Projects Fund* from property taxes and earnings on investments. The obligations under capital leases are paid by the *Capital Projects Fund*. Compensated absences, claims payable, and early retirement benefits will be paid by the fund in which the employee worked, including the *General Fund* and other governmental funds.

DAVIS SCHOOL DISTRICT
Notes to Basic Financial Statements
Continued

Bond issuance – On April 23, 2014, the District issued \$25,000,000 of general obligation school building bonds with a premium of \$468,930. The bonds were issued at an effective interest rate of 3.18% (annual rates range between 2.25% and 5.00%) and will mature on June 1, 2034.

Capital leases – The District has acquired equipment totaling \$3,605,599 under capital lease agreements over the past several years. Lease payments for the year ended June 30, 2014 totaled \$214,340.

Future minimum payments under capital lease obligations together with their present values as of June 30, 2014 are summarized as follows:

Year Ending June 30,		
2015	\$	97,271
2016		97,271
Total minimum lease payments		194,542
Amount representing interest		(12,282)
Present value of minimum lease payments	\$	182,260

8. INTERFUND BALANCES AND TRANSFERS

The composition of interfund balances as of June 30, 2014 is as follows:

Receivable Fund	Payable Fund	Amount
General	Debt Service	\$ 2,203,495
General	Internal Service - District Warehouse	3,813,709
		\$ 6,017,204

The amounts payable to the *General Fund* are related to working capital advances made to the *District Warehouse Internal Service Fund* and the *Debt Service Fund*.

During the year ended June 30, 2014, the District transferred \$1,500,000 from the *General Fund* to the *District Warehouse Internal Service Fund* to relieve a portion of the due from liability related to working capital advances.

9. LITIGATION AND LEGAL COMPLIANCE

There are lawsuits pending in which the District is involved. The District's legal counsel and insurance carriers estimate that the potential claims against the District, not covered by insurance, resulting from such litigation would not significantly affect the financial statements of the District.

All funds balances are positive at June 30, 2014.

10. GRANTS

The District receives significant financial assistance from federal and state governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the District's

DAVIS SCHOOL DISTRICT
Notes to Basic Financial Statements
Continued

independent auditors and other governmental auditors. Any disallowed claims resulting from such audits could become a liability of the *General Fund* or other applicable fund. Based on prior experience, District administration believes such disallowance, if any, would be insignificant.

Individual Fund Statements and Schedules

General Fund – The General Fund is used to account for all financial resources applicable to the general operations of the District which are not required to be accounted for in another fund. Utah law defines the General Fund as the Maintenance and Operations Fund.

Debt Service Fund – The Debt Service Fund is used to account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources. Financing is provided by an annual property tax levy for general obligation debt as authorized by Utah Code 11-14-19.

Capital Projects Fund – The Capital Projects Fund is used to account for the resources used in acquiring and improving sites, constructing and remodeling facilities, and procuring equipment for the education programs for all students within the District. Financing is provided by an annual property tax levy not to exceed .0024 and an additional levy to generate an amount not to exceed 10% of the cost of the basic program as authorized by Utah Code 53 A-16-107 and 53 A-17a-145. Also, state funds can be obtained by qualifying under guidelines established for districts determined to be in critical need for construction building aid.

School Food Services Fund – The School Food Services Fund is used to account for the food service activities of the District as required by state and federal law. Financing is provided by local sales along with substantial subsidies from the State of Utah and the U.S. Government to help ensure that students receive low cost, nutritionally balanced meals.

Student Activities Fund – The Student Activities Fund is used to account for revenues and expenditures from school-based operations. The revenues comprise of interest earnings, gate receipts, fundraisers, and student fees. Expenditures support curricular and extra-curricular activities.

State Multi-District Program Fund – The State Multi-District Program Fund is used to account for resources provided by the state for operation of state-wide or regional public education programs. As of June 30, 2014 the District closed the State Multi-District Program Fund.

Statistical

THIS PAGE INTENTIONALLY LEFT BLANK

STATISTICAL SECTION

This part of the Davis School District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends	82-85
These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.	
Revenue Capacity	86-89
These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.	
Debt Capacity	90-94
These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.	
Demographic and Economic Information	95-98
These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	
Operating Information	99-105
These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Note: Beginning in FY2011, School Food Services was reclassified as a governmental activity rather than a business-type activity. As a result of this change, the beginning fund balance was increased by \$2,717,390. Prior years have not been restated.

* Note: Beginning FY2008, the Student Activities Fund was reclassified from an agency fund to a special revenue fund. As a result of this change, the beginning net position balance was increased by \$6,892,772. Prior years have not been restated.

** Note: The beginning fund balances for FY2011 were restated for prior period adjustment in the General Fund and added the fund balance in School Food Services.

Total direct and overlapping debt (excluding the State) (5)					<u>\$ 439,202,666</u>

- (1) 2013 values are preliminary and subject to change. Taxable value used in this table excludes the taxable value used to determine uniform fees on tangible personal property.
- (2) The Weber Basin Water Conservancy District ("WBWCD") covers all of Morgan County, most of Davis County and Weber County, and portions of Box Elder and Summit Counties. Principal and interest on WBWCD general obligation bonds are paid from sales of water. WBWCD's outstanding general obligation bonds are limited ad valorem tax bonds. By law, WBWCD may levy a tax rate of up to .000200 to pay, first, for any outstanding general obligation indebtedness, then for operation and maintenance expenses, and then for any other lawful purpose.
- (3) All or portions of these governmental entities' outstanding general obligation debt are supported by user fee revenues from water or sewer. The District's portion of overlapping general obligation debt has been reduced to the extent that such general obligation debt is supported by "user fee revenues".
- (4) South Davis Recreation District members are Bountiful, Centerville, North Salt Lake, Woods Cross, and West Bountiful.
- (5) The State's general obligation debt is not included in overlapping debt because the State currently levies no property tax for payment of general obligation bonds.
- (6) Governmental activities debt is limited to general obligation debt for these entities; information on other debt is not available.
- (7) Percentage based on total shared area of land in respective geographical boundaries.

DAVIS SCHOOL DISTRICT

Average Daily Membership and October Enrollment Years Ended June 30, 2005 to 2014

<u>Year Ended June 30,</u>	<u>Average Daily Membership</u>	<u>Annual Increase</u>	<u>October 1st Enrollment</u>	<u>Annual Increase</u>
2014	63,959	347	68,571	229
2013	63,612	568	68,342	606
2012	63,044	1,339	67,736	1,717
2011	61,705	698	66,019	567
2010	61,007	288	65,452	438
2009	60,719	715	65,014	463
2008	60,004	1,366	64,551	1,719
2007	58,638	909	62,832	483
2006	57,729	1,700	62,349	1,735
2005	56,029	378	60,614	607

Average Daily Membership (ADM) equals total aggregate days of membership of all students divided by 180 days of school.

Enrollment is taken each October 1st for that school year, and is a headcount of all students, including all kindergarten students even though they are in membership for only half days.

DAVIS SCHOOL DISTRICT

Student Enrollment Projections Next Twenty Years

These projections are based upon the State of Utah's Economic and Demographic Projections, from the Governor's Office of Planning and Budget. Information pertaining to Davis County is extracted, then adjusted for local birth rates and "in" and "out" migration factors to arrive at the final estimate. In 2014, the local birth rate has been adjusted down by the State for the first time in twenty years.

DAVIS SCHOOL DISTRICT

American College Test (ACT) Results Years Ended June 30, 2005 to 2014

AVERAGE SCORES on a 36 point scale

Year	English	Math	Reading	Science Reasoning		Composite District	Composite State	Composite Nation
2014	20.3	21.2	21.6	21.1	**	21.2	20.8	21.0
2013	20.2	21.0	21.6	21.0	**	21.2	20.7	20.9
2012	20.4	20.9	21.6	21.0	**	21.1	20.7	21.1
2011	22.1	22.3	22.9	22.2		22.5	21.7	21.0
2010	22.3	22.2	23.2	22.3		22.7	21.8	21.0
2009	22.1	22.4	23.1	22.3		22.6	21.8	21.1
2008	22.1	22.2	23.0	22.2		22.5	21.8	21.1
2007	21.9	22.1	22.6	22.0		22.2	21.7	21.2
2006	21.8	21.9	22.9	22.1		22.3	21.7	21.1
2005	21.8	21.8	22.7	21.9		22.2	21.5	20.9

** - Beginning in 2012, Davis School District as well as 50% of other districts in Utah participated in a pilot program where all students took the ACT. In the past this test was optional and mostly taken by college bound students who were high performing.
