Overview

What is the StudentVUE portal?

To help students get the most out of school, you want day-to-day insight into the academic experience. With the Synergy StudentVUE web portal, students can access near real-time information on attendance, class schedules, report cards, course history, graduation status and more.

Is there a way to contact the teacher or Counselor if I have a question about what I see on the screen?

Easy access to communication tools throughout the various StudentVUE screens promotes the contact between home and school that is necessary for student success.

Is my school information available to anyone on the internet?

While the website is accessible over the Internet, access is secured via a user name and password. Only you and your parent(s)/guardians who have StudentVUE accounts can view your student information.
