

HEALTH/MEDICAL RECORDS

When applicable, District schools will comply with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) to maintain the privacy of protected health information that it receives, obtains, transmits or sends. The Board of Education designates the Superintendent of Schools as its HIPAA Privacy Officer.

Student education records, including personally identifiable health information, maintained by the District is subject to and protected by the Family Educational Rights and Privacy Act (FERPA). Both the United States Department of Health and Human Services and the United States Department of Education Family Policy Compliance Officer have stated that student records under FERPA are not subject to HIPAA. Therefore, District schools will comply with FERPA's confidentiality provisions rather than HIPAA's.

The District will seek Medicaid eligibility information to determine if services to a student may be billed. Bills will be processed electronically for Medicaid reimbursement for qualified services to eligible special education students. The District will comply with HIPAA's electronic transactions requirements. Procedures and safeguards will be developed to protect the privacy of health information and prevent wrongful user and disclosure. At a minimum, the policy and procedures for student records will comply with the Family Educational Rights and Privacy Act of 1974 (FERPA) with assurances that the District has obtained authorization from the parent or adult student prior to the release of protected health information for the purpose of Medicaid billing. Individuals involved in the Medicaid billing process for the District shall be trained on the privacy procedures. Discipline shall be imposed, up to and including discharge, for staff that wrongfully uses or discloses protected health information.
