

STUDENT RECORDS

Confidentiality

Educational records will be kept for each student and will reflect the physical, emotional, social and academic aspects of a student's development in the educational process.

The Board of Education recognizes the legal requirements to maintain the confidentiality of student records. The procedures for the confidentiality of student records shall be consistent with federal statutes, including the Family Educational Rights and Privacy Act of 1974 (FERPA) and its implementing regulations and the Connecticut General Statutes.

Safeguards shall be established by the school administration to protect the student and the student's family from invasion of privacy in the collection, maintenance and dissemination of information, and to provide accessibility to recorded information by those legally entitled thereto.

For the purposes of this policy:

Any information maintained for the purposes of review by a second party is considered a student record.

3. Not disclosing personally identifiable information from a student's education records without the prior written consent of the student's parent, except as otherwise permitted by administrative regulations; including at least a statement of whether the school will disclose personally identifiable information from the records to other school officials within the school who have been determined by the school to have legitimate educational interests, and, if so, a specification of the criteria for determining which parties are "school officials" and what the school considers to be a "legitimate educational interest"; and a specification of the personally identifiable information to be designated as directory information.
4. Maintaining the record of disclosures of personally identifiable information from a student's education records and permitting a parent to inspect that record.

SAMPLE NOTIFICATION OF RIGHTS UNDER FERPA

Regional School District No. 7
Winsted, Connecticut

Dear Parent or Student:

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the district receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The Principal/School Official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask school district to amend a record that they believe is inaccurate or misleading. They should write the school Principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel).

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Sample Notification of Rights Under FERPA (continued)

Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. (Note: FERPA requires a school district to make a reasonable attempt to notify the student of the records request unless it states in its annual notification that it intends to forward records on request.)

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue
SW Washington DC 202024605

5. The district has determined that the following information regarding the district's students is not harmful or an invasion of privacy, and therefore will release this information without first obtaining parental consent. If a parent, guardian, person acting as a student's parent in the absence of a parent or guardian, or the student (if 18 or older), does not want the district to release the information listed below, they must notify the district in writing within the (10) days of receiving this notice of the information they do not want released.

The following information may be released without obtaining parental consent:

Student's name, parent's name, address, telephone number, electronic mail address, date and place of birth, grade level, major field of study, enrollment status (full-time or part-time), participation in officially recognized activities and sports including audiovisual or photographic records of the openly visible, activities thereof (e.g. artistic performances, sporting contests, assemblies, service projects, awards, ceremonies, etc.), weight and height of members of athletic teams, dates of attendance, degrees, honors and awards received, most recent previous school attended and photographs of regular school activities that do not disclose specific academic information about the child and/or would not be considered harmful or an invasion of privacy.

6. Pursuant to federal law, military recruiters and institutions of higher learning may request and receive the names, addresses and telephone numbers of all high school students unless their parents or guardians notify the school not to release this information. Please notify the district in writing if you do not want this information released.
7. Pursuant to a court issued "ex parte" order, personally identifiable information in the student's records may be released to the Attorney General of the United States or his/her designee in response an "ex parte" order issued in connection with the investigation or persecution of terrorism crimes.
