

Incorporating Technology into the Classroom

"We are currently preparing students for jobs that don't yet exist...using technologies that haven't yet been invented...in order to solve problems we don't even know are problems yet."

--Richard Riley

Some changes that have taken place in the classroom the past ten years are...

What I want to remember about incorporating technology into the classroom...

Some changes that have taken place in the workforce the past ten years are...

Some changes in the use of technology the past ten years are...

Technology tools I currently use in my classroom to help prepare students for the future are...

Technology tools I would like to learn to use and incorporate into my classroom are...
