Locker Agreement and Partner Form

You have the opportunity to choose locker partners at the beginning of the year. Your partner needs to be of the same gender (boy/girl) and same grade. You need to talk with a friend about becoming locker partners, and once you and another student agree to be partners, you must both request each other on this form. Don't worry if you cannot find a partner. There will be others needing a partner, to whom you will be assigned. **Changing partners or moving into another person's locker always requires administrative approval.**
