

# Community Council Meeting

Odyssey Elementary 4/11/17

Meeting Start Time 8:05

Attending: Ali Jones, Julie Peters, Shauna Smith, Nicole Mann, Lisa Northcutt

Went over Community Council minutes, need to be sent to Leslie at the district to be on web page. Minutes will be sent to her.

Spent the rest of the meeting going over our specific goals for the School Improvement Plan. Goal one will focus on literacy by reading. We hope to measure by looking at scores and hoping for a 3% increase. Will use Dibels for K-2 measuring and SAGE proficiency for 3-6 grade. Will also use Americorp to help with completion of goal. Money from Land Trust used on this goal will be for Fluency Tutors and Americorp.

The next goal will be focusing on STEM with the implementation of ST Math. The goal is to see a 2% to 3% increase in proficiency. We will measure that by looking at SAGE scores. We will be giving 14 hours of math TAs to help teachers, as well as help with the remaining funding for the ST Math, which would around \$10,000.

The next goal is in the district goal area of "Ready for Success at the next level." This will incorporate team recess. The structure of team recess and its inclusive nature has been amazing for the students. We will have Logan help us word this, so that it can be paid for via Land Trust funds.

The next goal is to incorporate DCT Davis Collaborative Teams. This will be for teacher collaboration. No Land Trust funds are needed for this goal. More information will be provided in the School Improvement Plan, which will be put together on 4/17.

Meeting adjourned 8:50.
