

October 10, 2017

Minutes:

1. Present: Lisa Fausett, Kim Hammer, Virginia Allred, Eric Jones, Julie Peters, Krista Hamilton
2. Homework answer: 55%, everyone is comfortable looking at testing scores.
3. Current year plan, Julie covered how it is progressing.

Goal #1, increase boy to moy dibels for grades 3-6 by 30% by more TA (teacher assistants) and Americorp \$37K. Current year BOY dibels are up from prior year BOY. Teachers seem pleased with additional TA's.

Goal #2, increase SAGE math proficiency by 2-3%, TAs and ST math \$14K. Some ST math issues were discusses such as log in problems, teacher/parent communications and appropriate math level access. Julie said by the end of October, ST math should be fully functional. Next year, approximately \$5000 will fund the ST math program if no grants are obtained.

Goal #3, minimize safe school violations to maximum of 2% of students, \$5k for teacher training. Mindful thinking seems to be working. Lower violations are already being observed.

Goal #4, Increase 2.15 to 2.5 of evaluation score?, 1.5K,

Julie talked about blended learning, where kids can go at their own pace/level independent of the class by using technology.

Julie will discuss with Americorp employee about trying to get more volunteers for the program so we can fully utilize it.

Julie will designate a couple of dates/times where we can go observe the TA's working with kids.

4. Next meeting, November 14th. We will decide on 2-3 areas where we think we think we can improve.
