Dianna Barton welcomed the Council. Lance Thaxton read the minutes from the November 1, 2017 meeting. Shanna Barker motioned that the minutes as amended be approved. Kim Humpherys seconded the motion, and the minutes as amended were approved.

Mr. Wilkey reviewed the main expenditures: 1) Chemistry Tutoring under Academic Student, 2) Secondary III Online under Quality Teaching, and 3) Math Guided Notebooks under Student Achievement. Mr. Wilkey suggested that the Council might consider using any carryover from this year's Trust Land funds to fund laptop labs next year.

The student body officers reported that they are focusing on the school Sub for Santa. They held a kickoff assembly last week. The ceramic bowls fundraiser was a success. They are well on their way to reaching the \$20,000 goal. Upcoming events include the Performing Arts Spectacular, and the Dash for Cash.

As Officer Wilco was unable to attend the meeting, Mr. Chappel reported on school and community information. Kaysville PD is fully staffed at 27 officers. There has been some good outreach at the elementary schools by SafeUtah kids.

The Council received a broad overview of DHS basic profile data with focus on SAGE growth results. There was also an introductory review of DHS evaluation data, i.e., ACT and AP data.

There was a brief discussion of approval of the new school boundaries.

The following School Improvement Plan focus group reported:
PROFESSIONAL DEVELOPMENT (Tyson Smith, Gregg Laub and Brad Chapple)
ACT Prep and continued teacher development courses/methods were discussed. Additional information and continued discussion will be placed on next month's agenda.

Gregg Laub motioned for the meeting be adjourned. Tyson Smith seconded the motion, and the meeting was adjourned.
