

LODI UNIFIED SCHOOL DISTRICT

Rule 3460

Business and Non-Instructional Operations

Financial Reports and Accountability

Interim Reports

Each interim fiscal report developed pursuant to Education Code 42130 shall include an assessment of the district budget as revised to reflect current information regarding the adopted state budget, district property tax revenues, if any, and ending balances for the preceding fiscal year.

The interim reports shall be based on the State Board of Education (SBE) criteria and standards which address fund and cash balances, reserves, deficit spending, estimation of average daily attendance (ADA), projected enrollment, ratio of ADA to enrollment, projected local control funding formula (LCFF) revenue, salaries and benefits, other revenues and expenditures, and facilities maintenance. For purposes of assessing projections of LCFF revenue, the first interim report shall be compared to the adopted district budget, and the second interim report shall be compared to the projection in the first interim report.

The report shall also provide supplemental information regarding contingent liabilities, use of one-time revenues for ongoing expenditures, contingent revenues, contributions (i.e., projected contributions from unrestricted general fund resources to restricted general fund resources, projected transfers to or from the general fund to cover operating deficits in the general fund or any other fund, and capital project cost overruns that may impact the general fund budget), long-term commitments, unfunded liabilities, temporary interfund borrowings, the status of labor agreements, and the status of other funds.

Audit Report

The Superintendent or designee shall establish a timetable for the completion and review of the audit within the deadlines established by law.

The Superintendent or designee shall provide the necessary financial records and cooperate with the auditor selected by the Board of Education to ensure that the audit report contains all information required by law and the Governmental Accounting Standards Board (GASB).

The audit shall include an audit of income and expenditures by source of funds for all funds of the district, including the student body and cafeteria funds and accounts, state and federal grant funds, and any other funds under the control or jurisdiction of the district, as well as an audit of student attendance procedures. The audit shall also include a determination of whether LCFF funds were expended in accordance with the district's local control and accountability plan or an approved annual update of the plan.

If an audit finding results in the district being required to repay an apportionment or pay a penalty, the district may appeal the finding to the Education Audit Appeals Panel by making an informal, summary appeal within 30 days of receiving the final audit report or initiating a formal appeal within 60 days of receiving the report.

While a public accounting firm is performing the audit of the district, it shall not provide any nonauditing, management, or other consulting services for the district except as provided in Government Auditing Standards, Amendment #3, published by the U.S. Government Accountability Office.

Negative Balance Report

Whenever the district reports a negative unrestricted fund balance or a negative cash balance in its annual budget or annual audit report, it shall include in the budget a statement that identifies the reasons for the negative unrestricted fund balance or negative cash balance and the steps that have been taken to ensure that the negative balance will not occur at the end of the current fiscal year.

Non-Voter-Approved Debt Report

Upon approval by the Board to proceed with the issuance of revenue bonds or any agreement for financing school construction, pursuant to Education Code 17170-17199.5, the Superintendent or designee shall notify the County Superintendent of Schools and the county auditor. The Superintendent or designee shall provide the Board, the county auditor, the County Superintendent of Schools and the public with related repayment schedules and evidence of the district's ability to repay the obligation.

When the Board is considering the issuance of certificates of participation and other debt instruments that are secured by real property and do not require the approval of the voters of the district, the Superintendent or designee shall provide notice to the County Superintendent and county auditor no later than 30 days before the Board's approval to proceed with issuance. The Superintendent or designee shall provide the Board, the county auditor, the County Superintendent, and the public with information necessary to assess the anticipated effect of the debt issuance, including related repayment schedules, evidence of the district's ability to repay the obligation, and the issuance costs.

Other Postemployment Benefits Report

In accordance with GASB Statement 75, the district's financial statements shall report the expense of nonpension other postemployment benefits (OPEBs) on an accrual basis over retirees' active working lifetime, as determined by a qualified actuary procured by the Superintendent or designee. To the extent that these OPEBs are not prefunded, the district shall report a liability on its financial statements.

The district's financial obligation for OPEBs shall be reevaluated every two years in accordance with GASB 75.
