A couple things VJ would like us to come up with: (through no fault of booster, but how can we ...):

- Have a more consistent Athlete of the Month program

- Memberships of Booster – we need to come with a strategy of how to get all athletes' families to join.

**Grant requests:**

Coach Rosner/Coach Asli for boys and girls teams are asking for a laptop that they can keep track of swimming and diving times throughout their season. They were asking for \$300 and Rebecca Chesson brought up a good point that they should hold off and research a better computer that will work well with the software that is needed to keep proper times for the swimmers. So the coaches will do more research and get back to booster with their findings.

**Sports Banners Project:**

Dawn Fanara and Rebecca Chesson brought sports banners to the meeting that they both had worked on (they are both photographers) with the idea that all sports teams could get a cool team photo taken and have it put on a banner and then hang it up either near the field for lets say football on game days or volleyball/basketball in the gym again on game days. They also talked about individual posters of all senior athletes etc. Teams might be able to use this as a fundraiser, VJ didn't think that most families would be able to afford it and he also wasn't sure if we would be allowed to hang them.

Dawn and Rebecca said they would come back with pricing and information to give to Judy before she meets with the Coaches in August.

Meeting was adjourned @ 7:58 p.m.
