Actual Spent: \$23,726.00

**Box Tops:** Mrs. Spackman is running a reminder in the weekly newsletters. Danielle is working on getting a meeting arranged with the parents who will help cut, count and submit them.

**Huntsman Awards:**

This is a nominating forum to recognize teachers, administrators, volunteers and a special education teacher for recognition of excellence in their field.

Nominations are due by March 17<sup>th</sup>.

Liz will write up some nominations and get CC help in supporting documents and signatures.

**SIP Review and Current Plan:**

Legislation requires that CC writes the SIP and then it goes through a district review and completion. Then CC can sign off on the final plan before submitted.

Dr. Villar gave us several forms that the district has created to help Community Councils write the SIP goals for this next year. We should look at the old plan and then review the areas we'd like to see improvement in and write the new goals off of those. At our next meeting in March we will set the goals based on CC recommendations and the way we want

to divide the Land Trust money. Then Dr. Villar, a teacher and a CC member will go to the district meeting at Davis High on April 17<sup>th</sup> to finalize the SIP.

**Other Topics:**

Signs for the new parking lot have been requested as well as a cross walk so it's safer for the students to cross.

SEP Schedule concerns: Discussion on the current early out all week model vs other options that may work better for our school/demographics. A survey could be sent out to teachers and parents to see where the priority and interest is. A proposal would have to be written, submitted to the district for approval and work with the contract hours/requirements of the teachers.

**Future Agenda Items:**
