Things to keep in mind when ordering:

Khaki shirts tend to run a bit narrow.

\*They are short sleeved so the sleeve measurement does not apply.

Drill blue shirts need to be able to be buttoned at the top button and still have room to fit two fingers between the shirt and the neck.

White Dress Shirts run true to size, and are generous in the neck.

**Pants:**

Khaki pants range from youth 7 to adult 42. Below are the size charts to Youth and Husky pants as well as the adult size offerings. Husky is a great option for the boy who needs a certain waist measurement but doesn't necessarily need the length that comes with it.
