

HEALTH INFORMATION FROM NURSING SERVICES DAVIS SCHOOL DISTRICT 2014-2015

PLEASE INFORM THE SCHOOL OF STUDENT HEALTH CARE CONCERNS BY COMPLETING THE “HEALTH PROBLEM” SPACE ON THE REGISTRATION/DEMOGRAPHIC CARD. WRITE “NONE” IF THERE ARE NO HEALTH CONCERNS.

All Medical information should be communicated to the school by filling in the “Physical Status of Student” portion of the card. Behavioral and mental health needs should also be listed on the card and discussed with an administrator or teacher. These concerns will be addressed as needed by professionals other than nurses.

Vision screenings may be conducted any time during the school year throughout the district for some students in any grade level. Various methods such as eye charts and refraction cameras may be used. If you do not want your student to participate in screenings please notify the school in writing. Forms are available on the DSD Website.*

Medication policies at school. Responsible students may keep one day’s dosage of most medications with them. Completion of paper work is required for all other medications. Guardians are responsible to know and follow all guidelines for medications as outlined on the DSD Website “Nurses” page under “Parent Resources.”*

Scoliosis screenings are conducted in **7th and 8th grade** P.E. classes any time during the school year. The screening process identifies students who may have a spinal curve. If you do not want your student to participate please notify the school in writing. Forms are available on the DSD Website.*

If your student has health problems requiring assistance he or she may need an Individualized Health Care Plan

- A school nurse and guardian will work together to form a plan of care that will be in place for a 12-month period.
- Please ensure your student’s health needs are taken care of until the guardian, teacher and nurse sign an IHCP.
- You may view your student’s plan by using your my.DSD login.

*Visit **www.davis.k12.ut.us** and choose **Program** then **Nurses** for further information, protocol and contact information for the school nurse.
