

Race Ethnicity Form

We have been asked by the federal government to change the way we collect race and ethnicity data. They have asked us to collect this data in a three-part question format. The first part of the question pertains to ethnicity and asks whether or not an individual is Hispanic/Latino. The definition used for Hispanic/Latino is "a person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race." The second part of the question asks an individual to select one or more races from the following five racial groups: American Indian or Alaska Native, Asian, Black or African American, Native Hawaiian or Other Pacific Islander, and White.
