Each driver must have liability insurance coverage. In the event of a liability claim the driver's insurance will pay first. After the personal insurance is exhausted the District may agree to consider providing supplemental restoration for liability coverage from available resources depending on the specific facts and circumstances of an accident. No property damage will be covered by the District. The driver may file claims with the District Risk Management Department.

Section Two of this form must be completed by a school administrator prior to transporting any District students.
