STUDENT LIFE

At St. Anne's-Belfield School we believe that learning can and does occur from the moment our students step foot on our campus.

From the relationships developed in our **Advisory** system to the opportunity to participate in **Chapel**, upholding the **Honor Code** to engaging in **community service** and **clubs**, there is a lesson in everything we do.

Our **Dining Services** team, **Counseling Office**, and even our **uniform dress code** work together to promote the personal health, wellness, and safety of our students. They are able to work, play, learn, and grow in an environment that is structured yet flexible, warm yet challenging, intimate yet broad.

The whole student experience at St. Anne's-Belfield School is as important to our faculty and staff as classroom learning, and requires consistent attention and encouragement from all members of our community. The energy generated and sustained by students and teachers creates relationships that are at the very center of a School education, and have a lasting impact on all of our alumni.

The phrase "seeing is believing" applies to St. Anne's-Belfield School, where each division bubbles with life, enthusiasm, encouragement, and support. To learn more about the student experience or to visit campus and enjoy it yourself, please contact our **Office of Admission**.
