We will receive more than \$100,000 in trust land funds for next year. We discussed our goals for next year including to increase our SAGE scores for 7th and 8th grade by at least 2% and average 5% more than the district average for the Aspire test for the 9th grade. We will do this by using SRC, DCT have a math aid, literacy coordinator, testing lab manager, additional English aide and a mobile lab.

We want to reduce credit deficient student to 3% by using SRC, new software, etc.

We will continue to use DCT's to also review tests and see which teaching methods are most effective.

There was a unanimous vote to approve the School Improvement Plan.

We had a career fair which was very successful. The Counseling department also presented a Career & College Class which was also helpful.

This week is Hope Week to prevent suicide and educate about suicide prevention.

There will be a GPA party May 11th for those who increased their GPA by more than .5.

The counseling department is finishing up their study skills group which has gone well.

The PTA is in need of help for the Teacher Dinner, Red Ribbon Week, White Ribbon Weed, Reflections, Pi Day, Secretary, Treasurer, and Membership for next year.
