

Community Council Minutes
January 24, 2017

In attendance: Val Johnson, Heidi Robb, Rebekah Richards, Paulynn Hacking, Joetta Hammond, Jessica Moon, Susan Andres, Dennis Ray, Shalice Larsen, Amy Hansen, Michelle Beattie, Marci Hartvigsen, Tammy Thomas, Tiffany Knowles.

Mr. Ray discussed the lockout and lockdown plan and said it will be posted on the website soon. We learned what the difference with each is. The office becomes the headquarters. In either case, each kid and faculty will be accounted for. The Church on 200 W. (across the street) is our evacuation location.

Mr. Ray is our part time assistant principal.

Heidi told us about PTA day at the capital. They are fighting for trustland money as well as other issues. It is February 22nd and all are invited to attend. Utahpta.org has information about other bills coming up.

She also told us we still need a PTA President for next year. Heidi is trying to fill a Gala basket to donate. The proceeds go to the education of students. Please donate anything you can. Mr. Stephens may send an email out to parents asking for donations.

Mr. Lether said that 2nd semester is pretty settled with new district resources that changed things a bit. Next month, 8th Grade CCR meetings will be in the media center to talk about course requests, college preparation, etc.

Mrs. Ainscough said that next year 8th graders will have a required class of Digital Literacy which will be taught by Mrs. Pate all day. Computer Tech will not be offered. Biology will be offered next year but only for 2 classes. German will possibly be offered if there is enough interest. Chinese will likely not be offered due to demand. She emphasized that class requests need to be accurate so they can accurately staff classes and teachers.

One of the computer labs will likely be a classroom and we may need a mobile computer lab to replace it.

They will be visiting elementary schools in March.

Following Saturday, SRC groups will be held for remediation, anxiety and stress management, etc.
